## ITALY PREPARED TO FACE LEAGUE

### World Waits For Britain's Pronouncement Today

#### Il Duce Outlines De- mand—Insists on Com- plete Control of Hinter- land—Full Political Control.

GENEVA, Switzerland, July 11—Italian leaders said last night that Italy would concede the calling of a special meeting of the League of Nations Council, to consider the Abyssinian war problem, on July 25, provided Maxim Litvinov, as president of the Council, issues the call for that date.

The meeting would be held, the Italians said, under the terms of the Council's resolution of May 25, which called for the appointment of a board of conciliation, to report to the Council before July 25.

Under the terms of the resolution, if the board of conciliation were unable to arrive at a satisfactory solution, the matter would go to arbitration by a commission appointed by the League Council.

The Italian delegation frankly admitted that the note would compel Litvinov to consult other members of the Council regarding summoning the general meeting in accordance with the May resolution.

EMPEROR MAKES LAST ATTEMPT  
ADDIS ABABA, July 11—In a last desperate attempt to settle Ethiopia's dispute with Italy by peaceful means, Emperor Haile Selassie I yesterday appealed to the League of Nations under its covenant, demanding an immediate meeting of the League Council to render an ultimate decision.

The Emperor cabled to Geneva in an official note, within less than 24 hours after the Italo-Ethiopian arbitration commission had abandoned its efforts to reach a ruling on the conflict at Scheveningen, Netherlands.

A spokesman for the Emperor said last night that Ethiopia had felt sure the arbitration meeting would collapse but had waited until the last moment to make its final appeal to the League. Italy's refusal to discuss the question of sovereignty over Ual-ul was seen here as admission that Rome had no juridical claim to possession of the territory where the now historic "incident" occurred.

#### COMPLETE CONTROL IS DE- MANDED

LONDON, England, July 11—Control by Italy of the hinterland of Ethiopia, and fixing of an Italian political and trade zone of influence, alone will satisfy the home Government and avoid the threat of war. This was the revelation which Dino Grandi, Italian Ambassador to the Court of St. James, made to the British Government.

Ambassador Grandi has been in close touch with the Foreign Office and it was believed that he made clear all the points on which Italy would welcome a peaceful settlement of the dispute with Emperor Haile Selassie.

He conferred also with Joseph A. C. Avenol, secretary-general of the League of Nations, and emphasized

### A SCION OF WEALTH LABORS

SALT LAKE CITY, July 11—So he "can learn the business from the ground up" wealthy M. Robert Guggenheim, Jr., 24, is employed here in the local ore purchasing department of a smelting and refining company founded by his grandfather the late Daniel Guggenheim.

### Citizens Get Busy

If the York and Sunbury Historical Society, which has done good work during the past three or four years, is to continue to function it must have room. At present the quarters are too cramped to permit of anything like a proper display of the thousands of articles which have been gathered in by the Society.

The objects of the Society, which was founded a few years ago by public spirited citizens, is to gather in and to preserve articles and documents of historic value, especially so far as pertains to these two counties. Many of these were gathered in and catalogued. The Dominion Government through the efforts of Hon. R. B. Hanson, K.C., M.P., provided the Society with rooms in the Post Office building. Later one of these rooms was required by the Public Works Department. The effect of this was to cramp the quarters of the Historical Society so that now the different specimens are crowded so that proper arrangements cannot be made. This museum is of great benefit not only to the citizens of Fredericton and to tourists but to University and Normal School students from all over the province who come here annually and visit the museum at different times. The time has now come when the Society will be compelled to have larger quarters if it is to continue to function.

A month or two ago Rev. Dr. F. A. Wightman, who has been a live wire in connection with the Society ever since its foundation, made a proposition that the Society secure from the Dominion Government the site at the old Officers' Square immediately adjoining the old stone barracks—the one formerly occupied by a wooden building and used by the commanding officers of the old regiments. On this site it was proposed to erect a combined museum and public library for the benefit of the citizens of Fredericton as well as for residents of York and Sunbury counties. A scheme of financing the proposition with the assistance of the Carnegie fund is being considered.

This proposition, which would not in the least cut in to anything which the Canadian Legion has under a nominal lease from the Dominion Government should meet with the hearty support of everyone. The location is a central one—it is an historical one—and it is a logical one. The Legion has the whole stone building and the adjoining park and it would appear that this would certainly satisfy the boys, who are keeping it in good shape. They deserve credit for the way that they are looking after the grounds. The proposed library and museum so far from detracting from the site would be an advantage to it. It would cover up the raw edge of the old stone barracks and would be an added attraction to the barracks and park. It would also be there for the use of the Legion members as well as others—both the library and the museum.

There is absolutely no reason why the citizens of Fredericton and vicinity should not receive either a grant or a nominal lease for a long term of years for this site for a library and a museum and it is to be hoped that those who are promoting the PROJECT WILL GET BUSY AT ONCE AND GET THIS SITE. NOW IS THE TIME TO DO IT. GET HON. DR. HANSON INTERESTED AND IF WE GET THE SITE THE PROMOTERS WILL GET THE BUILDING.

We would like to see President W. W. Hubbard, His Worship Mayor Clark, Rev. Dr. Wightman and other leading citizens act AT ONCE!

We want a city library.  
We want the museum continued.  
We can get the building for practically nothing if we have the site.

We have this site—it belongs to the people.  
The site is of no use to any one now.  
Do you want it? If so, get it!

### AUDREY McLEOD N.B. LADY GOLF CHAMPION

CAMPBELLTON, July 10—Carding an 82 gross over the links of the Restigouche Golf and Country Club, near here today, Miss Audrey McLeod, ace lady golfer of the Riverside Golf and Country Club, Riverside, N. B., regained the crown she had held before as the New Brunswick ladies' golf champion was brought to a close. The champion's total score for the two-day tourney was 16. She posted an 84 in yesterday's play. Mrs. N. R. DesBrisay of the Bathurst golf club

### COST \$21,000 TO MOVE STRIKERS FROM SASK.

REGINA, July 11—Tickets on two special trains given 1,500 relief-camp strikers who left here last week will cost Saskatchewan \$21,000 government figures showed yesterday. The sum is evenly divided between the Canadian Pacific and Canadian National Railways. In addition, a large sum was spent for food and other equipment.

### NEW SENATORS ARE BEING CHOSEN

Several of 17 Vacancies  
Likely To Be Filled By  
End of the Week

OTTAWA, July 11—Progress has been made at this week's daily cabinet council meeting in the selection of those who will occupy the numerous positions which the government has to fill before dissolution. It is anticipated that several of the 17 Senate vacancies will have been filled at the end of this week, as well as some of the department vacancies.

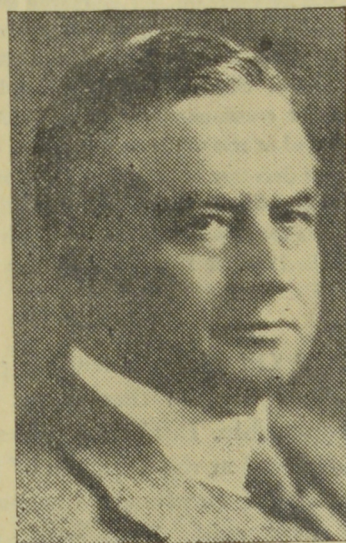

There are numerous candidates in every province in which Senate vacancies exist but it is understood members and ex-members of the House of Commons who have had long and faithful service, will be given the preference. Quite a few of those who will not re-offer for the lower chamber are expected to return as senators in the next Parliament.

High salaried appointments available include the chairmanship of the Board of Railway Commissioners, vacant for more than a year, a vacancy on the bench of the supreme court of Canada, Dominion archivist, all drawing \$12,000 yearly; chairman and two members of the new Canadian Wheat Board, chairman and two members of the Unemployment and Social Insurance Commission, public prosecutor under the Dominion Trade and Industry Commission, all in the higher salary brackets.

The Economic Council of Canada will require appointment of 15 members who will be paid only necessary expenses when actually serving the government, and the chairman has already been fixed by statute—head of the Dominion Bureau of Statistics—the position now held by Dr. R. H. Coats.

Deputy ministers are required for the department of marine, the post office department and department of the interior, carrying salaries of \$8,000 to \$10,000.

### SAYS FAREWELL

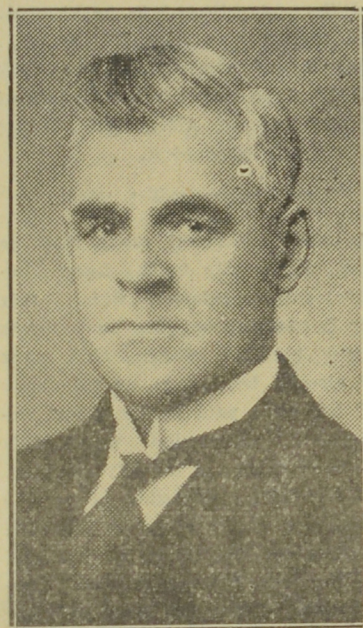

HON. L. P. D. TILLEY  
Retiring Premier, said Farewell to His Official Staff at the Departmental Buildings Yesterday.

Hon. L. P. D. Tilley, premier and minister of lands and mines, in the dedicated conservative government, called all the employees of his department together yesterday afternoon and bade them farewell. Premier Tilley along with his government will resign office tomorrow. In the course of his remarks the premier thanked his employees for their efficient service under his government and expressed the hope that they would continue to serve the incoming government as well.

Hon. D. A. Stewart, minister of Public Works in the Tilley Government also addressed a brief farewell meeting with the employees of his department. Besides Mr. Stewart several of the employees spoke briefly.

### Premier Tilley Resigns Tomorrow

#### HE STEPS IN

HON. A. ALLISON DYART  
Who Steps In When Hon. L. P. D. Tilley, Premier, Steps Out.

### CHILD STRUCK BY AUTO NEAR WOODSTOCK

(Special to The Daily Mail)

WOODSTOCK, July 11—Maxwell Delong, the five-year-old son of Mrs. Harvey Delong of Waterville Corner, was struck by a car bearing Alberta license plates at that place shortly after nine o'clock last night. The child was rendered unconscious and was removed at once to the hospital here. The child's inert body was dragged about twenty yards before the car was brought to a stop. The accident occurred in front of Dewar's store, where the child was playing.

It was reported from the hospital this morning that the child had regained consciousness during the night and was resting easier here this afternoon. Some hope is held out for his recovery. Police are investigating the accident.

### BALDWIN DEFENDS HIS NEW MINISTRY

LONDON, England, July 11—The tense situation in foreign affairs was cited by Prime Minister Stanley Baldwin in the House of Commons yesterday as adequate reason for creation of the new cabinet post of minister of League of Nations affairs for Anthony Eden.

The prime minister stoutly defended the ministry against bitter charges levelled by George Lansbury, leader of the Labor opposition, who made personal attacks against a number of minister as well as the prime minister himself.

### DIET APPROVES PROPERTY RETURN

VIENNA, Austria, July 11—The Federal Diet yesterday unanimously passed the bill revoking punishments against the former ruling family and restoring to the Hapsburgs their confiscated property.

As soon as President Miklas signs the measure, it becomes law. By it, the Archduke Otto regains his ancestral properties.

### Procedure Takes Place At Saint John Tomorrow, With the Premier Awaiting On Lieut.- Governor—Hon. A. A. Dysart Takes Office on Monday on 147th Anni- versary of Opening of First Legislative As- sembly Here.

Speaking over the telephone from Saint John to the Daily Mail at noon today, Hon. L. P. D. Tilley, retiring premier of the province stated that he will arrange an hour tomorrow on which he will wait on His Honor the Lieutenant Governor at Saint John and will hand in the resignation of himself and his Cabinet. It is understood that His Honor, following the usual procedure, will immediately communicate with Hon. A. Allison Dysart, premier-elect and request Mr. Dysart to form his cabinet and to submit the names of the same to the government.

Mr. Dysart, who is in Fredericton today the guest of Mr. and Mrs. J.B. McNair, has been busy on government department matters. He is leaving for home later today and it is probable that the Lieutenant Governor will communicate with him tomorrow, either at Saint John or Buctouche. It is probable that Hon. Mr. Dysart will then be in a position to notify the governor of the personnel of his cabinet. As the law stands at present it is not now necessary for members appointed to cabinet positions to go back to their constituents for re-election, so that no bye-elections will be necessary.

By a strange coincidence the new Dysart government which will assume office on Monday, July 15, will start to function on the 147th anniversary of the opening of the first legislative assembly in Fredericton, Lieutenant Governor Carleton having opened the Assembly on July 15, 1788 in the old building at the lower end of Queen Street, which is still standing.

Premier L. P. D. Tilley and his Conservative Cabinet held their final meeting last night in this city prior to handing over the duties of government to Premier-Elect A. A. Dysart and his Liberal colleagues. Premier Tilley announced early this morning, following last night's meeting, that he and his cabinet will resign office on Friday.

Premier Tilley issued a statement early today predicting that the provincial revenues this year will show a big increase over the estimates submitted at the last session of the legislature. He prophesied the increase to be \$100,000 in the gasoline tax; about \$50,000 in motor vehicle fees and more than \$90,000 in succession duties—a total of about \$240,000.

Thinks It Mistake  
Premier Tilley also stated that he considered it a mistake to lay a cheaper grade of hard surface road than had been laid on certain portions of the highways of the province.

### HEPBURN TO VISIT N.S.

TORONTO, Ont. July 11—While he has not yet made arrangements for a trip to Nova Scotia, Premier Mitchell F. Hepburn said yesterday he may go there later during the Dominion election campaign along with Hon. Ian MacKenzie, members of the House of Commons for Vancouver Centre.
