Bennett Appoints Senators And Other High Officials

**Hon. G. B. Jones from
N.B. Goes to Senate.
Another Woman Sena-
tor — Three Cabinet
Ministers Get Jobs.**

HON. George B. Jones, M. P., of Apohaqui, Royal (Kings and Queens Counties) has been appointed to one of the three vacant senatorships for New Brunswick. Two others are still vacant in this province. The names of Hon. F. B. Smith of Carleton County; M. E. Agar, Saint John; Hon. Dr. H. I. Taylor of Charlotte; Hon. L. P. D. Tilley, former premier and others are mentioned in connection with these vacancies. No appointment was made in connection with the vacant judgeship in New Brunswick.

Ten senators in all throughout Canada were appointed. Other important appointments included the personnel of the Employment and Social Insurance Commission, several high judicial posts and the new commissioner of patents—a total of 18 appointments.

A feature of the announcement was the elevation of three cabinet ministers to the Senate and one to the judiciary, and the selection of a woman to be Canada's second senator of the female sex—Mrs. Howard T. Fallis, of Peterborough, Ontario.

Hon. E. N. Rhodes, minister of finance, and Hon. Arthur Sauve, postmaster general will go to the Senate but will continue as ministers until their successors are appointed. Hon. Alfred Durand, minister of marine, will go to the bench of the Quebec superior court. Hon. J. A. MacDonald, Cardigan, minister without portfolio takes the Prince Edward Island Senate vacancy.

Mr. Rhodes will take one of the four Nova Scotia vacancies and the other new senators from that province will be Col. Thomas Cantley, member of Parliament for Pictou and a veteran parliamentarian; Felix P. Quin, one of the Halifax members who was elected first in 1925, and J. L. P. Robichaud, French-Canadian merchant and farmer of Maxwellton, near Digby.

In addition to Mrs. Fallis, the appointees to the three Ontario vacancies are Hon. Donald Sutherland, Ingersoll, a former member of Parliament and cabinet minister and Col. James Arthurs, present member for Parry Sound.

Hon. George B. Jones, a former minister and present member for Royal, was appointed to one of the New Brunswick Senate vacancies. There remain to be filled seven vacancies in the Senate, two in Manitoba, three in Quebec and three in New Brunswick.

Mr. Justice Patrick Kerwin, prominent member of the Ontario supreme court bench, will go to the vacancy on the supreme court of Canada created some months ago by the resignation of Mr. Justice Frank Hughes. He will be succeeded by Charles McTague, Windsor, Ontario, lawyer, while Hon. Alfred Durand, minister of marine takes the position on the superior court of Quebec, vacated by Mr. Justice Louis Coderre.

In accordance with amendments to the Patents Act passed at the last session of Parliament, requiring the selection of a highly qualified commissioner of patents and greatly increasing the importance of that office, James Thompson Mitchell, presently acting commissioner of patent and copyrights, has been appointed commissioner.

Donald McKinnon, Charlottetown lawyer was appointed district judge in admiralty for Prince Edward Island.

Numerous other important appointments remain to be filled by the prime minister, including the Canadian Wheat Board of three members, several deputy ministers, seven senators, and many lesser administrative posts.

More Militia Expenses

While the Department of National Defence is spending millions of dollars on war material and armories throughout Canada, Fredericton might as well get a share of what is going. The news may give satisfaction to certain persons in the community. It given out by The Minister of Trade and Commerce, to a certain portion of the press, that a new drill hall will be erected here, would seem, however, that the money would give just as much employment and would be put to a better use if it were passed out to some construction work which would be along the lines of peace pursuits.

In this twentieth century the governments of our country, no matter what party controls them, would do well to get away from this war stuff. In this city we have enough space and sufficient buildings devoted to matters military.

We cannot get a chance to get a building site or enough room for the Library or Museum but there are half a dozen rooms and buildings within a block of each other used from time to time as Officers' Mess rooms and Sergeants' Mess rooms and other mess rooms. One has just been completed in the rear of the drill hall and this cost considerable money.

By all means spend the money and spend it in such a way that the working man and not the contractors will get the most of it. But put it into something else besides drill halls.

There is too much encouragement to military stuff. We should cultivate the arts of peace. The majority of the people today believe this but they do not like to say so for some reason or other.

The Minister of Trade and Commerce is doing his best to get us some expenditures, but he should put it into some other line of endeavour.

In addition there will be the necessity of replacing the four ministers, who were affected in Saturday's appointments, and the likelihood of further vacancies in the cabinet before the general election.

Hon. Hugh Guthrie, minister of justice, is expected to be made chairman of the Board of Railway Commissioners, to be succeeded by Hon. J. L. Bowman, Speaker of the House of Commons; J. Earl Lawson, member for East York and present Dominion Conservative organizer, is expected to become minister of national revenue to replace Hon. R. C. Matthews who has announced his intention of retiring. Hon. T. G. Murphy, minister of the interior, has been tentatively slated for one of the Senate vacancies in Manitoba.

W. G. Ernst, member for Queens-Lunenburg, has been prominently mentioned as minister of national defence. He will be the Nova Scotia representative in the cabinet, but no names have been mentioned as the possible successor of Mr. Rhodes as minister of finance. Sam Gobeil, member for Compton, is said to be in line for the post office portfolio.

For the Canadian wheat board it is understood the government has sought the services of John I. McFarland, general manager of the Canadian Co-operative Wheat Producers, Limited; Robert McKee, Vancouver, wheat exporter and Paul Predt, head of the Manitoba pools.

Although Mr. Bennett was to leave last night for an extended holiday and rest, he said it did not necessarily follow that further appointments would await his return. It is believed, however, there will be no cabinet reorganization until he is back in his office, and that the election date will be announced also at that time.

ATTEND CONVENTION

C. B. Burgen, C. J. Coveney, Verne Olive and W. A. Gibson left here yesterday by motor for Campbellton, where they will represent the Fredericton branch at the annual convention of the New Brunswick Command of the Canadian Legion, B. E. S. L. which opened this morning. Brig. General F. W. Hill of this city, also is attending the convention which lasts for two days.

HON. R. B. HANSON, K.C., M.P.
Minister of Trade and Commerce,
who with Mrs. Hanson is entertaining for the Vice-Regal Party

CHINESE PRODUCTS ARE CUT IN HALF

SHANGHAI, China, July 22—Due to the stringent need of financial retrenchment, the National Economic Council has decided that various economic construction projects for the next fiscal year should not go beyond a total of 11,000,000 Chinese dollars, currently \$4,290,000 Canadian.

This represented a reduction of almost 50 per cent when compared with the records of the previous year, the reason given for this change is the dire financial straits in which the Chinese Government finds itself.

ATTENDED SERVICE

Lord and Lady Bessborough and party attended divine service at All Saints' Church, Saint Andrews yesterday morning. It was a full choral service, E. D. Terry and Prof. J. Harrison Wade of Fredericton being members of the choir. At the close of the evening service an organ recital was given by Prof. J. Harrison Wade, assisted by E. D. Terry, baritone.

NEW EMPLOYMENT SOCIAL SERVICE COMMISSION BEGINS

Tom Moore, Ottawa,
N. R. Beaudet, Montreal Members ..

OTTAWA, Ont., July 22—Described by Prime Minister R. B. Bennett as the first federal body to be constitutionally empowered to deal with unemployment as a national problem, the new Employment and Social Insurance Commission was named yesterday with Col. G. S. Harrington, former premier of Nova Scotia, as chief commissioner. Official announcement was made Saturday night by the prime minister.

Associated with Col. Harrington will be Tom Moore, Ottawa, president of the Trades and Labor Congress of Canada, selected after consultation with workers' organizations and N. R. Beaudet, Montreal insurance broker, representative of the employers' interest.

While the primary duty of the commission will be to establish machinery for setting up an unemployment insurance fund on a contributory basis, the commission is also instructed to make investigations to ascertain what may be done for the currently unemployed.

This commission will also be required to set up in each province employment agencies designed to bring employer and worker together and to assist workers in reaching employment.

Col. Harrington will receive a salary of \$10,000 and the two commissioners \$9,000 each. Headquarters will be in Ottawa. Just what department of government will have jurisdiction over the commission has not yet been decided but it is likely the minister of labor will be the responsible government member.

The commission will be expected to come to close grips with unemployment problem. One of the first duties will be to compile records of the unemployed and employable population, the first official effort in that direction since the census of 1931.

The commission will also take steps to set up means of occupational and physical training of unemployed men to prepare them for vocations when work may become available.

There will also be insurance officers appointed in each province, as well as local employment agencies, and an insurance advisory committee of not more than six members and not serving full time on a salary basis.

Another duty of the commission will be to study and report on proposed methods of health insurance in co-operation with provinces and municipalities, and make recommendations to the Governor-in-council.

Injured In Fall From Auto Sunday

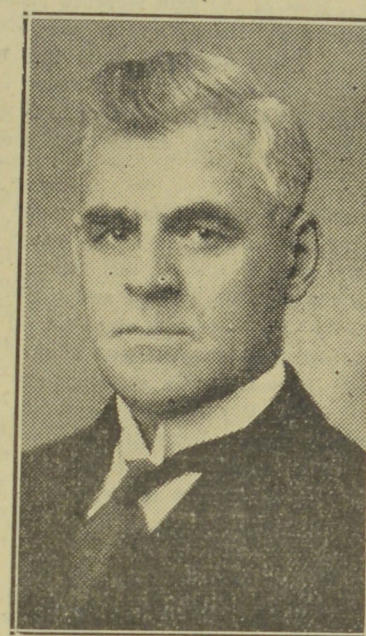

N. Liphshetz, proprietor of a local ladies' tailoring shop, had the misfortune to fall from the running board of his car last evening at the corner of Charlotte and York Streets, and today he is confined to his home suffering from injuries to his head and body. Mr. Liphshetz was standing on the running board of his car and was making ready to step off when the driver, Herman Budovitch, jammed on the brakes at the approach of another car. Mr. Liphshetz was thrown from the machine and struck his head. He was rendered unconscious at the time. Today he was reported to be somewhat improved although in considerable pain.

IN THE CAPITAL

Don Hanna, press representative of the A. G. Barnes' Wild Animal Circus is in the city today doing advance work. A. G. Barnes' circus will appear here on August 2.

It Pays to Advertise in The Daily Mail.

Charlotte County Fishing Interests Want Cabinet Job

HON. A. A. DYSART,
Premier of New Brunswick, who will deliver the Farewell Address to Lord and Lady Bessborough on Behalf of the Province at the Parliament Buildings tonight.

Would Like Department of Federal Affairs to Go to that Country — Doone Is Suggested.

A. Neil McLean and T. E. O'Leary of Saint John, and J. J. Hayes Doone, M.P., of Black's Harbour, were here on Saturday having a talk with Premier Dysart and other members of the Government. Matters connected with the fisheries industry along the St. John and Charlotte County coast occupied their attention. All three gentlemen are deeply interested in the fisheries in the locality mentioned.

Previous to the last provincial election these gentlemen and others had a talk with Premier Dysart in which the matter of better fisheries regulations was brought up. While it was contended that the fisheries regulations were entirely a matter for the Dominion Government to handle, it was also contended that the provincial government should bring any pressure possible to induce those powers that be at Ottawa to make matters better for the fishermen.

It is claimed by the friends of Mr. Doone of Charlotte County and by Mr. Doone himself that it was there that the matter of a Department of Federal Affairs was proposed and that it was Mr. Doone who suggested this new department. It is also claimed by Mr. Doone's friends in Charlotte County that when this department is created that Mr. Doone should be the man to take charge as the Minister of Federal Affairs. Mr. Doone personally does not seem to be so keen for the office.

Charlotte County Liberals are making a bid for representation in this department, however. Those interested do not say much but The Daily Mail has the above information on the very best of authority.

The Charlotte County fisheries embrace a large area including not only many miles of sea girt shore of the mainland, but the islands of Campobello and Grand Manan and other sections.

FOUR ARE KILLED AS TRAINS COLLIDE

PASCO, WASHINGTON, July 22 — The engineer and at least three transients were killed in a head-on collision of a Northern Pacific Railroad passenger train and a freight 24 miles from here on the Walla-Walla branch near midnight.

The dead engineer is Stanley Cowan of Pasco. The identity of other victims could not be immediately determined.

Meagre reports from the scene indicated the collision occurred at a blind siding. Both engines were reported damaged badly, with three freight cars and two passenger cars derailed.

HON. D. A. CROLL REACHES ENGLAND

SOUTHAMPTON, England, July 22 — Hon. D. A. Croll, official guardian of the Dionne quintuplets and Ontario Minister of Public Welfare, arrived yesterday to attend the International Housing convention at London.

"The quintuplets are flourishing", Mr. Croll said, "and there is no truth in the report that the Ontario Legislature has deprived the mother and father of their rights. They are free to see the babies at any time except when they are sleeping. The children will remain in our custody until we think it is right to release them".

DOCTOR REMOVES HIS OWN TONSILS

CHICAGO, July 22—Dr. N. L. Seelye of suburban Harvard examined himself last week and reported his latest tonsillectomy patient was coming along nicely.

Dr. Seelye who in 30 years' practice has parted some 1,000 patients from their tonsils, gave himself a local anesthetic on Sunday night, used a mirror to peer into his throat and removed his own tonsils.
