

HOUSEHOLDERS SUMMONED TO COURT JUNE 14

Total of 33 Will Appear
At Instance of Board
of Health

Complaints Made

Failure To Have Homes
Linked with Sewerage
System is Cause

Thirty-three Fredericton householders have been summoned to appear before Police Magistrate Walter Limerick in the local police court, informations having been laid against them at the instance of the Fredericton sub-district Board of Health. The residents will appear on June 14 to answer charges of violations of the Health Act regulations. Specifically it is charged that these 33 householders have not connected their homes with the city sewerage system. They are residents of districts of the city which have been newly sewer-ed along the Woodstock Road, Albert Street and Northumberland Street extension.

The court action was decided on at a meeting of the board, following a period of two years, during which notices were sent requesting the householders to connect with the system, an official of the board, said. The latest notice required the connections to be arranged for by June 1.

At that meeting it was stated that there were some 40 householders against whom action will be taken. Since then, however, several made application to connect with the system and the number of informations laid was 33.

At the meeting, a delegation of residents from the Woodstock Road appeared before the board in an attempt to have the matter postponed until fall.

NEWS BRIEFS

ABLE TO BE UP AGAIN

The many friends of Dr. Charles MacKay will be pleased to learn that he is now up and around again after his recent illness and is well on the road to recovery.

NEW HISTORICAL EXHIBIT

Lemont's Store has presented the York and Sunbury Historical Society with a tailor's iron, which was used many years ago. The iron, which is really a tailor's "goose," has a compartment for burning charcoal. It is a very interesting specimen.

IMPROVES RAPIDLY

Rapid improvement is noted today in the condition of Rev. J. W. Bartlett pastor of Wilmot United Church, who underwent an operation at the Victoria Public Hospital a short time ago. He will be able to leave for his home in King Street within a few days, it is expected.

MEETING AT YORK MILLS

The Conservatives held an enthusiastic and largely attended meeting at York Mills last evening with the speakers being Dr. B. H. Dougan, of Harvey Station, Leo F. Cain and Horace A. Hanson of this city. Every voter in the district was represented. The speakers discussed the issues of the election campaign and attacked the platform of the Opposition. Councillor Matthew Briggs acted as chairman. The meeting closed with the singing of the National Anthem.

MOTOR VEHICLE WEEK

The week of June 9th to 15th is being set apart as Motor Vehicle Inspection Week in the province of New Brunswick. During the week an attempt will be made to check all motor vehicles bearing New Brunswick licenses. The inspections will be made by officers of the Royal Canadian Mounted Police with the assistance of the Provincial Motor Vehicle Inspector. Officers of town and city police forces throughout the province will also co-operate to make the inspection a thorough one.

Reserve Tuesday, June 11 for subscription Tea at St. Anthony's Rectory, Devon, 25 cents.

N. B. SCOUTS LEARN FOREST FIRE FIGHTING

Boy Scouts' Assoc. Will
Direct Junior Forest
Wardens

425 In Province

Organizing. Educating
of Youth in Important
Work

For the purpose of organizing youth and educating them on the vital subject of preserving the forests of New Brunswick from destructive forest fires, the Boy Scouts' Association of this province earlier this year took over from the Canadian Forestry Association the direction of the Junior Forest Wardens.

It was pointed out this morning by G. L. Miller, Chief Forester, that at the present time there are 425 Scouts in the Province. These Scouts will engage in elementary work this summer and will qualify for badges, henceforth to be given by Scout leaders. Part of the qualification consists in passing the second-class Scout test. The Scouts to qualify and engage in this educational work must be between the ages of 12 and 18 years. Up to the present time the Boy Scouts have had their program well filled, and because of the participation in the Lord and Lady Baden-Powell demonstrations, have not had time to actively engage in the forest work. For the remainder of the summer they will concentrate on this program.

The Chief Forester stated today that application forms for membership in the junior wardens have been mailed out and the department is awaiting the filling-in of the forms.

Thefts Frequent At Local Dances

It is about time a check-up was made in this city on people who attend balls and similar functions seemingly for the purpose of theft. On fifteen occasions within the last year both men and women who have attended dances at public places have discovered on preparing to leave that their overcoats, their hats and other wearing material have been deliberately stolen. It is possible that some person from the outside may visit these rooms during the course of the entertainment and walk off with the men's wearing apparel. It is also just possible that these thefts are made by some person or persons who are attending the ball. In any case it is time that something was done by the proprietors of the ball rooms to insure those people who patronize them, protection against having their property stolen. At a gathering last night an overcoat and other articles were stolen. If this thing keeps up the safest way for those attending dances is to go dressed in bathing suits, and they had better be one piece-suits!

SHOWERS HELPED

Showers which fell at a number of places in the province yesterday, helped to counteract the danger of forest fire outbreaks. The hot humid weather of the last ten days has dried out the forests considerably and kept the forest service of the province ready to combat any outbreak likely. No new fires were reported today.

AT MILVILLE

Major J. S. Scott, secretary-treasurer of York County, is at Milville today, conducting revisors' courts in connection with the approaching federal election. Major Scott has been busily engaged in recent weeks and has conducted these courts at various places in the county, for the purpose of revising the voters' lists.

HEAT WAVE STRIKES PROVINCE, TEMPERATURE UP

Mercury Climbs To 80-
Degree Mark; Record
Week

Drought Conditions

Farmers' Crops Stricken
and Forest Fire Dan-
ger Greater

New Brunswick sweltered today in a heat wave which arrived earlier this week and has maintained an 80-degree intensity ever since. The official temperature as announced today by Postmaster Donald Cameron was 80 degrees in the shade. Yesterday the mercury was as high as 82 degrees and the day previous the record of the season was reached—84 degrees.

The heat spell showed no signs of abatement this afternoon, although rain is forecast for tomorrow and over the week-end.

The wave of heat comes just at a time when farmers are hoping for rain to relieve their parched crops. There has been no rain fall to speak of for over a month, and in many of the farming sections conditions are fairly serious.

The arrival of dry hot weather is not welcomed by the forest service officials either. The forest fire hazard is increasing daily, as humidity rises and there is no relief from rain. Although no fires have broken out there is momentary expectation of outbursts.

McMurray's

BOOKSELLERS STATIONERS PRINTERS

GLORIOUS NEW

JANTZENS

With Knitted-in Figure Control

It is the magic of JANTZEN stitch that gives you an amazing degree of natural line figure control in a JANTZEN.
