C. F. BAILEY REPORTS FAIR GREAT SUCCESS

C. F. Bailey, superintendent of the Dominion Experimental Station here and president of the Maritime Winter Fair, which he attended recently, returned today with favorable reports about this year's Fair at Amherst, N. S.

Mr. Bailey reports that the Fair was highly successful from point of daily receipts and attendance, surpassing even the 1931 fair. There was great enthusiasm shown. While the cattle exhibits were not quite so large as other years the exhibits in other branches of agriculture were larger than ever before. One of the features was the horse show. There had been a noticeable improvement in the horses exhibited. The fox show also was of superior quality. Decision had been made to make the show an annual one hereafter.

The point was made by Mr. Bailey that of the total attendance at the show seventy per cent were rural people, which means that the country folk are taking a greater interest in agricultural shows. Mr. Bailey is leaving next week for Toronto where he will attend the Royal Winter Fair, opening on November 20.

Mr. Albrant informed the committee that advance notices from Saint John indicate that the exhibition promises to be one of the most entertaining and interesting displays of this kind held here for some time. Mr. Albrant also reported on the boys gym classes which were started this week. Boys between 10 and 12 started Monday at the Fraser Memorial gym. This class will meet every Monday now between the hours of 4:15 and 5:30. The boys from 13 to 15 years are meeting every Tuesday and Thursday from 4:15 to 5:30 in the Brunswick street gym.
