TO PREVENT OLD AGE

Few will take seriously the assertion of Dr. Rothschild, of Massachusetts, that old age is merely a disease which by proper medication can be prevented or cured.

We seem to have heard something the race ever since it came down from the trees and began walking on its hind legs; and health experts of various kinds from time to time throughout the ages have assured us that the dream was about to come true.

Yet the dream remains a dream. Although some mea, with or without medication, retain youthful characteristics longer than others they & are young only relative to old men . who "show their age," not to those Last week a man in the country MONTREAL MAN even himself very long.

Coming so soon after the unmistakthe news of the Weyerhaeuser kidnapping was at least surprising. The conviction of Bruno Hauptmann as a result of his attempt to pass ransom the Lindbergh tragedy showed just how "hot" such money is, and how of '34. long it stays "hot." And the activities of the Department of Justice men, un hampered by antiquated state-line obstacles to law enforcement, had warned criminals of the increased risk in all forms of crime, but especially of the futility of kidnapping.

The speed with which results have been produced by the federal officers in the Weyerhaeuser case should encourage law-abiding citizens. Not so Jong ago people were wondering how kidnappers could be so cruel. Now right beside the bride, at the altar. they are wondering how they can be so foolish. For, with a modernized sys- Crew Abandons tem of detection closing in on lawbreakers, the trail of crime is getting hotter all the time.
