

SOCIAL HAPPENINGS

OTTAWA, June 10—Mrs. W. D. Heridge, wife of the Canadian Minister in the United States, has arrived from Washington with her little son, and is the guest of her brother, the Right Hon. R. B. Bennett, Prime Minister. Mrs. Heridge will go shortly to St. Andrews by the Sea, N. B., to spend the summer months.

Friends in the city will be interested to hear that Clarence Leger who is to be French Valedictorian at the closing of St. Joseph's University is a brother of Mrs. Tracey Carten, of Montreal nee Miss Jeanne Leger, formerly of Fredericton.

George Kileel, son of Mr. and Mrs. Jos. Kileel has arrived from Antigonish where he has been a student at St. Francois Xavier University for the past year.

W. Raymond Foster, son of Mr. and Mrs. F. G. Foster, has arrived from Washington, D. C., to spend the holidays with his parents. Mr. Foster, who is a former Beaverbrook scholar at U. N. B. is also the holder of a scholarship at the Catholic University of America, where he was a student for the past year.

Mrs. Philip Gregory, of Montreal, is the guest of Mrs. A. J. Gregory at Acacia Grove.

Mrs. William Cooper, of Hollywood, arrived in the city yesterday and is the guest of her sister Mrs. Luke S. Morrison, and Mr. Morrison. Mrs. Cooper left California a month ago by car and made the trip by way of New York.

Mr. and Mrs. W. K. Tibert spent the past week-end in Castalia, Grand Manan, visiting their son, Lewis, who is teaching school at that place.

Mr. and Mrs. E. C. Morgan, and their daughter, Mrs. Harley Richardson were at Castalia, Grand Manan, over the past week-end.

The Golden Rule Circle of the King's Daughters met last evening at the home of Mrs. C. A. MacVey with past president Miss MacLaggan, in the chair. Meeting opened with the King's Daughters prayer and the hymn "Blest be the tie that binds." The devotional period was in the nature of a memorial service for two devoted and valued members, who within the short period of seven weeks had been called Home Mrs. T. A. Murchie, a very efficient past president, and Mrs. Ivan McKnight, who most capably filled the office of treasurer for the past two years. Fitting remarks were made concerning the splendid contribution made to the work of the Master by these two consecrated women through the medium of the King's Daughters. Appropriate scripture readings were given by Mrs. R. A. MacMillan and Mrs. H. A. Watson. A beautiful poem entitled the "Other Room" was read by Mrs. T. A. Belmore and Oxenham's "There is No Death," by Mrs. H. A. Smith. "Crossing the Bar" was beautifully sung by Mrs. F. A. Good, accompanied by Mrs. R. B. Vandine. Regret was expressed at the continued illness of one of the members and sympathy for one recently bereaved. Reports of the various committees were received and plans made to carry on the work during the summer recess, July and August. A committee was appointed to arrange for a Subscription Tea to be held in the near future. Mrs. Lester Smith reported on the delivery of six small quilts to the Protestant Orphanage and spoke of the gratitude of the matron for these donations and of conditions in general in the Home, pointing out the great need of a deeper interest in this institution on the part of Protestant people of this province. Money was voted for various causes and other matters of importance to the Circle were dealt with. Miss Helen Robinson was elected treasurer to fill the vacancy created by the death of Mrs. McKnight. Mrs. MacVey drew attention to the fact that a paper given at a Circle meeting last year by Miss Jennie MacFarlane had appeared in a recent issue of The Silver Cross. The meeting closed with the Mizpah Benediction.

C.N.R. EARNINGS

(Special to The Daily Mail)
MONTREAL, Que., June 11—The gross revenues of the all-inclusive Canadian National Railway system for the week ending June 7th 1935, were \$2,341,943 as compared with \$3,042,326 for the corresponding period of 1934, a decrease of \$100,383.

I HAD A FRIEND

I had a friend
When I was sick at heart and broken
Who sympathized
With pleasing graceful words in token
Of friendship light,
But mirrored in her eyes I shrink to see,
Her pleasure in her pose of sympathy.

But you, my friend,
When I was sick at heart and broken
You sympathized
In silence, knowing no word spoken
Could heal my wound.
Reflected in your eyes was all my pain,

Which shared, was eased and hope was born again.

—Marjorie Gyselync,

PROPOSED "NEW DEAL" LEGISLATION AFFECTS GROCERY INDUSTRY MOST

The new legislation arising out of the Price Spreads Probe at Ottawa will affect the food and grocery industry more than any other, providing it all goes through, says Canadian Grocer. The more strict enforcement of the Minimum Wage regulations would apply to all firms, but those dealing with weights and measures, net weight on containers, making the business of privately owned stockyards public, and rebate and allowances apply more particularly to foods than to anything else. The strengthening of the False Advertising Act is of a more general character, but right now men in the food industry are studying the situation more so than those in any other.

It was no surprise that a revision of the Weights and Measures Act should be proposed by the Minister of Trade and Commerce. The chief trouble in the past has been that the Act was not sufficiently enforced so that when wholesale raids were made on stores last year there was all kinds of looseness brought to the front. The chief difficulty with the proposed new legislation is that there will be a new army of inspectors that will cost the country millions of dollars to maintain. Nor is it any surprise to see the proposed change in the False Advertising Act which puts it up to the advertiser to make sure that his statements are accurate. The court in future will not have to prove "intent to deceive."

But it is in the proposed reforms dealing with discounts, rebates and allowances that difficulties will arise if it goes through. Those in close touch with the grocery business know how difficult it is to check up on the various forms of rebates and allowances that have been in existence for many years. There are so many ways of getting around anything of a set character that an army of auditors and business policemen will have to be established if regulations along this line are to be effective. But all the large and responsible firms in the food industry agree anything that can be done to make for more uniformity among the different provinces in the matter of hours of labor and wages will be along the right lines, although provincial jurisdiction enters the picture. They are of the opinion that if this matter can be properly controlled many of the discriminations that were found in business by the Price Spreads Commission will disappear.

BORDEN DENIES TITLE CHARGE

OTTAWA, June 11—Sir Robert Borden, wartime prime minister, today issued a statement dealing with a recently-published statement which "charged that under my administration, 'men were getting titular distinction at a price,'" Sir Robert said. "The charge is utterly false—an absolute fabrication. In many cases, probably the majority, the selection originated with the Governor-General. In other cases the recommendation was made by me. No other member of my government had the right or ever attempted to make a recommendation to the Governor-General in such a matter."

GOING TO QUEBEC

W. K. Tibert, director of Vocational education for New Brunswick is leaving tonight for Quebec, where he will attend a meeting of a committee of Adult Education, which will take place in the Parliament buildings in Quebec City on Wednesday and Thursday. After the meeting Mr. Tibert will attend a general meeting of this body to take place at McDonald College, at St. Anne de Bellevue.

DRIVE OF PULP STARTED HERE YESTERDAY

The drive on the central Saint John River was begun here yesterday, 2,000 cords being placed in the water and it will be floated down river to the Mitchell boom where it will be collected in a barrel-boom and towed to the mill by tugboat. At an earlier date a total of 3,000 cords of wood for the company were driven down the Nashwaak river by Grand and McDonald. The water is satisfactory for the driving.

All the above constitutes the drive of the Port Royal Pulp and Paper Company, Limited on the Saint John river. Thirty thousand cords of pulpwood will comprise this summer's pulpwood driving operations of this firm. The total is about 10,000 cords less than last year's drive. About one hundred men will be employed during the operations.

Storms Sweeping South of England

LONDON, June 11—Britain's Whitsuntide public holidays were ushered in yesterday by storms that swept the southern half of the country.

Reginald Mason, 18, a Royal Marine sentry on duty at the Jubilee gate of the marine barracks at Deal, had been at his post only a few minutes before lightning struck the sentry box, splintered it into matchwood and killed Mason outright.

He had been in the force only a few months. His parents live near Selby, Yorkshire.

The town of Deal itself was nearly flooded out. Folkestone and Ramsgate, suffered almost as severely. Holiday camps were submerged in less than 20 minutes.

Trawler Picks Up Two Missing Men

HALIFAX, N. S., June 11—Anxiety for the safety of Freeman Thompson and Arthur Smith, missing Halifax stevedores, was relieved yesterday, when the trawler Lenarffs picked them up outside Halifax harbor in their 24-foot motor boat. They had been unreported since setting out Saturday for a day's fishing.

BATHS UNPOPULAR ON CANADIAN TRAINS

MONTREAL June 11—It cost Canada's two railroad companies thousands of dollars to find out that people don't like to bathe on trains.

Some time ago the railways recognized complaints of travellers that they were unable to take a bath while making a train trip and installed solarium cars with bath-tubs and showers on trains making transcontinental trips.

Then the trouble began. Nobody bathed in them. After costly experiments, the railways pulled their bath cars off the road. They have been idle about three years now. A few days ago one of the railroads took the baths out of the cars, converted the space into a lounge and sent them back into the service.

The other company is now thinking of doing the same thing, it was learned today.

RAZOR-BLADE EATING BOY DISCOVERED

HALIFAX, June 11—The problem of what to do with old razor blades probably won't bother 13 year old Robert Henn when he grows up. He disposed of eight by eating them at one sitting. Of course, the Board of Health learned today, he was careful to break them up before swallowing them in front of Jack Bowser and John Mitchell, wide-eyed companions. But the Board felt that this was scarcely precaution enough, and ordered Robert's stomach X-rayed.

Meanwhile, Robert is continuing his Grade Eight classes daily, just as though razor blades were part of his everyday diet.

QUEBEC, June 11—Adelard Brisson 58 year old laborer, was fatally injured in a brawl outside a tavern in the Lower Town today. Brisson is alleged to have been struck during a melee, Pierre Renaud, 74, also a laborer, is being detained as a witness.

GOVERNMENT CANDIDATES HEARD AT WOODLANDS

Meetings in the interests of the Conservative Government were held also last night at Woodlands and Lakeville Corner. The meeting at Woodlands was one of two held in York County last night, the other one being held at Nashwaaksis where a large gathering heard Hon. D. A. Stewart, Minister of Public Works. The meeting at Lakeville Corner was the only one in Sunbury County last night.

The speakers at Woodlands were E. C. Atkinson, seeking re-election in Sunbury County, Ald. C. Hedley Forbes, Fredericton, new candidate for York County, and Lee McCutcheon, of Fredericton. James Thomas of Woodlands acted as chairman. The speakers touched upon the accomplishments of the Tilley government and attacked the platform of the opposition warning the people to be careful of direct taxation if they wanted the opposition in power. They declared that it would be impossible for the Liberals to bring about all the changes they propose without resorting to increased taxation, which would mean direct taxation for the people of New Brunswick. In replying to the opposition's charges that the hard-surfaced roads were too expensive, Mr. Atkinson said that the Liberal government in 1922 built a road between Saint John and Rothesay which cost over \$25,000 per mile, and added that if that amount was not too expensive in 1922, \$20,000 was not too expensive in 1935.

At Lakeville Corner a large and enthusiastic gathering attended a meeting in the hall, where they heard E. C. Atkinson and A. D. Taylor, the two candidates seeking re-election in Sunbury county, and C. L. Dougherty, Fredericton. W. S. Hargrove, Lakeville Corner, acted as chairman.

Vancouver Driven To Conserve Water

VANCOUVER, June 11—An emergency decree banning the use of water for sprinkling purposes from 6 p.m. Friday to 6 a.m. Sunday was issued by City Engineer Charles Brakenridge in an attempt to preserve sufficient water for fire protection. Continued hot weather has brought about an alarming drop in the water levels at city reservoirs.

PROVINCIAL GOVT. PARTY MEETINGS

Meetings in the interests of Messrs. B. H. Dougan, M.D.; M. L. Jewett, M.D.; C. Hedley Forbes and Donald P. Douglass, Provincial Government Candidates for York County, will be held each evening at 8 p.m., as follows:

Tuesday, June 11

Lyric Theatre Marysville
Hanson's Hall Barker's Point
Foresters' Hall McNutt's Mills
Hall Magundy
Schoolhouse Stone Ridge

Wednesday, June 12

Orange Hall Nashwaak Bridge
Memorial Hall Harvey Sta.
Public Hall Meductic
Foresters' Hall Burr's Corner

Thursday, June 13

Public Hall Nashwaak Village
Public Hall Napaogagan
Schoolhouse Day Hill, Queensbury
Southampton Hall Mid. Southampton

The speakers will be the Candidates, and others.
Everybody asked to attend and Ladies especially invited.
W. J. SCOTT,
County Chairman.
