PROCLAMATION

SILVER JUBILEE KING GEORGE V.

Monday, May 6th, having been proclaimed a public holiday throughout Canada to be observed as a day of general thanksgiving and rejoicing on the occasion of the Jubilee, it is therefore requested that the citizens of Fredericton join heartily in the ceremonies here on that day, and display flags and suitable decorations on their buildings.

W. G. CLARK, Mayor.

IMPROVED HIGHWAYS

At the meeting of the executive council held last night hard surfacing road contracts were awarded. The total amount for the contracts reaches \$1,083,695. A bond issue for two million one hundred thousand dollars is authorized to cover this and other expenditures. These highway contracts will extend all over the province and the construction work which will commence as soon as possible, will extend all over the province. This should mean an increase in work for those who are now idle and bring some dollars to those who need them. There will be something doing on the roads during the summer months this year. The time is here when this province needs better roads. The dust roads have been a real menace and a danger to both local and tourist travel. During the last four or five years great improvements have been made in eliminating the bad curves in the highways. A notable example is the road between this city and Woodstock which formerly was a regular death trap. The drive over this road is now a pleasure.

FOR YORK AND SUNBURY

The extension of the power commission into two rural districts in York and in Sunbury counties should be appreciated by the residents of the districts.

While stating that tenders would be called, the premier did not disclose what had been submitted as the approximate estimate of the cost. He indicated that the work would be proceeded with shortly by the New Brunswick Electric Power Commission.

The commission system will be extended to residents of Taymouth, Stanley, Covered Bridge, Cross Creek, Green Hill and Nashwaak Bridge in York County and from Harris Bridge on the Oromocto line to Waasis, Rusagonis Station, Fredericton Junction, Tracey and Ennisville and from Rusagonis to Owen's Bridge and from Oromocto to Burton in Sunbury County, providing there are sufficient customers for such extensions.

The residents of these progressive sections of our adjoining districts have needed power for some time and it now seems as though they are about to have their wishes gratified. As Premier Tilley has estimated, the residents of these sections may have the power extension if they get busy and have a sufficient number of subscribers for such extension.

SACRIFICED YOUTH

The Australasian says: Nothing could be more calculated to excite the interest and the enthusiasm of the whole Empire than the movement initiated by the Prince of Wales for the welfare of youth. Youth today is the chief victim of the general depression. In times past complaint has been made that youth has been a formidable competitor with the mature worker; today the elder keeps the youth out of employment, and, unless preventive action be taken, youth will

pass to maturity not only without employment, but without the ability to work.

SNAPSHOTS

It was encouraging to see the good will displayed to the Home and School Association last night by some of the educational representatives.

It is better to be hard-boiled than soft-soaped.

A hick town is a place where the police are forever annoying law violators.

Isn't it about time for the first annual prediction of a cranberry shortage?

About all some men have left of their early training is a hymn or two to whistle.

The rest cure would be a fine thing for the world, if it could begin with tongues.

The road leading to Easy Street is littered with the trimmed remains of easy marks.

About all the average man knows about his wife's intellectual capacity is that he loves her.

It isn't what you think about as much as what you think about what you think about.

Frequently it happens that home is a place where some woman works for her board and clothes.

LARGER FAMILIES SOUGHT IN BRITAIN

LONDON, England, April 27.—The British Government, alarmed at the rapidly declining birth rate today, planned a series of measures to facilitate the raising of large families.

First step in the "more babies" drive was seen in the increased income tax deduction allowances for children, provided in the new budget. Another measure contemplated is large-scale emigration of families to overseas possessions.

For the last eight years, Great Britain has shown one of the lowest birth rates in Europe, with 14.4 births a thousand in 1934 as against 25.5 a thousand in 1920. Britain showed only 598,084 births last year, as against 957,732 in 1920.

Economists attribute the alarming downward trend to the higher cost of living, the uncertainty in the world and the increase in the spread of birth control information. In 1921, there was but one birth control clinic in the islands. Today Britain has between 40 and 50.

Extension Commission Lines to Stanley, Jct.

(Continued from Page One)

It was made conditional that if the rebate was granted the licensees in selling stumpage must make a proportionate rebate of the lumber so sold by them. The price to be figured would be F.A.S., New Brunswick ports.

The premier stated that an order-in-council had been passed by the government last night granting a rebate of \$1,000 per 1,000 feet for the license year ending Aug. 1, 1935.

It was provided further, however, he said, that in all cases where workmen had filed complaints with the New Brunswick Forest Operations Commission respecting wages, and where such complaints had not been adjusted satisfactorily in the opinion of the commission, the rebate would not apply.

The premier announced further that the government had agreed to call for tenders for an issue of bonds amounting to \$2,100,000 including \$1,000,000 for hard surfacing, \$800,000 for permanent roads, and \$300,000 for permanent bridges. They would be ten-year 3 1/4 percent bonds.

The government is to meet again at Saint John on Tuesday afternoon.

Home & School Operetta Successful

(Continued from Page One)

enthusiastic applause. This colorful number was the contribution of a group of High School students and starring little Miss Joanne Corbin as gardener. The young ladies taking part were Misses Edith Thurrott, Peggy Harmon, Anna Hughes and Florence Hughes, with Messrs. Gerald Goodine, Lloyd Humes, Lloyd Boyd and George Nason as partners.

The demonstration of folk dancing came in for much favorable comment. This was given under the direction of Miss Gertrude Cremin, with Miss Gertrude Davis at the piano. The numbers, which represented all the city schools, included dancing by Swiss Mountaineers, Black Nag, Gathering Peasants, Pop Goes the Weasel, Krakoviak, Hungarian Dance Csibogar, Dutch Villagers.

Dr. F. A. Wightman, president of the Association, in a few brief opening remarks expressed the thanks of the Home and School Association to those who had so generously given of their time, thought and energy to the production. He pointed out the fact of the children of the various city schools taking part in the programme. The object of the Association was educational as well as finances, asking the support of all the people for the Home and School Association, one of whose aims is to promote co-operation with all organized educational bodies. During intermission a sale of candy did a thriving business, thus adding to the financial success of the evening.

W. K. Tibert, Director of Vocational Education, spoke briefly on the need for parents and sons looking well into the possible fields for employment before choosing high school or college courses. He said that the professions were over-crowded and there was a waiting list sufficient to fill all requirements for some years. He stressed the need for boys being taught to do things and stated that the boy who could do things had something to market that would help him to secure employment more readily than the boy who had only an academic training.

Mr. Tibert also stressed the need for girls having more knowledge of home management today and sighted the course given in the Home Economics High School course as being a well-rounded course combining all necessary academic subjects and a well balanced study of home-making subjects.

Saturday Market

A large number of farmers were in to the Phoenix Square market this morning and produce, which was plentiful, sold for the usual prices. The prevailing prices were as follows:

Eggs, per dozen, 20 to 22 cents.
 Butter, per pound, 25 to 28 cents.
 Chicken, per pound, 30 cents.
 Potatoes, per barrel, 75 cents.
 Maple Sugar, per cake, 40 cents.
 Maple Syrup, per bottle, 35 cents.
 Beef, per pound, 4 to 6 cents.
 Veal, per pound, 5 to 10 cents.
 Pork, per pound, 10 to 13 cents.
 Carrots, per barrel, \$2.50.
