

PREMIER DYSART CONFIRMS DAILY MAIL'S REPORT

Says Our Story Re Appointment of J. H. Conlon Correct

It Is Temporary

Another Report Says New Official for Federal Department

On Saturday last J. H. Conlon of St. John, informed The Daily Mail that he had been appointed Publicity Counselor at the Bureau of Information and Tourist Travel in this city and that he had already taken up his duties. He stated that he would return to St. John and would move his family to this city. Mr. Conlon stated that he would work in conjunction with D. W. Griffiths. Mr. Griffiths had been doing good work for the department but it has been found necessary to appoint another man in order to cover all the increasing work and to carry out the extensive programme prepared by Premier Dysart in regard to tourist matters.

The Daily Mail published the news exclusively on Saturday afternoon. This morning's news states that Premier Dysart from his home at Buctouche confirms The Daily Mail's story. The government, it is stated, has under consideration a number of bureau changes.

Premier Dysart said that the appointment of Mr. Conlon is only a temporary one.

Word comes from St. John that G. P. Casey has been an applicant for the position and claims to have been promised the job. It is also stated that Mr. Conlon may be transferred later from the publicity department to the proposed new department of Federal Affairs and that Mr. Casey may take Mr. Conlon's position in the publicity department. This is understood to be the proposed line-up. Mr. Conlon has had experience in fisheries publicity work at Ottawa, and this, it is thought would qualify him for work in the new Federal Affairs department, while Mr. Casey is an experienced publicity man and would fit well into the job with Mr. Griffiths, who has been a good man on the job. This seems to be the hope, so far as the supporters of the provincial government at St. John pass it out.

WEEKEND FIRES

A small fire caused by an overheated pipe in the home of Mrs. Bedford Phillips was extinguished by the firemen without much difficulty yesterday morning at 11:30 o'clock. Very little damage was done. Last night at about 9:00 o'clock the firemen were called to the home of W. J. West on Regent Street where they extinguished another small fire caused by an overheated pipe. Little damage was done. Many of the citizens of Fredericton and Devon were alarmed last night to see smoke and flames rolling up from the top of Maryland Hill, but on investigation it was found that some one was burning brush and the fire was under control at all times.

SUGGESTED ROUTE FOR THE NEW HIGHWAY

Road Would Pass Through a Hunters' Paradise

Tourist Attraction

Suggested Route is Also 20 Miles Shorter Than Others

Following closeup on the heels of an announcement Saturday by Hon. F. W. Pirie, Minister of Lands and Mines, that the New Brunswick Government will build a new road between Renous, Northumberland County, and Plaster Rock, come many requests to have the new road pass through various districts of the forests in that locality. Probably the most practical route from a provincial benefit standpoint is the route suggested by one of the well-known men of that region who has travelled through that country for many years. The route suggested would be twenty miles shorter than any other route in the district and passes through the best hunting and fishing ground in the province. If established, the route would be a great asset in bringing tourists to the province.

The proposed route would run between the Little Southwest Miramichi and the Dunganen to the head of Bamford Brook to Holtville, which is only six miles from Boiestown. The course mentioned passes through a fine growth of spruce and hardwood and taps a section at the head of Renous which is a hunter's paradise.

It is not yet known whether or not the government has considered this particular route, but it is understood that they will select a route that will afford the very best attraction to tourists. It is thought by those closely connected with guiding in the province, that no better route can be found than the one mentioned above.

MAMMOTH BROADCAST

One of the greatest broadcasts in the history of Canadian radio will take place tomorrow night when Rt. Hon. W. L. MacKenzie King will address a mass meeting in the Maple Leaf Gardens in Toronto. Preceding the Liberal leader's address he will be greeted by each of the eight liberal premiers in the Dominion. The program will be broadcast over a national network and heard over CFNB between the hours of 11:00 P. M., and 12:00 midnight, A. S. T.

TO GUIDES' MEETING

D. W. Griffiths, director of the New Brunswick Bureau of Information and Tourist Travel, left today for Saint John where he will attend the N. B. Guides' Association banquet tonight. The guides are meeting in that city this week. D. Leo Dolan, director of the Dominion Tourist Bureau also left today for the Guides' meeting.

PROSPECTS GOOD FOR 1935 N. B. FOX MARKET

Expect Better Prices in Montreal This Year

Good Prices Expected

More Stock to be Added to N. B. Ranches This Year

Indications point to a favorable market for New Brunswick fox pelts at the coming auctions in Montreal it was learned today from George W. Chapman prominent fox breeder of this city. Basing his prediction on the success of the recent fox sales at which the holders of the auction could not get enough pelts to meet the demand and sold a surplus which was left from the previous year. Mr. Chapman predicted that the December sales in Montreal would exceed in capital last year's sales. It is expected that the high price of \$100 realized for pelts on the market last year will be exceeded considerably in December. and although indications point to fewer New Brunswick pelts going on the market the increase in price per pelt will bring the total receipts above those of 1934.

Mr. Chapman stated that production in New Brunswick will be about normal this year but that there will probably be a considerable addition made to the stock in New Brunswick ranches due to less pelts being offered on the market. Mr. Chapman expressed regret that New Brunswick does not advertise her fox breeding industry more than at present and expressed the belief that if more stress were laid on educating the public to the conditions in the fox industry a great impetus would be experienced in the industry in this province.
