Ceremonies Are To Be  
gin at 2.30  
O'clock

Will Last 1 1/4 Hours

Canadian Legion and  
Military Officers  
Will Participate

Last minute arrangements for the unveiling of the memorial to the famous 104th Regiment and their march to Quebec have been completed, and Thursday of this week, the day chosen for the ceremonies, promises to be one that will be remembered by all the descendants of these hardy men and also by the citizens of Fredericton.

Mrs. A. A. Dysart, wife of the premier of the province, will unveil the memorial, assisted by a Girl Guide and a Boy Scout. Addresses will be made by Lieutenant-Governor MacLaren, Premier Dysart, Hon. R. B. Hanson, Brigadier L. F. Page, D. S. O., O. C. Military District No. 7, and C. A. Taylor of the York-Sunbury Historical Society through whose efforts the memorial has been erected.

Dr. J. C. Webster, member of the Canadian Historical Sites and Monuments Board, will act as chairman, and His Worship Mayor W. G. Clark will deliver the address of welcome. At 2.30 P. M., the actual unveiling will take place and the whole proceeding, which will take about an hour and a quarter will be broadcast over CFNB.

The school children, accompanied by their teachers, will march from the schools following roll call to take part in the ceremonies. The Canadian Legion and Militia Officers will also take part in the proceedings. In the event of rain the ceremonies will be held indoors. Following is a tentative program.

**A GOOD SEASON**  
Between tourists and provincial visitors coming to Fredericton to consult the provincial government on various matters the Queen Hotel has had an exceptionally busy season during the summer. Some days the rooms have been taxed to capacity. J. P. Corkey, the proprietor and his popular clerks, Messrs. C. F. Boyce and W. P. Lindon together with his efficient staff have been kept on the jump and have given good service to the travelling public. During the past few months the hotel has been renovated especially the office and the writing room. These present a very neat and comfortable appearance and the old-fashioned open Franklin fire-place is a very cosy spot in these cool evenings. The equipment and service at the Queen Hotel is now amongst best on the river. Mr. Corkey, who is also proprietor of the popular Carlyle at Woodstock, is a hotel man who understands how to cater to the wants of the travelling public and is getting results.

## BEARS GETTING MORE FAMILIAR MRS. BRUIN PLAYS STRIP POKER WITH LOCAL YOUNG MAN

It is commonly known that bears are unusually plentiful in the woods and civilized sections of the province and county, but it is not generally known that they have become so familiar with the citizens as to play strip poker with them.

This might not have been strip poker, but whatever it was, it concerned Mrs. Bruin and "Pat" Miller, a local young man. According to report, Mr. Miller was driving along the highway in a truck near Taymouth when he spied a cute little bear cub. Having always had a warm spot in his heart for these little furry animals, and possessing an unsatiable desire to own one, he stopped his truck and attempted to catch the little one. He had chased the offspring of Mrs. Bruin over a fence and had nearly realized his long-felt ambition when the mother of the chased one, who had probably witnessed the attempted kidnap, made a desperate glau for Mr. Miller. Mr. Miller, looking over his shoulder, was startled literally out of his trousers to see Mrs. Bruin reaching for him — the bear helped him a little by clutching the trouser legs with her claws. Everything happened so quickly that when Mrs. Bruin got her bearings all she had was Mr. Miller's trousers and the embarrassed victim was in his truck on his way to Fredericton, a frightened and much wiser man. When he arrived at his place of employment he had to be driven home by fellow employees, and after donning a pair of trousers was ready for work again.

## House on Killarney Hill Damaged by Lightning Yesterday

Fredericton and vicinity experienced one of the worst electrical storms of this year last evening when the city was rocked to its foundations by a short severe storm. Very little rain fell during the outbreak. The only serious damage done was that it struck a house owned and occupied by Albert Seymour on Killarney Road in Devon. The lightning first struck a large tree, then followed the aerial wire into the radio and from that source in the house it did its damage. All the windows were broken, electric light bulbs smashed, furniture was upturned and splintered. The walls of the house were severely cracked and the clap boards on the outside of the house was scorched. The radio was completely demolished. There was no outbreak of fire. The damage done could not be estimated this morning by Mr. Seymour.

In several cases throughout the city fuses were burned out by the lightning and in Devon the New Brunswick telephone lines were damaged slightly, but were ready for service again early today.

**LIGHTNING BURNS OUT FUSES**  
Firemen were called to the Wilmot United Church last evening during the electrical storm, when the lightning blew out several fuses leaving part of the church in darkness. It was at first thought that fire had started but it was discovered later that no damage had been caused other than to the fuses.

**VISITORS IN CITY**  
Mr. W. E. Kiddes of Kalamazoo, Mich. and Mrs. Louis C. Kunkel, Harrisburg, Penn., who were guests at the Queen during the week-end left this morning by motor for the Tobique where they will spend a week in the woods. Mr. Kiddes last evening entertained some of the visitors of the hotel to a motion picture show which included scenes of fishing, hunting, and also a pleasure trip through Alaska.

**DELEGATES TO MONCTON**  
Delegates from the city and York County are leaving this afternoon for Moncton where they will attend the Annual Meeting of the Union of Municipalities. The following delegates are going: Aldermen McKnight, McCaughey and Warren Maxwell from the city and the County will be represented by Mayor Scott, secretary-treasurer for the County of York; Warden W. J. Gaynor, McAdam; Councillors Edward Malone, Stanley; Everett Gould, Canterbury, and Ex-Warden Harry Morrison.

Don't forget Harvest Supper in St. Andrew's Church Hall on Saturday, September 28th.

## IS SERIOUSLY INJURED WHEN STRUCK BY CAR

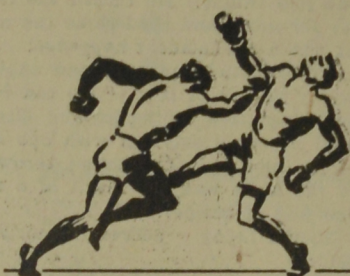

William McIntyre Has  
Compound Fracture  
of Right Leg

Unconscious 3 Hours

Miss H. Bridges Driver  
of Car — No Blame  
Attached

Known to have a compound fracture of the right leg and other injuries, the extent of which are unknown, William McIntyre, colored resident of St. Mary's lies in a serious condition in the Victoria Public Hospital as a result of being struck by a car driven by Miss Helen Bridges, Fredericton. The accident occurred at Lincoln about seven or eight miles below here on the Saint John-Fredericton highway.

Miss Bridges, who was travelling toward Fredericton shortly before nine o'clock this morning, told the R. C.M.P., who investigated the accident, that McIntyre stepped directly in front of her car after she had blown her horn several times. McIntyre, who is said to be slightly deaf, was walking toward Fredericton on the right side of the road when he was struck, police reported. It was said by those who were near the scene of the accident that McIntyre had been travelling towards Saint John with a party in his own car when they ran out of gas. At the time of the accident he had a can in his hand, it was said. Presumably he was on his way to a nearby service station to get gasoline. McIntyre was rushed to the hospital by ambulance and at two o'clock was just regaining consciousness. The attending physician stated today that the full extent of the victim's injuries will not be known until tomorrow. No blame was attached to anyone, R. C. M. P. stated.
