## FREIDMAN

### MAY SELL OUT

#### His Consumption Cure to be Put on The Market in U. S.

Negotiations for Commercializing the Cure Are Being Carried on Very Quietly

Providence, April 19.—Confirmation of the report that Dr. Friedrich F. Friedmann's tuberculosis "cure" was to be put on the market in every State in the Union was given today by the German specialist himself.

The matter is being forwarded with great secrecy, however, and the doctor refused to admit he was to receive \$1,500,000 for the sale rights, as reported in New York.

The plans for commercializing the "cure" have so far advanced that Dr. Friedmann's presence will soon be required in New York, it is said. C. De Vidal Hunot, secretary to Dr. Friedmann, left the city Tuesday afternoon, ostensibly to visit in New York, but in reality to confer with Carl L. Schurz, attorney for Dr. Friedmann.

Asked if he would return here from Washington, where he goes tomorrow night, he said he would. He has decided to make this city his headquarters for the time being, and will visit New York and Canada as occasion demands. He is unable to state how long he will be away from the city, but said it would be doubtful if he could return inside of a week.

Dr. Friedmann denies refusing any of the government officials quantities of his serum for testing purposes. He says he has furnished one supply and has never been asked for more.

The clinic he conducted at St. Joseph's Hospital this afternoon was attended by a crowd of patients, physicians, nurses and other spectators. The clinic began about 2.30 and Dr. Friedmann has 10 patients to treat picked from more than 100 unfortunates.

## MARYSVILLE

### Mr. E. A. Tapley and Family Entertained by Members of All Saints' Church

Marysville, April 17.—Some forty-five members of the congregation of All Saints Church assembled in the residence of Mrs. J. R. Gamble last night to spend a social evening in honor of Mr. and Mrs. E. A. Tapley and Miss Florence Tapley who are leaving shortly for the Canadian West. An orchestra was present and played choice selections which added much to the enjoyment. There was also a short program carried out in which Mr. William MacCarroll and Mr. Lemuel Clegg sang solos and Rev. E. E. Lake made a very pleasing speech, expressing the sentiment of those present, at the loss the church will suffer by the departure from their midst of the Tapley family. Mr. E. A. Tapley on behalf of Mrs. and Miss Tapley feelingly replied in a few well chosen remarks. Mr. Sewell Richardson also made an interesting address. The usual games were indulged in. Refreshments were served during the evening and a jolly good time spent by all.

In the departure of the Tapley family from Marysville the town is losing three popular citizens while All Saints Church will miss their presence and Marysville society their excellent company. It is generally regretted that Mr., Mrs. and Miss Tapley are leaving the town in which they have resided for so many years and in which they have made a large number of true friends who all wish them God speed and good luck in whatever sphere of life they may enter.

#### COUNTRY MARKET

The country market today was only fairly well attended. Prices were as follows: Eggs per dozen, 20 to 22 cents; maple sugar per lb., 6 to 10 cents; maple honey, per bottle, 25 cents; veal per lb., 6 to 10 cents; pork per lb., 10 cents; potatoes per bbl., \$1.00; butter per lb., 33 to 35 cents.

## TEN MILLION DOLLARS IN AID OF AGRICULTURE

### Important Bill Put Through the Committee Stage at Ottawa—Liberals Urged That the Money be Voted Annually Instead of in a Lump Sum—Dr. Edwards Denies Some Reports—Tory Headsmen Have Had a Busy Time of It During the Past Year

Ottawa, April 18.—The house today passed a resolution that \$3,000,000 should be advanced to the Quebec Harbor Commission for improvements at that port. Quebec has borrowed \$4,154,195 from the government and has never paid interest which now amounts to \$3,479,057 making a total indebtedness to the government of \$7,633,252. In addition it has sold debentures to the public amounting to \$1,750,000 and these are made a charge prior to the government indebtedness.

A government proposal to vote \$10,000,000 for agricultural education was put through and a bill based upon it was put to the committee stage where Mr. Carvell moved that the money be voted annually.

This caused the government to hold the bill in the committee stage. On privilege Dr. Edwards of Frontenac denied that mail carriers and other government employees of his riding had been assessed a dollar each for the purpose of presenting him with a free will offering of a gold watch and chain.

Dr. Edwards also denied that he had tried to create prejudice against the minister of justice by pressing for the appointment of an orangeman as head of the Kingston penitentiary, as opposed to a Roman Catholic. He concluded his remarks by the rowdy intimation that he would meet Mr. Carvell in the corridor.

This sort of bluster has been heard more than once from men who have been stung in debate but so far no

one ever heard of the threat being carried out.

#### ADVOCATE YEARLY VOTE

Mr. Nesbitt while approving the principle of the agricultural bill denounced from certain of its details. He expressed the fear that much of the money would be swallowed up at headquarters and not do the practical good to agricultural endeavor which Liberals hoped for. He deprecated the government attempt to make a "show window display" of the action taken and feared that the show was the main consideration of the present administration. The procedure reminded him of a man who plumed himself upon his generosity in aiding a worthy enterprise by a substantial gift of \$200. But this would-be philanthropist stipulated that his aid should extend over twenty years at \$10 per year.

Hon. Mr. Oliver maintained that as the money was to be applied year by year, it should be so voted rather than in a lump sum now. The adoption of such a course would give the federal parliament an opportunity to offer suggestions.

Messrs Sinclair, Carvell, Pardee, Lemieux and MacLean of Halifax, followed on the Liberal side urging that the farming community should reap a direct and practical advantage from the appropriation Mr. Sinclair expressed the fear that no great results would be achieved unless the

## EXHIBITION PRIZE LIST AMENDED AND ENLARGED

Secretary W. S. Hooper of the Fredericton Exhibition, announces that the prize list for the exhibition of 1913 is now in the hands of the printer and will be ready for distribution in a short time.

It will be the most up-to-date premium list issued in the Maritime Provinces. There are special prizes in almost every division.

#### CHANGES AMONG HORSES.

In the Clydesdale horses two former classes, Imported and Canadian Bred, have been combined. To take the place of the Canadian Bred the Clydesdale Horse Association of Canada is giving special prizes to the amount of \$75.

In the Saddle Horse class the Military Saddle Horse division has been extended so as to provide that each entry must be ridden by a bona fide military officer with complete equipment.

In the Carriage Horse class several sections have been added, making it especially interesting to local horse owners.

There has also been opened an Agricultural Horse class open only to bona fide farm work-horses.

Two silver medals are to be put up for competition by the Canadian Hackney Horse Society.

#### CATTLE DIVISION.

In the cattle classes quite a few changes have been made in addition to the already generous prize list including large cash prizes offered by the Ayrshire Breeders Association of Canada and the Holstein-Friesian Association of Canada.

#### SHEEP AND SWINE.

The Sheep and Swine classes also have been largely amended and added to and the Poultry Division, where in former years in turkeys, geese and ducks prizes were offered only to male and female, this year has been changed so as to permit of the classes receiving the same treat-

ment as other poultry, male and female to be shown separately with separate prizes.

#### HORTICULTURAL SECTION.

In the Horticultural Section there has been a thorough revision. Many obsolete varieties of apples have been struck out and new ones provided. There are added prizes for exhibits in boxes. For the first time in the Maritime Provinces apples are to be judged by score-card.

#### OTHER DEPARTMENTS.

A department for Children's Work and Domestic Science have been added. The Ladies' Department has been revised and exhibits will be classified under new heads. In Fancy Work the revision has been done by two thoroughly competent ladies and the class will be very interesting.

There is to be no prize for bread made from Maritime-grown wheat on account of the difficulty in securing such flour. Special prizes for home cooking have been substituted.

Those interested in the exhibition can secure further information by communicating with the secretary, Inches Block, Fredericton. The prize list will be ready for distribution in about ten days.

## MR. McNICOLL

### MAY SOON RETIRE

Vancouver, April 18.—D. McNicoll, vice-president of the C. P. R., who is here from California, when asked if it was true as intended to resign, replied: "The report is greatly exaggerated."

#### WOODSTOCK TRAIN DELAYED.

An accident near Millville last night delayed the express from Woodstock some hours. The train arrived here at about midnight.

## CALGARY NEWSPAPER WIPED OUT BY FIRE

Calgary, Alta., April 18.—The destruction of the Morning Albertan plant early this morning just as the newspaper was about to go to press was not without human interest stories.

Miss Ethel Haydon, news writer, was the heroine of the fire. At the risk of her life from falling walls and over the protest of the police, she captained a few men and with them entered the burning building and saved the subscription books and records of the office, which were invaluable. Through her efforts the business office was able to resume business today.

The Albertan is now being published this morning at the plant of the Herald, its commercial and political rival. In the campaign which closed yesterday, Editor William Davidson of the Albertan, and Editor J. H. Woods, of the Herald, wrote seathing denunciations of each other. Mr. Woods today tendered the services of his plant to the crippled newspaper and his tender was accepted. The News Telegram also tendered the services of its plant to Mr. Davidson.

Mr. Davidson was the recipient of many telegrams of sympathy from brother newspaper men all over the Dominion.

## BANKS GIVE BONUS OF ONE PER CENT

Montreal, April 18.—With the declaration of their regular quarterly dividends today, the two largest banks in Canada also announced the distribution of an extra 1 per cent. in the form of a bonus to shareholders. With the regular 2½ per cent. for the quarter ending April 30, the Bank of Montreal declared a bonus of 1 per cent., payable June 2, next. The regular 2½ per cent. for the quarter ending May 30, the Canadian Bank of Commerce also declared a bonus of 1 per cent.

#### DEATH IN GIBSON.

The death of Abraham Rideout occurred yesterday afternoon at his home, Neil street, Gibson, at the age of seventy-seven years. The deceased had been in failing health for some time. One son, Freeman Rideout, of Gibson, survives. There are also two brothers, James of St. Croix, and William S. of Eastport, and one sister, Mrs. Wm. McLean of Boston. The funeral will take place Sunday afternoon at 2.30. Rev. Dr. W. H. Smith, assisted by Rev. Mr. Ferguson, will conduct the service. Interment will be made at Sunnybank Cemetery.

## BIGGEST LOCAL POTATO SHIPMENT BEING MADE

### Ald. W. W. Boyce Sending Ten Thousand Barrels By Steamer to Cuban Market

Ald. W. W. Boyce of this city, is now buying potatoes to make up the largest local shipment ever sent out of Fredericton. It will consist of 10,000 barrels and is destined for the Cuban market. A few years ago New Brunswick potatoes were sent to Havana in considerable quantities, but since that time exports to Cuba have fallen off.

Ald. Boyce is paying seventy cents per barrel for these potatoes which are to be shipped from St. John by steamer, constituting her entire cargo.

#### COUNTY SCOTT ACT CASES

Two St. Mary's men charged by the County Inspector with violating the Canada Temperance Act have acknowledged the offense.

#### DOG POISONER AT WORK.

Several more dogs were poisoned in various parts of the city last night. There is much indignation on account of the poisoning. Hon. H. F. McLeod is reported to have lost a dog in that manner.

#### PERSONAL

Miss Helen Loggie, of Chatham, who has been visiting Miss Clements at Claremont for the past ten days is spending this week with her uncle, Col. T. G. Loggie, and this afternoon Mrs. Loggie will entertain at a bridge of four tables in her home.

## THE LIBERAL MAJORITY IN ALBERTA IS PILING UP

### Looks as if Premier Sifton Would Have at Least Forty Supporters in the Next House—Returns From Rural Section of Medicine Hat May Give Hon. C. R. Mitchell a Majority, Hon. C. W. Cross Carried Two Seats—Son of O. Turgeon M. P. Elected

Edmonton, April 18.—Returns from the outlying polls in a number of constituencies are still coming in and it will be tomorrow before some of the results are finally known.

The later returns are mostly in favor of the Liberal candidates, and it appears likely that the number of Liberal seats will be further increased by returns yet to come. The returns up to this evening give 33 Liberals and 15 Conservatives, and one still doubtful.

Four constituencies which were last night considered doubtful are now given to the Liberals, this being Edmonton, Coronation, Innisfail and Pelly.

Medicine Hat is still doubtful and all returns will not be in until tomorrow. Ex-Mayor Spencer has a majority of 186 in the city but there are 21 polls to hear from. These are in the rural districts where the Hon. C. R. Mitchell has previously polled a considerable majority. Mitchell claims these will elect him and at any rate it is probable the Conservative majority will be cut down.

Edmonton Liberals still insist that the protested ballots will elect Hon. A. G. MacKay, who is now 65 below A. F. Ewing as second member with Hon. C. W. Cross in this city. Returns of between 300 and 400 protested ballots will commence in a day or two and some interesting times are expected. Conservative papers assert this afternoon that

#### LATEST RETURNS.

Following are the latest returns from each constituency:

#### LIBERALS.

Acadia—McCall has 100 majority. Beaver River—Garipey elected, no complete returns.

Bow Valley—George Lane leads in every poll over Riley.

Cardston—Wolf has majority of 45. Claresholm—Moffat has comfortable majority.

Cochrane—Fisher has majority of 100.

Coronation—Whiteside has majority of 67, election conceded.

Camrose—Smith has 1,500 majority.

Clearwater—McKenney has two over Taylor, Conservative, Joseph Clark, Independent Liberal, third.

Didsbury—Stauffer has 300 majority.

Edmonton (1)—Hon. Mr. Cross, majority over Ewing is 360.

## CONSERVATIVES ON THE "GAG"

But so far as the English practice is concerned, they go indefinitely further than I hope we shall ever be obliged to go in this country. If we carried out the English practice to the full, we would adopt the English system of closure, under which the passage of the estimates would be reduced to very little more than a farce—Premier Borden in 1908.

Rumors have been prevalent for some time past in the government press that the government intended to revise the rules of the House at an early date, and to introduce what is known as closure. I would like to ask the First Minister if that is the intention in this revision of the rules. I would like to say that so far as I can judge the temper of parliamentarians generally, they regard the freedom of debate as one of the dearest rights of the representatives of the people, and if any attempt is made under the guise of amending the rules to prevent the freest discussion of all public questions, I can only say that in my judgment the government will invite a good deal of trouble—Speaker Sproule in 1908.

I for one have no idea at all of submitting without protest to any of the well-defined liberties of the House at a parliamentary body being infringed upon—Hon. George E. Foster in 1908.

I trust that this committee will in no way interfere with the liberties of parliament, and especially with the liberties of individual members of this House. In the United States today we see that the popular chamber has lost its liberties and has passed under the domination of a Speaker who is now known as a Czar, and consequently that chamber, which should have been the model chamber throughout the world, has lost its prestige and its power, that power having passed to another body. I do not wish to see a repetition of that history in this country.—W. F. Maclean, M.P., in 1908.

## THE WORLD'S NEWS IN SHORT METRE

New York, N.Y., April 19.—Speaker Champ Clark and Secretary Bryan, personal foes of the Baltimore convention now reconciled.

Improved monetary situation and encouraging crop prospects special features of business outlook.

Failures this week 290 in United States against 213 previous week.

Government continues prosecution of Wire Pool case.

Governor Sulzer drafts bill to abolish state direct tax.

Democratic caucus adopts entire income tax provision of tariff bill.

Raw silk and crude rubber remain on the free list.

National manhood suffrage strike in Belgium has so far cost about \$25,000,000.

Secretary Adoo, in thorough accord with law makers on currency reform plans.

## TORONTO RAILWAY DEAL MAY NOT GO THROUGH

Toronto, April 19.—The City Council of Toronto, at special meeting held last night, again decided to go right ahead and secure the necessary powers from the Legislature to establish a municipal system. Notwithstanding that negotiations between the Mayor and the Toronto Railway were in progress throughout the day yesterday Montreal brokers were not at all confident regarding the possibility of the Toronto Railway deal going through and on this account a very considerable amount of Montreal stock was sold on their advice.

Miss Fitz Randolph, who has been visiting her sister, Mrs. Eaton, at Kingston, (Ont.), sailed Friday from Montreal for England, where she will visit friends for two months.
