SPORTS OF ALL KINDS

St. Croix Courier—Ernest Doyle, of Biddeford, who has secured the franchise for the Calais-St. Stephen ball team in the New Brunswick and Maine League has been in the city during the week and has made a favorable impression among the ball fans.

If Ray Chapman is as good as the Cleveland critics says he is, the Naps infield will be there with bells on this season.

Jack Barry at short for the Athletics, showed Boston fans some real ball playing in the opening game with the World's champs.

Manager Stovall, of the Browns, has released Pitcher Napier, Infielder Roohe and Outfielder Sloan to the Montgomery team of the Southern League.

The chances are that George Burns will land a regular berth with the outfield of the Giants. George has been showing Manager McGraw the real article this spring.

The poor condition of Batters Henry and Almsmith has caused Manager Griffith of the Washington team to get busy looking for another backstop.

The injury to Vic Saier, who wrenched his ankle recently, will no doubt prevent the Cubs from making a quick get-a-way in the National League pennant chase.

First Baseman Sterrett, the former Princeton player now with the Highlanders, made a fine impression on President Wilson in the opening game at Washington.

Now that the Cardinals have purchased Jim Dyeckard from the Cubs, it will be a tussle between Jim and Lee Magee for the position in left field.

Early spring opening is fine business. Game after game postponed and when they are able to play the cold weather puts the pitchers' flippers on the bum.

It looks as if Stengel will become a Brooklyn regular, and Callahan will be sent to Newark to inhale a little more baseball before breaking into the fast set.

The dropping of Bobby Byrne from top to seventh place in the Pirates' batting order may mean that the rap on the bean that Bobby received from Joe Wood at Hot Springs has caused him to be "ball shy."

Harry Niles, veteran big leaguer and parachute jumper, has been showing so much speed with the Indianapolis team that he has been taken for a youngster just breaking in, on several occasions.

St. Croix Courier says—"It is just being unearthed now that before the boys went to Fredericton last winter 'Peck' asked Riley to drive Pills for him, as he Peck, intended to guide Louie. Riley wanted to know if there was going to be room to stop a horse, after the wire had been reached, Peck said, 'Well, great guns Riley, it's ninety miles to St. John, and if you don't get him stopped before you get there, run him into the woods at Indiantown.'"

U. N. B. has had hard luck in Rugby oftener than in any other sport but is going to try again to land the Intercollegiate Championship and again put the name of the college on the King-Richardson Trophy. The present junior class has got "Hump" Campbell as Rugby coach and the University Monthly hands out some good advice re college spirit and hard work and also reproduces a letter from the coach.

The following is taken from the Monthly:—

The Class of '14 has obtained the services of A. D. Campbell, formerly of St. Francis Xavier, as football coach for the season of 1913.

Mr. Campbell comes to us highly recommended as an all-round athlete, as a "good fellow" in the best sense of the term and as an experienced, efficient coach. It is Mr. Campbell's intention, not only to introduce a little science into the game, something in which past U. N. B. squads have been painfully lacking in the past, but to also enforce strict training rules, without which no team can hope for success.

COOPERATION NEEDED

The Class of '14 are proud of the record they have made while in college and intend to back Mr. Campbell to the limit and, it is to be hoped that the other classes will cooperate with them in this. U. N. B. in her endeavors to thin out a winning team, has an uphill fight. We compete with colleges considerably larger than ourselves and we are under the great disadvantage of having no residence. The value of the latter lies in enabling the coach and captain to look after the squad, to get after the men who are loath to turn out and in promoting college spirit. It is all very well to laugh at the words "college spirit" and to suggest that it can be bought by the jug. Jokes of this kind may raise a laugh, but they certainly do not win games. What we need is the kind of spirit that causes a man to climb into his togs in preference to lying around with a magazine, going "fusin'" or any of the other little relaxations common to the college student.

TO WEED OUT

The following is an extract from Coach Campbell's letter to Captain Melrose: "If I remember rightly, I said I would give you a general idea of the methods that are used by me in training and coaching athletes. Methods which, of course, I will follow out in working with you, and which I judge will be distasteful to some, as I have always found no matter where placed, a few who have a hearty disrelish for work, irrespective of the sphere in which it is presented to them. We will weed that class from the 'squad' entirely. Condition and fidelity to rules and instructions are prime factors entering into the success of the individual athlete, and they are very desirable in an aggregation of athletes working as a unit in the direction of a championship of any kind. These qualities, when found in an ordinary player, give that player the preference over the man with a local reputation, who plays a sort of bull-headed game and bears towards instructions, the attitude of supreme indifference.

PRACTISE SYSTEM

"The exercise, or drill, will be given by me daily in the gym and will be open to all students at the University that wish to take it. The scrimmage work will be confined to four days in the week, the remaining days to be devoted to other work. In the scrimmages the forwards will pay strict attention to quick formations, dribbling, and will except in a throw-in from touch, keep their hands religiously off the ball. The quarters and halves will do the most of the combined ball advancing. The forwards will have their own work to do, and I have yet to see the forward that can advance the ball more effectively with his hands than with his feet. Of course, I have no scruples about the part on parts of his body that he uses in stopping an advance attempted by an opponent.

STYLE OF BACK PLAY

"We shall have three or four styles of quarter-back play; and here let me say that a team is practically helpless without the services of good, sharp quarters. The halves

BOSTON BRAVES MAY GET TWO TORONTO PLAYERS

Rudolph and Shaw to be Sold to Big League Club--George Stallings After Them

Newark, April 17—Dick Rudolph and Al Shaw of the Toronto club are slated to go to some big league team to exchange for players and a cash consideration. Manager Joe Kelly admits that a National League club is after the pair and that there is a possibility of the deal going through.

Although Kelly refuses to tell the name of the club it looks as if Manager George Stallings of the Boston Braves is the man who is after the pair of Leafs.

Stallings turned Shultz, a second baseman, over to Toronto yesterday and it is said that two more of the Braves will be sent to Kelly just as soon as waivers are secured.

"We will sell Rudolph or Shaw or anybody else on the team if we think that by so doing the Maple Leafs will be strengthened or benefited in any way by such players as may be secured in payment for them," was the way Pres. James McCaffrey defined Toronto's position in the proposed deal today.

REDS RELEASE DAHLGREN

Cincinnati, April 17—The Reds today sold Pitcher Cy Dahlgren to the Nashville, Tenn., club of the Southern League. An option is held and he may be recalled. Because of the weather he has been slow to get into condition. Dahlgren won 60 of 64 games in two seasons before the Reds landed him.

"Rabbit" Maranville and "Hap" Myers of the Boston Nationals, would make a swell vaudeville team in a knock-about act. The "Rabbit" is built so close to the ground that he tears the seat of his trousers on the sharp grass blades when he walks across the field, while "Hap" could eat his lunch off a second story window ledge without stretching his neck.

Eddie McGorty has canned his manager and will stack his own coin hereafter.

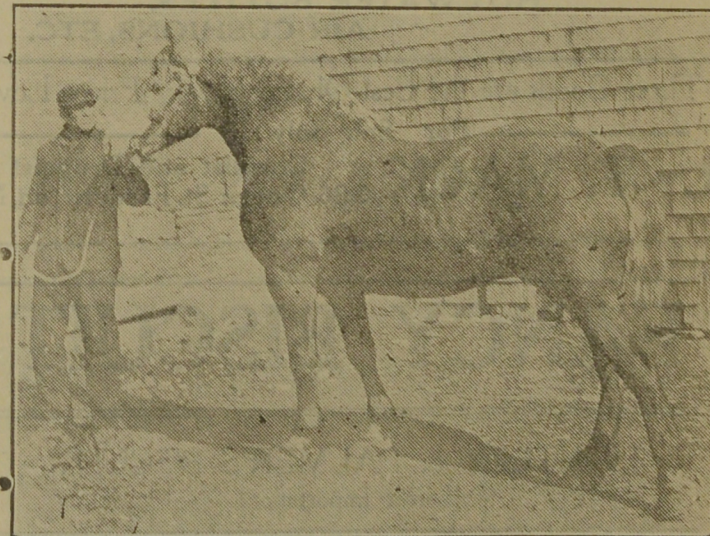

Pal Moore has signed for a clash with Johnny Griffiths, the bout to take place at Canton, O., April 2.

George Carpentier, the French champion has cancelled his bout with Frank Klaus which was scheduled for April 23.

Dartmouth had some consolation in that defeat at the hands of the Army at West Point. Those 13 hits show that the game was good batting practice.

FOR THE SEASON OF 1913

WE HAVE THE BEST COLLECTION OF STALLIONS EVER.

For a Percheron we have the Champion of the Maritime Provincial Exhibition, Gresham.

For a Clyde we have the Champion Breeder of Prince Edward Island, Hercules.

For a Coacher we have Danois, winner of Grand Championship at the Ohio State Fair.

For a Trotter we have Malone, a beautiful Bay 3 year old colt. Bred in the Purple and should be a good one.
