NEWS OF FREDERICTON

(Continued from page three.)

best to spend the city's taxes are discussed. Ald. Farrell and the health inspector have dropped in on business and after a few words with Charlie they have gone again. It is now about time for the police court to be through for the day and His Honor calls in to hear the latest, while the sergeant stands beside him ready to defend him by word or deed. Occasionally the Regent street alderman drops in just to see that the rights of his constituents are conserved. Then, after a few preliminary skirmishes with his brother confederates, he opens out in a genuine harangue just practising for an hour's speech on the ups and downs of an alderman's life. Maybe at this time the deputy sheriff drops in to see some one and the chat is hushed. The inmates, like the Arabs, fold their tents and quietly steal away, leaving Charlie and Hugh to get in the time until the noon hour.

NEWS FORECAST FOR
COMING WEEK

Washington, D. C., April 19—The largest vessel in the world, the Cunard liner Aquitania, will be launched Monday at Clydebank, Glasgow. The great ship will be of 50,000 tons displacement and is to cost \$10,000,000. She will be placed in service between Liverpool and New York about the beginning of next year.

Other interesting events of the week abroad will be the opening of the grand opera season in London, International Eucharistic Congress at Malta, and the opening of the Ghent Exhibition in Belgium. The last-named event is of international interest, since several foreign countries are represented, including the United States.

A conference committee with authority to speak for the fifty-two railroads east of Chicago and north of the Ohio River will meet with the heads of the Order of Railway Conductors and the Brotherhood of Railway Trainmen in New York on Tuesday to settle wage demands. SOME ALLEGED LIBERAL PAPERS

(Sackville Tribune)

If a Liberal changes his politics and becomes a Conservative, clearly he is a Conservative and not a Liberal. If a Conservative changes his politics and becomes a Liberal, it is equally clear that the former Conservative is no longer a Conservative but is now a Liberal. Now if this is true of individuals it must of necessity be true of newspapers. When a Liberal newspaper turns its coat and becomes Conservative, it hardly seems reasonable to quote from the Conservative paper and call it the "Liberal" journal. But doing this unfair and unreasonable thing seems to be the strong suit of many Conservative newspapers in the Maritime Provinces. Almost every day we see articles copied in Conservative newspapers from the "Liberal" Globe and the "Liberal" Montreal Herald. Now everyone knows that the St. John Globe is not now a Liberal newspaper nor has it been for many moons. It took all the patronage it could get from the Laurier government and when the change took place it lost that patronage—not a bit of it. Instead, it receives, CONSERVATIVE government favors. Does any sensible man believe for a moment that any government will give its patronage to a newspaper which does not support it? Assuredly not. Everyone knows that the Globe gets the federal government advertising and that fact clearly and unmistakably indicates that the Globe is a supporter of the Borden government, a Conservative not a Liberal government. In view of these facts it is positively silly for any newspaper to quote from the "Liberal" Globe.

Then we hear of the "Liberal" Montreal Herald. Now it is known to everyone who reads that some months ago the Herald was purchased by a syndicate, which had at its head a very prominent Conservative of Montreal. The Conservative now own the Montreal Herald and why, pray, does anyone call it the "Liberal" Herald? It is about time that Conservative newspapers should let up on this practice, which really deceives no one, makes the newspapers printing the stuff ridiculous in the eyes of all thinking people.

Another interesting wedding of the week will be that of Miss Alys Appleton Meyer, younger daughter of the former Secretary of the Navy and Mrs. George L. von Meyer, and Lieut. Raymond Rodgers, U.S.N., which is to take place Friday in Washington.

Could Not Sleep Well
For Four Years.

HEART AND NERVES WERE BAD.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves unhinged, heart action wrong, and to whose eye sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound, refreshing slumber.

They restore the equilibrium of the deranged nerve centres and correct the wrong action of the heart.

Mrs. Wm. Douglas, Thessalon, Ont., writes:—"I am going to send you my testimonial for what your Milburn's Heart and Nerve Pills did for me. For four years I could not sleep well at night, as my heart and nerves were so bad. I tried all the doctors here, but none of them helped me. I read of your Heart and Nerve Pills, and tried only a few boxes, and I can certainly say they did me a great amount of good. I can now sleep as well as ever, and can advise anyone who suffers from heart trouble to try them."

Milburn's Heart and Nerve Pills are 50 cents a box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited Toronto, Ont.

SPRING IMPURITIES
IN THE BLOOD

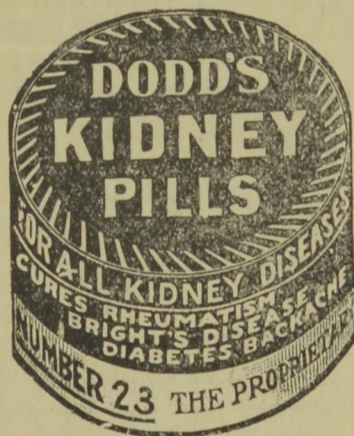

A Tonic Medicine is a Necessity
at This Season

Dr. Williams' Pink Pills for Pale People are an all-year-round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other reason when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, indigestion, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not cure anything. On the other hand, Dr. Williams' Pink Pills actually make new blood which reaches every nerve and organ in the body, bringing new strength, new health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

AN ELECTION LIKELY
SAYS HON. MR. McLEOD

Montreal, April 17—Hon. H. F. F. McLeod, provincial secretary of New Brunswick, who, with Premier J. K. Flemming and Attorney General Gummer of the same government, is on his way home from Ottawa, declared this morning that a Dominion election will take place before the autumn.

"We do not want to see an election," said Mr. McLeod, "but it seems to be the natural way out of the naval difficulty."

"Even if the government's naval bill goes through the House of Commons without a riot, it is very likely to be smashed by the Senate, with its overwhelming Liberal majority."

"An appeal to the country is the surest way of settling the question."

Memories of what we learn through bitterness and sorrow may not always be held in regret.
