"In the Case of MY Little Girl—"

In choosing and using a soap for your "Little Fairy" you will find no soap so mild, so neutral, so agreeable to tender skins as FAIRY SOAP.

Being made from products that you could eat, FAIRY SOAP agrees with even the tender skin of a babe.

FAIRY SOAP

is white—pure—floating. It comes in a handy oval cake. We could charge you five times the price asked for FAIRY SOAP and we could add nothing to its quality.

In higher-priced soaps you are paying for high-priced perfume and fancy wrappers—not better soap.

It looks as if there is going to be some horse racing here this winter after all. The boys are to get together tomorrow night and take over the matter of matinee racing.

It is rare that a dark horse like Dining carries off the honors in a classic like the Powderhall run. The contest generally narrows down to the two or three men most favored for the talent.

Jack Britton may go to England and box Freddie Welsh.

Frankie Burn, the California lightweight, who was recently defeated by Tommy Murphy is going to retire.

1913 looks like the best year ever. Reuben Whitesock, 2.12½ goes to Italy.

Net Rav did well at the Toronto ice meeting.

Celestial City Driving Club Formed Last Night

Matinee Racing to be held Tuesday and Friday of each week on straight away on River—Ald. Hugh O'Neill president—Enthusiastic meeting—Track to be selected this afternoon—Membership large.

The Celestial City Driving Club was organized last night at a largely attended and highly enthusiastic meeting held in the office of Dr. Grover C. McCoy. Prospects for a successful season in winter racing is expected and the horsemen of the city and vicinity are very much pleased concerning the manner in which everyone concerned have taken hold of the proposition.

It is intended to layout a quarter-mile straightaway on the river-ice. This course probably will be located opposite Waterloo Row. It would be better from the spectator's viewpoint to have the racing between the two bridges but unfortunately a large aur-hole is situated there and would be a source of danger to horses and their drivers. The committee of management is selecting the site for a track this afternoon.

SEMI-WEEKLY RACES

Semi-Weekly races on the afternoons of Tuesday and Friday of each week are to be held. The horses are

to be classified at the opening of the season and after a fortnight's racing reclassification is to take place. At the end of the season the horses showing the greatest number of points to their credit on the result of the races will be given prizes in the form of ribbons.

LARGE MEMBERSHIP

The club begins its existence with a membership of about one hundred and it is expected that the most successful winter's racing in the history of Fredericton will take place. All local horses of speedway calibre are expected to be entered for the races.

OFFICERS ELECTED

The officers elected were as follows: President, Ald. Hugh O'Neill. Vice-president, H. G. Kitchen. Secretary Treasurer, H. M. Blair. Committee of management, President O'Neill, chairman; Dr. McCoy, J. E. Sullivan, A. E. Quartermain, Harry Crotty, W. P. Keenan, J. S. Allen, P. S. Watson, Thos. Raymond.

SPORTS OF ALL KINDS

Leon Ketchel, the 18-year-old brother of the late middle-weight wonder Stanley Ketchel, is in New York, to make his debut in the game that made his brother famous. Leon has been working on the ranch owned by Col. R. P. Dickinson, where his brother was murdered, and the colonel, after much persuasion, has agreed to let young Ketchel become a boxer. In private young Ketchel has shown talent. He is a welterweight and is open to meet anyone in that class.

Jim Jeffries declares that he never learned the crouch from Tommy Ryan but from boxing with big Bob Armstrong. The former champion advises boxers not to use the crouch, but to stick to the old style of standing up straight when boxing as they can become cleverer by doing so.

Freddie Welsh, the English boxer is claiming the world's title because he got a belt from the National Sporting Club of London after he defeated Mehegan, the Australian champion. The belt was called the world's belt by the club. Welsh will have to defeat Willie Ritchie before he is recognized as the world's champion in the States.

Eddie Cicotte is likely to have the good wishes of the Red Sox in his

"holdout" campaign against Charley Comiskey on account of the 'kindly' things he has recently been saying about his old teammates.

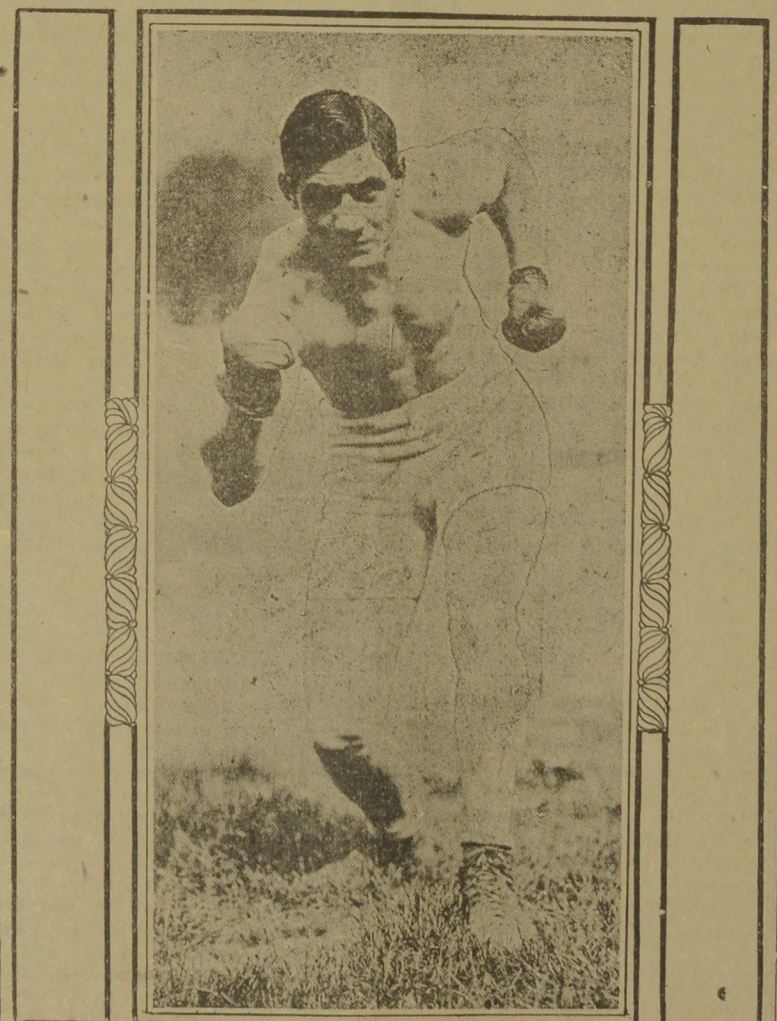

New Glasgow News styles the Sydney team the Sydney Millionaires.

Over a hundred dollars was collected in fines from the players who participated in the game between the Wanderers and Quebec, Saturday, they being as follows: Mummery, \$30; Marks, \$15; Hyland, \$17; S. Cleghorn \$15; Ross, \$7; Malone, \$7; D. Cleghorn, \$5; Russell, \$4; Hall, \$4.

Tommy Smith has not yet signed with Quebec, nor did he accept any money. He is still free to jump to the Maritime League, but will likely stick.

Billy McCarney, manager of Luther McCarty is overwhelmed with good offers for McCarty to box various heavies but he has turned them down. He does not intend to let McCarty meet any good heavyweight until July 4, when he has been signed to box at Vernon, Calif.

A number of Chicago business men figure that backing Jesse Willard against Luther McCarty is a good business proposition and they are planning to bring about a deal with that end in view.

COMMISSION TO MEET IN ANNUAL SESSION NEXT WEEK

Evidence taken Re Application for Uniform Player Contract--To be Submitted to Ban Johnson.

Cincinnati, Jan. 7.—The National Baseball Commission will hold its annual meeting in Chicago Thursday, Jan. 16, according to an announcement made tonight by Pres. Thomas J. Lynch. The date is subject to change, however, in accordance with the length of Pres. Ban B. Johnson's illness.

At this meeting the officers will be elected, the annual reports read and it is probable that a decision will be announced on two matters important to the all minor league clubs.

At a meeting today of the commission, at which Chairman August Herrmann held the proxy of Pres. Johnson, all the evidence in the request of the National Association of Minor Leagues for a reform player contract was taken. Likewise the evidence on the individual salary limit of minor leagues was heard and the matter taken under consideration.

Chairman Herrmann announced that the evidence would be submitted to Pres. Johnson and if he was well enough to read it, it was almost a certainty that the commission would decide both questions at its next meeting.

HOOF PRINTS

Ethelego, 2:15½, started twenty-six times last year without lowering her record.

The pacer Spill, 2:06½ has been a consistent performer for nine years. He has started in 107 races, contested in 391 heats, won 162 and was distanced only once, winning over \$21,000.

Martin C, 2:14, Cliff Todd's crack pacer, won more money on the LaCoe Erie Circuit last season than any other performer at either gait, his winnings amounting to \$1,300. The next largest money winners among the pacers were Rosewood, with \$1,140, and Major Mallow, with \$1,100.

Ed Bither thinks he has a good prospect in the two-year-old colt, Blade, by Bingara; dam by Arion, 2:07½; second dam by Nutwood. He has been driving him some this winter and says that he never sat behind a faster and more promising youngster. Blade is owned by W. D. Hunt of Brookline.

Ed Geers once remarked: "If I had to choose between the average run of horses to take through a campaign, the one which was inclined to be sluggish would be my choice, provided he was good in other respects, for that kind never fret and always learn something with every race."

A trotting mare which on the form, she repeatedly displayed in 1912 justifies the belief that she is sufficiently good enough to try conclusions with the best of her class in Grand Circuit company, is Lady Grattan, 5:12½, by See Grattan, a son of Grattan, 2:13, which raced in 2:10 but did not get a record. This mare won her every start over half-mile tracks, twelve in all, and the only time she appeared on a mile oval she forced The Wanderer to his record of 2:08½.

Jefferson City, Mo., Jan. 8.—With the Democrats in overwhelming control, the Missouri legislature assembled for its biennial session today, meeting in the temporary structure which is to house the State offices during the construction of the new Capitol. The membership of the house includes one Progressive, J. H. Somerville of Mercer County, and if precedent is followed he will be the floor leader of his party and will be entitled to membership on every committee. Home rule for cities, amendments to the State primary law, and the direct election of United States senators are among the important measures to be brought before the legislature this session.

Rochester, N. Y., Jan. 7.—After 10 rounds of lively fighting at Germania Hall tonight, Tom McMahon, the big Pittsburgh battler, won the decision over Al Kubiak, the Michigan heavy-weight.

WHY KONETCHY USES LITTLE BAT AND CHOKES IT

Prefers to follow Ball when it breaks ---Impossible to do that with heavy Bat

(St. Louis Times)

Sit in the grand stand at Robison Field any afternoon the Cards are playing and when Koney takes his position at the plate, swinging his short bat, stroking it from handle to edge with his right paw, you're bound to hear many of the fans remark: "Why doesn't that big fellow use a long, heavy bat? Gee, he'd knock the ball out of the lot every time if he'd only get a big club!" Well, the mystery of Ed. Koney and his small bat with the jerky motion and all the fans who repeatedly is discovered. Ed. tells it himself, and all the fans who repeatedly have asked themselves the question will be relieved. "Say, Ed., tells us, to satiate the curiosity of the baseball fan, why you don't use a heavier stick and swing like Lajoie, Crawford, Wagner and that kind?" was asked of him. "How many good hitters are in baseball who have that style?" said the first sacker. "Friends have asked the same question, and I always have replied with that answer. With a motion like mine it is much easier to follow the ball no matter which way it breaks. Take the Wagner swing, or Lajoie, or Crawford. If you're accustomed to it and it is naturally your style, then it's all right, but how many 300 hitters, or in that neighborhood, are there that swing like those fellows? Not many. They are exceptions. To make my argument locally, I'll refer you to Joe Delahanty, who played with us. Joe was one of those long swingers, and that's just what sent him out of the big league. When you catch the ball right it goes a mile. But how often? You don't have to drive the ball over the outfielders' heads to get a hit every time, but you can't control yourself at the plate when you lunge backward, wait for the ball and then swing. In a full season I doubt if I 'skip' a ball more than a dozen times. When I hit 'em they go out on a line, or else drop over the infield. Don't think I don't miss 'em, because I'll strike out as often as the next one, but it's because the pitcher fooled me and I watched it go by." So, fans, there you are!
