**Don't Diet Yourself
TO DEATH TO CURE
DYSPEPSIA OR INDIGESTION.
IT ISN'T NECESSARY.**

While it is necessary for the dyspeptic to abstain from rich, greasy, highly seasoned food, it is useless and injurious to deprive the sufferer of a full supply of good nutritious food sufficient for the needs of the body.

Weakening the body will never remove dyspepsia, on the contrary, all efforts should be to maintain and increase the strength.

Burdock Blood Bitters will increase the strength, and at the same time enables one to partake of all the wholesome food required, without fear of any unpleasant after results.

Miss Martha A. Brooks, Gagetown, N.B., writes:—"I have been troubled with indigestion for more than seven years, have tried several doctors and different medicines, claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. I have taken only one bottle, and that one has done me more good than all the other medicines I have used. My appetite, which was very poor, is now good, and I can eat most everything without any disagreeable feelings."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

MARKET REPORT

Toronto, Mar. 27—A slight reaction which is natural after the holiday rush is being felt in the local wholesale produce markets. This accounted for the further easing off in the prices of eggs with the opening of the week. Eggs are still being supplied in large volume and a fair trade is passing.

The market for butter is still firm. A good indication of the tight situation generally is the fact that large consignments of New Zealand grades have been ordered forward to Vancouver and they will be laid down at about 30 cents per pound. The east cannot begin to supply the west or middle west at anything like that rate. There is some risk however, in buying so far ahead, as the new productive season is about to commence and promises to be bounteous. Finest creamery is going to the local trade at 32c and 33c per pound.

The potato market improves although prices are yet quotable unchanged. Deliveries have fallen off lately, not because of lack of available supplies, but because of poor transportation facilities, and the result is that dealers who have plenty on hand are finding a good market for them. Ontarios are going to the trade at 75c per bag and New Brunswicks at 85c to 90c out of store.

The following are the latest prices Toronto wholesale men are asking of the trade:

Eggs—New-laid in case lots, 22c to 23c per dozen.

Potatoes—Ontario potatoes, 75c per bag; car lots, 70c; New Brunswicks, 85c to 90c per bag; out of store, 80c in car lots.

EGG MARKET

The deliveries of eggs are being cleaned up off the Montreal market about as fast as they arrive and as yet there is no surplus accumulated from the increasing supplies of new stock coming forward. Prices are holding steady at present with new laid quoted at 23c to 25c and sets at 17½c to 19½c per dozen.

Clean Within!

Dr. Morse's Indian Root Pills
Purify the Blood and Prolong Life

Vigorous health at 70 due to Dr. Morse's Indian Root Pills.

If as much intelligent care were given to keeping the body clean and pure within as well as without we would see more healthy, vigorous men and women. The daily bath does its part by keeping the pores of the skin open so that they throw off much of the body's impurities, but it is even more important that the bowels and kidneys should be kept regular and active.

If the bowels fail, as they often do late in life, to move regularly at least once a day, the waste matter from the food accumulates, decays, poisons the system and upsets the stomach.

If the kidneys are sluggish the impurities which they should filter from the blood remain and cause rheumatism.

Dr. Morse's Indian Root Pills regulate the bowels, stimulate the kidneys and open up the pores of the skin. The result is a body clean within—pure, red blood—good digestion—and a hale and hearty old age.

Three generations have proved the value of Dr. Morse's Indian Root Pills, and their sale is steadily increasing all over the world.
