

## Constipation and Headache CURED BY Burdock Blood Bitters.

Various kinds of headache exist; for example, nervous, bilious, congestive, and sick headache, headache from constipation or dyspepsia, periodical headache, etc.

In all cases of headache the treatment should be directed to remove the cause, and with the cause removed the headache vanishes for all time.

It is impossible to find a better remedy for headache of every description than is Burdock Blood Bitters, acting as it does on every organ of the body to purify, strengthen and regulate the whole system.

Miss May Bourdage, New Richmond Stn., Que., writes:—"For years I was troubled with sick headache, and dizziness, and was also constipated. I was advised to take Burdock Blood Bitters, and I only took three bottles when I felt like a new person. I can recommend it to anyone who suffers the same as I did."

"Burdock Blood Bitters has been on the market for over thirty-five years, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont."

## Auditor General's Report Shows That Thousands of Dollars were Wasted Last Year—School Book Account Shows Large Balance on Wrong Side of the Ledger—What the Farmers' Special Cost the Province--The Merry Chase for Brown Tail Moths

When the Provincial Government purchased Bishopscote for \$12,000 it had to resort to the method of a lieutenant governor's warrant in order to provide the wherewithal. The property was purchased for the accommodation of the rapidly increasing staff of officials in the Agricultural Department and the government seems to have made a very fair bargain.

### "PERMANENT BRIDGES."

A special loan of \$26,341.32 was made by the Provincial Secretary from the Bank of New Brunswick last year to provide for some thirty "permanent bridges." The cost of these bridges ranged from \$37.18 to \$6,968.96 and the list included the Armstrong, Pond and Lewis Bridges in the County of York. It is proposed to float bonds during the present session to pay off the indebtedness to the Bank.

The report contains detailed statements of the amounts expended by the New Brunswick and Fredericton Tourist Associations, which is of course, very satisfactory. These organizations are composed of private individuals who do their work gratuitously and the government feels that it should keep tabs on them. It is a great pity that the same vigilance is not exercised with respect to the sum of \$130,000 of provincial money turned over to the Highway Boards and of which no details are given in the report. The present administration always was strong on small things.

### THE SCHOOL BOOK GAME.

The statement of the government's school book transaction shows a total expenditure since 1908 of \$85,128.95. The total receipts from the sale of the same are given at \$60,205.59, leaving a debit balance of \$24,923.36. To affect this the government claims to have \$20,658.57 worth of books in the hands of vendors which may or may not be correct. The loss in the transaction for the five years is placed at \$8,265.39. In view of this statement it is difficult to see where the saving of "hundreds of thousands of dollars" comes in.

A statement on page 35 of the report gives the amounts due to the Provincial Hospital at the close of the fiscal year. The Municipality of York is put down as owing \$1,107.

### THE DEBT PILING UP.

The gross debt of the province on Oct. 31st is given as \$6,857,385.99 and the net debt is said to be \$4,693,457.99. The assets include \$529,239.39 on deposit at Ottawa, provincial debentures worth \$382,033.90, settlement lands worth \$32,596.75 and unpaid stumpage to the amount of \$2,542.59. In a foot note we are told that the province owns 7,000,000 acres of crown lands.

estimated to be worth \$35,000,000 and public buildings worth \$400,000.

The statement of revenue shows that the province received from the Dominion government last year in subsidies and interest \$646,283.76 and from territorial revenue \$522,399.18. The balance of the revenue was made up by taxes in incorporated companies, banks, express companies, liquor licenses, succession duties, private and local bills, Supreme Court fees, probate fees.

### MONEY FOR LAWYERS.

The cost of Administration of Justice last year was \$18,924.02, of which criminal prosecutions totalled \$1,176.77. Mr. A. A. Wilson of St. John, gathered in \$95; Fowler and Jonah of Sussex, \$139.80; C. Lionel Hannington of Dorchester, \$242.45; R. B. Hanson, clerk of the peace for Sunbury, \$113.35, of which \$80 was for services in the Wade case; Crockett & Guthrie got \$43 for services in the case of the King vs Burgoyne.

### AID TO FARMERS.

In the Agricultural Department, Mr. W. W. Hubbard was paid \$1,650 for 11½ months salary and \$321.80 for travelling expenses. Mr. Hubbard also took a few jaunts about the country at the expense of the federal government grant for agriculture and rounded up a further sum of \$177.69, making a total of \$499.49, or a grand total for salary and expenses of \$2,149.49. Just before the close of the fiscal year he pitched the job and accepted another from the federal government at an increased salary.

There was such a rush in the Agricultural Department during the year that Mr. Hubbard had to call in reinforcements in the shape of his son, who was paid \$2.55 for putting up cards. M. Staples addressed 5,700 envelopes and was paid for the service \$17.10.

For advertising the Sussex dairy school The Standard got \$25, The Gleaner \$32.40 and The Telegraph, with a circulation greater than the combined circulation of the two Tory papers, was paid the generous sum of \$9.24, while the papers owned by Hon. John Morrissey and Commodore Stewart had to be content with \$8 and \$5 respectively.

For the encouragement of horticulture the sum of \$5,194.17 was expended, the amount including the salaries of officials. Mr. Norman Hallett was paid \$20 for ten days' service collecting apples for fruit show and Mr. Joseph Hawkins received \$16 for labor at demonstration on orchards.

In connection with the encouragement of stock raising The Gleaner received \$22.50 for advertising a sale of Clydesdales at Woodstock, while Mr. J. F. Ryan of Sackville, received \$200 as a bonus on the stallions Ostrich and Jaroin.

For educational work among the

members of the Farmers' Institute, 5,848 copies of The St. John Weekly Standard, containing reports of the Farmers' and Dairymen's Association, were distributed at a cost of \$116.96 and there were also distributed 1,156 copies of the same paper containing special reports, while 100 copies were distributed to the farmers of St. John City. Mr. William McKay, who was at that time drawing a salary from the city as road master, was paid the sum of \$25 for superintending the heating apparatus at the Exhibition Building during the F. and D. meeting.

The Farmers' Special Train, which made a trip through the province last summer, was not altogether a philanthropic institution. Although it was a special train there were travelling expenses in connection therewith and Mr. Hubbard rung in for \$100, part of which he is alleged to have paid not for advertising, materials, etc. Mr. Charles L. Doherty got \$44 for service and \$69.35 for expenses and was allowed \$5 for a damaged suitcase. The staff of lecturers were paid \$898 and E. J. Payson received \$15 for reporting the proceedings for The Moncton Times.

### BROWN TAIL MOTHS.

The search for brown tail moths last year cost the province the sum of \$1,988.93. An entomologist was paid \$50 a month while a staff of assistants were paid at the rate of \$40 per month. Monoculicars for the searching of nests cost \$22.50 and \$2.50 was paid for four pocket magnifiers which were probably used in making up the bills. The sum of \$145.75 was paid for lithographs of moths to guide the searchers and moth bags cost \$11.70. As the sum of \$16.35 was distributed among eighteen persons as a bounty on the first moths found in school districts it is to be presumed that the costly search was not without results.
