**The great popularity and general use of the
Royal Baking Powder attest its superiority**

When you buy and use only the
ROYAL BAKING POWDER, you
have the positive assurance that your
food raised by it is not polluted by
alum, lime, or any of the adulter-
ants common to other powders.

It is unwise to take chances by the use of any other brand

PREFERRED CHARGES

(Continued from page 1)

Mr. Jarry's affidavit declared that
in the interview with Mr. Coderre,
the latter had never denied that
promises of a reward had been made
"His only defence," the affidavit,
proceeded, "was that since he was
poor he should not be asked too
much for the services rendered in
Hochelaga and to request written
promises from him was to run serious
risks of committing himself."

Mr. Marcell's affidavit told of inter-
views in the apartments of the de-
puty speaker, Mr. Blondin, at the
house of commons, at which Hon.
Messrs. Coderre Nantel and Joseph
Mainville, M.P., were present. The af-
fidavit concludes as follows: "The
truth is that the Hochelaga election
was a high-handed robbery as can
be proven by sworn affidavits signed
by Messrs. Bourassa, Horner and La-
lumiere, supported by similar decla-
rations by myself and Mr. Jarry and
stantiated by letters from the
secretary of state and the payment of
sums of money as acknowledged."

He concluded by moving the case
be referred to the elect on committee.

CODERRE DENIES CHARGES.

Hon. Mr. Coderre, who rose immedi-
ately after Mr. Gauthier, spoke very
briefly:

"I give to this charge an absolute
denial," said he, "and I declare that
the charge is entirely unfounded."

He intimated his intention of con-
forming with parliamentary practice
and withdrawing during the considera-
tion of the case. He expressed his
appreciation of Mr. Gauthier's await-
ing his return to the House to make
the charge. He had been sick during
the time he was absent.

Hon. Mr. Doherty read the House
subsequent affidavits from the same
men who had given the affidavits
read by Mr. Gauthier, stating that
Mr. Marcell had prepared them and
they did not know what they were
signing. One of them said Mr. Mar-
cell had declared he could get \$25,000
from either the Conservatives or the
Liberals and subsequently reported
that "Laurier had sent one of his
friends to Montreal to pay," a state-
ment which made the Liberal leader
smile broadly. Mr. Doherty explain-
ed that he did not believe anything
of the kind, of course, but it showed
that the testimony against Mr. Coder-
re was that of admitted perjurers,
admitted personators and admitted
blackmailers. The case should be
taken to court.

At 1.40 this morning the division
was taken and the motion to refer
the charges for inquiry was defeated
by 87 to 53.

**CASCARETS CLEANSE
LIVER AND BOWELS**

Cascaret Users Never Have Headache,
Constipation, Biliousness or
Sick Stomach

It is more necessary that you keep
your Bowels, Liver and Stomach
clean, pure and fresh than it is to
keep the sewers and drainage of a
large city free from obstruction.

Are you keeping clean inside with
Cascarets—or merely forcing a pas-
sageway every few days with salts,
cathartic pills or castor oil? This
is important.

Cascarets immediately cleanse and
regulate the stomach, remove the
sour, undigested and fermenting food
and foul gases; take the excess bile
from the liver and carry out of the
system the constipated waste mat-
ter and poison in the intestines and
bowels.

No odds how badly and upset you
feel, a Cascaret tonight will straight-
en you out by morning. They work
while you sleep. A 10-cent box from
your druggist will keep your head
clear, stomach sweet and your liver
and bowels regular for months. Don't
forget the children—their little in-
sides need a good, gently cleansing
too.

**DR. JOHN BRITTAN
PASSED AWAY MONDAY**

Former Member of Provincial Normal
School Faculty and of the U.N.B.
Faculty—Well Known Here

Dr. John Brittain, for many years
a member of the faculty of the Pro-
vincial Normal School and a former
professor of chemistry at the Univer-
sity of New Brunswick, passed away
at 2.30 yesterday afternoon at Ste.
Anne de Bellevue, Que. The news of
his death will be received with most
profound regret by hundreds in this
province as his connection with the
educational system of the province
made him acquainted with many. As
a resident of Fredericton for a num-
ber of years he made many friends
here.

He leaves several children, among
whom is Professor Horace L. Brit-
tain, at one time principal of Hor-
ton Academy, Wolfville, N.S., and
later superintendent of schools at
Hyde Park, Mass. Mr. John Brittain
is another son.

Dr. Brittain was an educationalist
of high standing, and he was an
author of several articles on nature
lessons. He was the eldest son of
Thomas B. and Elizabeth Carson
Brittain, and was born near Sussex
on November 22, 1849. His early
education was privately conducted
and he later attended the Provincial
Normal School at Fredericton and
took short courses at Cornell, Chi-
cago and Columbia Universities. He
was given the degree of doctor of
science by the University of New
Brunswick in 1905.

For ten years Dr. Brittain was
principal of the Superior School at
Petitcodiac and for fourteen years he
was instructor in natural science at
the Provincial Normal School. From
1905 to 1908 he was professor of
chemistry at the University of New
Brunswick and was then appointed
professor of nature study at Macdon-
ald College. Some time ago he re-
tired on a pension from the Carnegie
Fund.

Dr. Brittain's books included Man-
ual of Nature Lessons and Outlines
of Nature Lessons. Some years ago
The University of New Brunswick
Monthly said of him:

"His contribution towards the ele-
vation of the educational standard
of New Brunswick has been very
great."

Dr. Brittain was of a modest and
retiring disposition and the public
did not always appreciate his real
worth. He married in 1871, Miss
Charlotte T. Bonney.

**ST. JOHN CEMETERY BILL
PASSED COMMITTEE**

The Committee on Corporations of
the House met this morning and
took up consideration of the bill to
incorporate the Cedar Hill Cemetery
Company in the Parish of Lancaster.

Mr. Baxter presented to the com-
mittee the bill as now framed, the
original bill having been amended so
as to set forth the agreement arriv-
ed at between John and Patrick Con-
nor and the proposed company. The
company is to pay the Connors the
sum of twenty-four hundred dollars
for the lots unsold. The Connors are
to receive payment of seventy-five per
cent, as the lots are sold but from
the amount of twenty-four hundred
dollars is to be deducted the price of
some twelve lots sold since January
1st last.

The committee then went into pri-
vate session to consider the bills to
incorporate the St. John Suburban
Railway and the St. John Railway
Company to extend its railway lines
into the County of Kings.

It is said the Unique are announcing
a big 3 reel production The Wheels
of Destiny by the Bronco Film Co.,
for Wednesday and Thursday.

Jack Phillips has 55 head in his
stable at Parkway track Brooklyn.

MR. BLAIR'S EASY MONEY

(Continued from page one)

ada used, in the French schools, and
his friends say, condensed it as an
elementary history and Father Cor-
mier simply acted as his broker in
his negotiations with the govern-
ment. It would be interesting to
know whether there was any commis-
sion or not, and if so, where it went
to.

Before adjournment, the committee
rushed through all the items in the
Auditor General's Report and resolv-
ed that it was very satisfactory and
appointed a committee to prepare a
report for submission to the House.

Claiming that the flavor of the
sugar maple is contained in the
rough outside bark as well as in
the sap of a tree, a West Virginian
has patented a process for making
syrup which contains an extract
from the bark.
