CONFERS WITH C.P.R. MAGNATE

ly Asks Sir Thomas Shaughnessy For Advice

Effects of His Strenuous Work of Last Session

Ottawa, July 16-One officer has been promptly "allowed to retire" from connection with the defence forces of Canada as a result of Hon. Colnoel Hughes' investigation in regard to the bibulous tendencies of a few of the minister's guests at the now famous Halifax garrison ban-

quet of Friday last. It is uncerstood that several other officers have expressed regrets for indulging liquor at the minister's "dry canteen' banquet. The incident will probably be now quietly closed. Colonel Hughes believes there is little further necessity for rubbing in the moral of his structures in regard to intemperance and idleness on the part of a small percentage of the officers who draw pay from the militia department.

It is learned here, on reliable authority, that Premier Borden's stay at St. Andrew's, down on Passamaquoddy Bay, is by no means an unalloyed holiday. A goodly portion of his time is occupied with affairs of state, and it is stated that he is in close communication by cable and and Mr. Ganong, of Van Buren. mail with the imperial authorities.
