## A FEW CONSIDERATIONS

Developments since the formation of the Borden government in October 1911, may well cause the people of Canada to ask themselves a few questions. The more insistently these questions are asked the better will be the chances for the return to good progressive government.

Would Mr. Borden have been elected in 1911 if he had promised the people he would make a clear gift of \$15,000,000 of the people's money to his friends Mackenzie and Mann?

Would Mr. Borden have been elected in 1911 if he had promised the people to try and make a gift of \$35,000,000 to a group of permanent officials in England known as the British Admiralty instead of continuing the people's policy of a Canadian Navy?

Would Mr. Borden have been elected in 1911 if he had told the people he would try to vote \$10,000,000 for aid to highways, but only on condition that he would not trust the provinces with the money but handle it himself for his own political advantage?

Would Mr. Borden have been elected if he had told the people that instead of practicing economy he would double expenditures and taxation within two years?

Would Mr. Borden have been elected had he told the people that he would instal Hon. Robert Rogers as master of his administration with unlimited power for spending money and engineering crooked elections?

Would Mr. Borden have been elected had he told the people of Ontario that the Laurier government was perfectly right with regard to the impotence of the Ne Temere decree to affect Canada's laws and the impossibility of the Dominion Government passing a uniform Marriage Bill?

Would Mr. Borden have been elected had he told the people that while he knew the Dominion Government could not encroach upon Provincial rights regarding marriage laws, he was willing to waste over \$50,000 on political friends to prove that the pre-election promises made on his behalf were false?

Would Mr. Borden have been elected had he told the people that after all his protestations of Civil Service Reform his ministry would be marked by the most ferocious partisan persecution of Civil Servants in Canada?

Would Mr. Borden have been elected had he told the people that he would approve of such national disgraces as the Macdonald election deal the South Renfrew broken agreement the attempted Richelieu by-election bribery, the Antigonish election bribery and the Hochelaga personation and in each case refuse any investigation?

Would Mr. Borden have been elected if he had told the people that as soon as he got control of the government, he would turn back the hands of time and inaugurate a system of absolute cabinet rule and the disposal of huge sums by government without responsibility of parliament; that he would "gag" the Opposition with closure and threaten to club the senate out of existence if either dared to oppose his will?

Would Mr. Borden have been elected if the people had realized what the Reciprocity agreement really meant and had they known that within a year or two the United States would reduce their tariff so as to give themselves all the benefits of that reciprocity, while the Canadian consumer was refused them for the benefit of "the interests."

Would Mr. Borden have been elected if the people could have foreseen that the Mr. Borden who had condemned Reciprocity in 1911 and approved the slogan of "NO TRUCK OR TRADE WITH THE YANKEES" would in the month of June 1913 give a banquet to the New York State Bankers Association in Ottawa and sitting under the "Stars and Stripes" which hung above his

head, listen calmly to his chief guest Mr. James J. Hill of St. Paul deliver a stronger speech in favor of Reciprocity with the United States than was ever uttered by any Liberal in Canada?

No one supposes for an instant that such a thing could be possible. Every political event since 1911, proves more and more clearly that the people were deceived and stampeded into a snap verdict during a period of excitement. Every week makes it more apparent that a progressive people like the Canadians are on the side of Liberalism and advancement, not of Toryism and retrogression.

## TIRED OF THIRD PARTY

At Winnipeg recently, Mr. Henri Bourassa told his audience that he would not like to incur the responsibility of starting a third party in Canada, and start it upon a career of evil doing. During the fall of 1911 Mr. Bourassa combined with the Tories to form a third party. The Nationalist propaganda with all its anti-Imperialist and unpatriotic influences was throughout financed by the Tories with money chiefly subscribed by the flag flapping Imperialists of Montreal and Toronto. When however, the French Canadians of Quebec and Eastern Ontario elected over a score of Nationalists to represent their ideas in parliament, they had the humiliation of seeing all but five of them turn back on their anti-Imperialist pledges and suffer themselves to be brought up by Mr. Borden. A more corrupt example of what sporting men call "The double cross" has never been known in Canada. It is small wonder that Mr. Bourassa, with the high sense of personal honesty has given up the idea of starting another third party.

The Flemming government is very hard up these days and cannot provide a concrete curbing for the proposed tarvia pavement on Queen Street from St. John Street to the I. C. R. station.

With the best river steamboat service in years, Fredericton should get a big share of tourist travel this season.

"You have the most beautiful river in the world," was the remark made by a stranger who visited the city this week.

It is beginning to look as if the old war horse was going to come into his own at last.

## STRENGTHENS THE THROAT ASSISTS PUBLIC SPEAKERS

Catarrhozone is the Greatest Invention of the Age for Weak Throat Hoarseness, &c

### STRONGLY ENDORSED BY THE CLERGY

Because of its strengthening influence upon the vocal cords, Catarrhozone cannot be to highly recommended as a wonderful voice improver. It almost instantly removes his hoarseness or hoarseness, thus insuring clearness and brilliancy of tone. The most eminent speakers and prima donnas are seldom without Catarrhozone and credit in no small degree their uniform strength and brilliancy of tone to its influence.

"For many years I have been a sufferer from that terrible disease known as CATARRH.

"Being a professional singer you can readily understand that Catarrh would be a serious hindrance to my professional skill.

"One year ago I read in the 'Progress' a convincing testimonial from one who had been cured of this disease through using your God-sent invention Catarrhozone.

"Believing in the merits of Catarrhozone, I tried it.

"Catarrhozone cured me and has been the means of my success.

"You are at liberty to use my name if it will help relieve some from suffering and I will always remain,

"Bob Bixley, New Glasgow, N.S."

## HE NOW BELIEVES IN "FRUIT-A-TIVES"

Because He No Longer Suffers With Headaches

TAYLORVILLE, ONT.

"I was a sufferer from Fearful Headaches for over two years. Sometimes, they were so bad that I was unable to work for days at a time. I took all kinds of medicine, was treated by physicians, but yet the Headaches persisted.

A short time ago, I was advised to try 'Fruit-a-tives' and I did so, with I must confess, very little faith. But after I had taken them for three days, my Headaches were easier and in a week they left me.

After I had taken a box of these tablets, my Headaches were quite cured. My appetite was always poor and my stomach bad—and now my appetite is splendid and my digestion excellent.

I had become thin and weak from the constant Headaches but now not only have I been cured of all these awful Headaches, but my strength is growing up once more and I feel like a new man."
