FROM THE RURAL DISTRICTS

NEW MARKET

New Market, Feb. 17—There is every prospect of having much needed snowstorm as it is snowing hard today with the wind from the north east.

Our entire community extends their deepest sympathy to the bereaved family of the late Bertram Kelley who met such a tragic death while using dynamite on the Valley Railway near his own home.

Mr. Patrick McDermott who has been working at McAdam for the past two months has returned here and has accepted a position on the Valley Railway at Long's Creek.

Miss Frances Murphy is visiting friends in Fredericton.
Miss Ethel Murphy who is teaching school at Mazerall spent Sunday at her home here.

Mr. William Murphy of Fredericton who is working here was calling on his old friends yesterday.

The many friends of Mr. Thomas McCashion will be sorry to learn of him having had the misfortune to cut himself on the foot while working in the woods near his own home.

Mr. Hugh Foley our popular merchant went to Fredericton, Saturday. Mr. John Doohan has started in again hauling cement from Harvey Station.

Mr. Jack Yerxa of Kingsclear was the guest of Mr. Fred Murphy, Sr., Sunday.

SCOTCH SETTLEMENT

Scotch Settlement, Feb. 17—Since the beginning of February the weather has been more wintry than any we have had. The continued cold and no snow have had a telling effect on a great many aqueducts and the consequence is they are frozen up.

Several of our boys are spending the winter in the lumber woods for Aiken Brothers, who are working on the Macnaquac. They are Jas. L. Clayton, Walter Graham, Alban Yerxa, Woodford Yerxa, Charlie Reel and Robert Hagerman.

F. W. Clark has finished his contract with Smith and Merrithew on the railroad and has gone to Little River to haul bark for Jas. Scott.

Mrs. Ernest Sharp, Southampton, was visiting friends in this place recently.

Miss Mamie Haynes is spending a few days with her aunt Mrs. Thomas Shaw.

Mr. Alonzo B. Christie of Seattle, Washington, is spending the winter at his former home in this place.

Mr. and Mrs. Amos Mitchell have both been quite sick with LaGrippe but we are pleased to say they are now able to around again.

Some of our young people spent last Friday evening at Mr. Frank Roach's lumber camp, on South Branch, Macnaquac.

Mr. Wm. Palmer is quite sick at present. Dr. Robertson is in attendance and we hope he will soon be around again.

THE WORLD'S NEWS
IN SHORT METRE

Washington, D.C., Feb. 22—The end of the week will see the practical complement of all arrangements and the arrival in Washington of the advance guard of visitors for the inauguration of Woodrow Wilson as President of the United States. On Saturday Mr. Wilson will retire from the governorship of New Jersey and will be succeeded automatically by James F. Elder, president of the United States Senate.

The Supreme Court of the United States will reconvene Monday after a three weeks' recess. Interest in the meeting of the highest tribunal is heightened by the possibility that decisions may be handed down on the opening day in the much-discussed state rate cases and intermountain rate cases.

Arguments on the appeal of Samuel Gompers, John Hittell and Frank Morrison, officials of the American Federation of Labor, convicted of contempt of court and under jail sentences in connection with the Bucks Stove and Range Company case, will begin Tuesday in the Court of Appeals of the District of Columbia.

The trial of Jack Johnson, the champion heavyweight pugilist, on charges of violating the Mann white slave act, is scheduled to begin on Tuesday in the United States District Court at Chicago.

The annual convention of the International Bridge and Structural Iron Workers' Union will begin in Indianapolis Monday. The consideration of questions growing out of the conviction of many of the union officials and members in the "dynamite conspiracy" case will occupy much of the time of the convention. It is reported that strong efforts will be made to defeat the re-election of President Frank M. Ryan, who was among the union officials convicted and sentenced to the penitentiary.

Unifying of school systems, abolishing useless courses, adaption of courses to students and vocational and specialized training are among the subjects which will be discussed by the country's foremost educators in Philadelphia during the week, the occasion being the annual convention of the department of superintendence of the National Education Association.

At the same time a campaign to raise a \$1,000,000 endowment fund for education research will be launched.

SOLE AIM SHOULD NOT BE
EARNING OF A LIVING

(Toronto Globe.)

"To make even our baggage wagons go we must hitch them to a star," was Professor John Macnaughton's epigrammatic protest against the utilitarian fallacy that the only education to be desired is what can be made use of in earning a living.

The professor was speaking on "Some Fads in Modern Education" at a lecture at the University of Toronto on Saturday afternoon, and was standing up for a certain degree of culture for everyone.

"A man is not a beaver, whose business in life is to lay logs," "The battle of life is not merely the battle of living." A man could get fine meals daily for shovelling snow. He could make a living and yet never enter into life. "Good books are cheap, newspapers are cheap, those inexhaustible mines of raw material (very raw material), good music and good plays are cheap." "To make a man industrially effective we must make him intelligent." These were some of the lecturer's statements.

The modern tendency was to exaggerated and premature specialism, and the kind of specialism that obtained in factories obtained in many universities, especially in the United States.

Mr. Macnaughton is professor of Latin in McGill University, and is a believer in a classical education, though he had come to see it was not so indispensable necessary as he at one time supposed. He was glad there was still a remnant and leavening of really cultured persons, such as could read Homer and the New Testament in the original languages.

SLAUGHTER OF CALVES
PRODUCES HIGH MEAT

(Toronto Globe)

That the wholesale slaughter of calves is largely responsible for the abnormally high price of all live stock, both of Canada and in the United States, is a truth worth considering, because there is a remedy for such conditions.

Forty-four thousand less cattle came to Toronto live stock markets alone during 1912 than during 1911, but the receipts of calves increased by 7,000.

In the United States, according to a report just issued by Swift & Co., Chicago, the number of calves slaughtered has increased 100 per cent. in the past decade. During 1911 there was slaughtered, 8,000,000 calves, which did not average over 70 pounds. If they had allowed to live one year they would have averaged 600 pounds of good beef, and would have given to the country 4,800,000,000 pounds of beef, instead of only 560,000,000 pounds of meat. This gives some idea of that country's immediate loss of beef supply by the reckless slaughter of calves.

The average top price paid for good to choice cattle at local stock yards during 1912 was about one dollar more than during the previous year. Cattle on hand in the Province showed no great increase. Meanwhile there is a market for our cattle in the States, and the Canadian west is calling urgently for all classes of Ontario stock. The Gov-

PAPE'S DIAEPSIN
REGULATES STOMACH

Time It! In Five Minutes the Gas, Sourness, Heartburn and Indigestion Misery is Gone

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diaepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

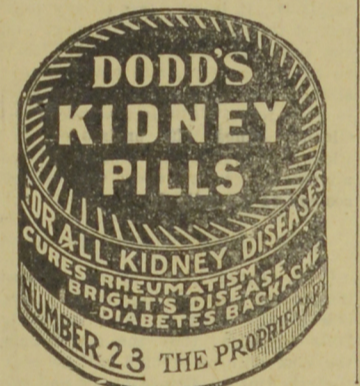

Most remedies give you relief sometimes—they are slow, but not sure. Diaepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diaepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diaepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

GRANT FOR PRIZES

Secretary W. S. Hooper of the Fredericton Exhibition has been informed that the Canadian Ayrshire Breeders' Association with headquarters at Huntingdon, Que., has voted a grant of fifty dollars for prizes at the Fredericton Exhibition of 1913. The money is to be divided as follows: 1. To four animals the get of one sire, bred and owned by the exhibitor. 2. To two animals the progeny of one cow, bred and owned by the exhibitor. Mr. C.G.P. McIntyre of Sussex is to be the Association's representative at the exhibition.

I Will Stake This Medicine
Against Your Time

A Few Days Will Be Sufficient to Prove That You Are Curable

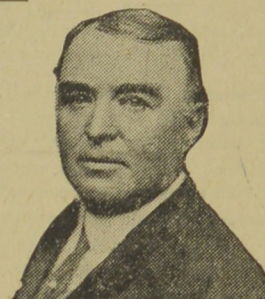

A few minutes of your time for a few days and I will demonstrate to you, without expense to yourself, that I have a medicine that drives Uric Acid poison from the system and by so doing cures kidney trouble, bladder trouble and rheumatism. I don't ask you to take my word for it, but simply want you to let me send you some of this medicine so that you can use it personally.

I am trying to convince sufferers from these diseases that I have something far better than the usual run of remedies, treatments and such things, and the only way I can demonstrate that fact is to go to the expense of compounding the medicine and sending it out free of charge. This I am glad to do for any sufferer who will take the time to write me. Understand, I will not send you a so-called "sample, proof or test treatment," nor will I send you a package of medicine and say that you can use some of it and pay for the rest, but I will send you a supply free of charge and you will not be asked to pay for this gift nor will you be under any obligations.

All I want to know is that you have a disease for which my medicine is indicated, as it is not a "cure-all," and I give you some of the leading symptoms of kidney, bladder and rheumatic troubles. If you notice one or more of these symptoms you need this medicine, and I will be glad to send you some of it if you will write me the numbers of the symptoms you have, give your age, and your name and address. My address is Dr. T. Frank Lynott, 850 Franklin Building, Toronto, Ont. You promise me nothing; you pay me nothing for it. All I ask, so there shall be no mistake, is that you send me the numbers of your symptoms or a description in your own words, and that you take the medicine according to the directions I send you. It is my way of getting publicity for my medicine so that it will become widely known.

You will agree when you have used it that it dissolves and drives out uric acid poison. It tones the kidneys so that they work in harmony with the bladder. It strengthens the bladder so that frequent desire to urinate and other urinary disorders are banished. It stops rheumatic aches and pains immediately. It dissolves uric acid crystals so that back and muscles no longer ache and crooked joints quickly straighten out. It reconstructs the blood and nerves so that you soon feel healthier and more vigorous, sleep better and eat better and have energy throughout the day. It does all this, and yet contains nothing injurious and is absolutely vouched for according to law.

Sufferers from these dreadful and dangerous diseases can surely afford to spend a few minutes each day for a

DR. T. FRANK LYNOTT who will send medicine to anyone

few days to demonstrate to their own satisfaction if they are curable, especially when you consider no expense is involved, and I willingly give you my time and my medicine. All any fair-minded afflicted person wants to know is if a certain thing will cure HIM or HER, and here is an opportunity to find out without cost, obligation or important loss of time. THESE FEW DAYS may be the turning point in your life.

All who are interested enough to write me for the free medicine will also receive a copy of my large illustrated medical book which describes these diseases thoroughly. It is the largest book of the kind ever written for free distribution, and a new edition is just being printed. I will also write you a letter of diagnosis and medical advice that should be of great help to you; but in order to do this I must know that you need my medicine. Write me the numbers of the symptoms that trouble you, and your age, and I will promptly carry out my promises. Show an inclination to be cured and you will be.

These Are the Symptoms:

- 1—Pain in the back.
- 2—Too frequent desire to urinate.
- 3—Burning or obstruction of urine.
- 4—Pain or soreness in the bladder.
- 5—Prostatic trouble.
- 6—Gas or pain in the stomach.
- 7—General debility, weakness, dizziness.
- 8—Pain or soreness under right rib.
- 9—Swelling in any part of the body.
- 10—Constipation or indigestion.
- 11—Palpitation or pain under the heart.
- 12—Pain in the hip joint.
- 13—Pain in the neck or head.
- 14—Pain or soreness in the kidneys.
- 15—Pain or swelling of the joints.
- 16—Pain and swelling of the muscles.
- 17—Pain and soreness in the trouble.
- 18—Acute or chronic rheumatism.
