TORY SPONGERS

Ever since parliament prorogued, the Tory Press has kept up a steady reiteration of the parrot cry that the Liberals defeated the Borden Naval Bill and refused to allow Canada to do anything but sponge upon Great Britain.

A few days ago, the London Free Press said, "The Canadians who are sponging upon the Empire are the Canadians who insist that Canada owes nothing to England. Their ancestors would be ashamed of them."

In his great speech on the Naval Bill in the Senate, on May 27th, last Sir George Ross declared—and his statement has never been contradicted—"The Naval Bill provides for a contribution of only \$35,000,000. A very generous contribution which we would cheerfully vote if no other consideration were involved. Under the Laurier Naval Act of 1910, now in force any number of millions could be contributed by parliament if they so desired. Why then harass parliament with a bill which is not required for emergency purposes and which is not as effective as the Act of 1910? If the honorable gentlemen are sincere, let them withdraw the bill now before us and submit to the house a supplementary estimate for ten or fifteen million dollars for the speedy construction of battleships wherever they can be built and then from year to year ask parliament for such additional sums as may be necessary.....If the government of the day wanted four or five battleships they could build them wherever they pleased under the Laurier Act of 1910."

But Mr. Borden and his party refused to build battleships under the Laurier Act of 1910. They wanted the money more than the ships. It is Mr. Borden and his followers who insist upon sponging on England rather than put into action the effective legislation for Imperial aid passed by the Laurier Government.

York County exclusive of Fredericton had thirty six patients in the provincial hospital last year. Of this number five were supported by the Municipality, eleven by friends and twenty by the province. Next year thanks to the progressive policy inaugurated by the \$4,500 premier, the County of York instead of supporting five patients at \$1.25 per week each will pay for the support of twenty-five at \$1 per week. In other words last year the taxpayers of the county dug down in their jeans for \$7.50 per week. Next year, thanks to the economical Flemming Government they have got to dig down for \$25 per week or more than three times as much. The ratepayers of the county of York will fail in their duty if they do not exact a pledge from every candidate for municipal honors to vote for the repeal of this iniquitous legislation. Candidates who are afraid to take the grip with the Flemming Government on this question should be elected to remain at home.

Moncton Transcript:—Is it true Mr. Gutellus' engagement as General Manager of Government Railways is only for two years by order-in-council? Is it true that he is only loaned to the Government Railways by the C.P.R. for two years? Is it true that during those two years Mr. Gutellus, who is loaned by the C.P.R. to the Government Railways, will make a new contract and agreement for new terms between the I.C.R. and the C.P.R.? Will there be a rush on the part of the Tory patriots to answer these questions.

Col. James K. Pinder of Nackawick was not among the Tory celebrities who greeted General Sir Ian Hamilton at McGivney's Junction yesterday. It may be said in Col. Pinder's favor that he is not a dress parader, but he is usually around when there is fighting to be done.

Only those composing the inner circle of local Toryism were permitted to share in the free ride over the I.C.

R. yesterday and the free lunch at the Barker House which followed. Of course the country must pay the bill.

For the first time in many years there was nobody to preside over the police court yesterday morning. Police Magistrate Marsh was summoned to McGivney to meet Col. Sam Hughes and the sitting Police Magistrate had gone away for a week end visit. As there were a number of cases awaiting trial the Chief of Police had to step in and adjourn the court.

The gallant Col. McLeod told General Sir Ian Hamilton that the militia camp at Sussex this year was the finest he ever attended. As the colonel did not spend one whole day in camp his testimony will be of great value to the Inspector General when he comes to compile his report.

Hon. Alfred Littleton, M.P., for St. Georges, Hanover Square and at one time secretary of state for the colonies in the Balfour Cabinet is dead at the age of fifty-six.

CHEERED THE VISITORS

A number of the faithful assembled in front of the Barker House yesterday afternoon and cheered Major General Sir Ian Hamilton and Col. Sam Hughes. While the band was playing a newspaper man travelling with the party came out and took a picture of the group. When they spied the camera several local leaders of Toryism undertook to get next to Col. Sam, and in the scramble that ensued Ex-Ald. Guthrie came out a winner. The minister however, persisted in talking to the bandmaster while the picture was being taken. The visitors went to St. John by special train and in the evening inspected the garrison of that city.

NO MORE ASTHMA A CURE DISCOVERED THAT REALLY DOES CURE

Thousands Testify to the Lasting Benefit Derived by This Marvelous Preparation

The country is simply wild over the wonderful cures of chronic asthma that are being made every day by Catarrhazone. It is a scientific surprise, a marvel the way it brings old chronics back to health. You will say so yourself after you have used it once, say so after the very first time. Ever since people first began to have asthma, Catarrhazone is certainly the remedy discovered.

Creighton E. Thomson, well known in Calgary, writes:—"Nothing too strong can be said for Catarrhazone. I suffered four years from asthma in a way that would beggar description. I went through everything that man could suffer. I was told of Catarrhazone by a clerk in Findlay's drug store and purchased a dollar package. It was worth hundreds to me in a week, and I place a priceless value on the benefit I have since derived. I strongly urge every sufferer to use Catarrhazone for Asthma, Bronchitis and Catarrh. The one-dollar package lasts two months, small size, 50c.; sample size, 25c., all storekeepers and druggists or The Catarrhazone Co., Buffalo, N. Y. and Kingston, Canada.
