

The Daily Mail

Published every afternoon (except Sunday) at No. 613 Queen Street, Fredericton, by THE MAIL PRINTING COMPANY.

Telephone No. 67

Fredericton, N. B., July 30, 1913

A NEW SCHEME

When is the new proposal to be made by Mr. Borden? It is known that while he is holidaying, playing golf with Sir Thos. Shaughnessy at St. John, N.B., he is also waiting important communications, from the admiralty and taking the C.P.R. magnate's advice.

If Mr. Borden's concluding words mean anything they mean that his new proposal will be for Canada to pay for these three ships WHICH ARE PART OF THE ADMIRALTY'S CURRENT CONSTRUCTION PROGRAMME, and put them at the disposal of the British Admiralty. That is going even further than his original proposition, in its sweeping return to the state of things which created revolution in the U.S. and caused a rebellion in Canada that eventually gave to the Dominion the constitutional form of government which Mr. Borden seems so anxious to abandon.

It is evident from the article in "The Navy" that the British Navy League does not agree with Mr. Borden's trumped up emergency hysteria, but agrees with Sir Wilfrid Laurier that it is not an emergency but a permanent condition which must be faced, and that this permanent condition requires a permanent policy to meet it.

Canadians must agree with "The Navy". "That the solution of Canada's part of the problem rests with Canada alone." It would be better for the empire if Mr. Borden would find out from the Canadian people what they really desire instead of continually trying to find out from Mr. Churchill what the admiralty prefers and then attempt to force this on the Canadian people.

FOSTER'S WANDERING

Hon. Geo. E. Foster is now in China, and will soon leave for Japan. It is stated that when he returns to Canada he will resume by cable the negotiations which he was unable to carry on while in Australia, because Mr. Borden was so anxious to get him away from Canada that he sent him to Australia in the midst of a general election there. Mr. Foster has been on the road as Canada's commercial traveller most of the time since he was appointed Minister of Trade and Commerce. So far his greatest achievement has been to make unimportant trade arrangements with countries whose trade with Canada for a year would not suffice to pay Mr. Foster's travelling expenses. Mr. Foster, however, has had a whale of a time as a traveller de luxe at the country's expense, and he has been kept where he could not bother Mr. Borden.

If Hon. Mr. Foster was a traveller for a business concern his job would have vanished long ago as a losing investment. The Borden government, however, is not a business concern, and they evidently consider Mr. Foster's absence cheap at the price.

Government newspapers have been telling us that the potato bug has disappeared from New Brunswick and The Mail was disposed to give the Flemming government credit for ridding the province of this pest. It seems, however, that the bugs have not gone but have simply mobilized near Hartland, Premier Flemming's home town. A correspondent of the Globe tells the story as follows:

"Hartland, July 28—The potato bugs are once more doing business at the old stand in the same old way. Their arrival has been as quiet and as mysterious as their failure to arrive on the usual date. The farmers are again resorting to the Paris green can, and the fond hope that the bugs had permanently joined the "Can't Come Back Club" is effectually crushed as far as this section is concerned. The erratic action of the potato bug has been the cause of much theorizing by the fireside naturalists."

If Mr. Pinder can only get the bye election in York called on while the autumn military manoeuvres are in progress he can capture the Tory nomination right off the bat.

THEN AND NOW

Premier Flemming in a recent interview with the St. John Standard is reported to have said:

"It would have been a great thing if we had got the Federal grant for roadways. Our local revenues are not sufficient to adequately deal with the road problem as quickly as we would like to."

Not many years ago there was a Liberal government in power in the province and the revenue was less than two-thirds what it is today; Premier Flemming thought it was ample for the public service including the roads. Time and again he accused the old government of extravagance for spending so much money. Now we have the admission from him that the revenue is not large enough to provide good roads. Hon. Mr. Flemming fooled the people when in opposition and he is humbugging them now. It is a great thing for a public man to have a smooth tongue, plenty of nerve and no conscience.

The St. John River at this season is in its fullest beauty of moss grown rocks and gravelled beaches, hill sides clad with varying foliage, over which the blue sky arches, reflecting in the rippling waters scenes that must prove attractive to the toil worn and health broken tourist. We know not the beauties of this river of ours, and therefore do not prize it so highly as we should. On the islands that mile after mile grace its bosom, what space can be found for summer houses that may not only house those of our people able to enjoy them, but may afford comfort and health to the crowded inhabitants of most of the cities of America.

Thanks to the enterprise of a number of Fredericton citizens the steamship service on the river this year is the best in years. A trip to St. John by the splendid steamer Victoria is one of the most attractive New Brunswick has to offer.

Mr. O. S. Crockett is not going to wait for Chief Justice Barker to retire from the bench, but is going to try and land the judgeship created last season. Mr. Crockett played a waiting game when Mr. Borden was selecting his Cabinet timber and got stung. While he was waiting in Fredericton for a summons from his leader Mr. Hazen scurried off to Ottawa and landed the prize.

Hats off to Private Hawkins of Toronto on winning the King's prize, the blue ribbon of the Bisley meet. This is the fourth time that the coveted honor has come to Canada. The money expended in sending a Canadian team to the Bisley meet is well invested.

Should there be a strike of the employees of the government railway system, it will be interesting to watch the attitude of the Tory back organs. They profess to be great friends of the labor interests, you know.

Well there is one satisfaction in connection with Col. McLeod's proposed trip to the Old Country, Mr. Pinder and Mr. Slipp have no reason to feel sore. They are not military men.

THIS DATE IN HISTORY

JULY 30.

1609—French under Champlain defeated the Iroquois near Ticonderoga.

1711—A British and Colonial fleet sailed from Boston for the conquest of Canada.

1718—William Penn, founder of Pennsylvania, died at Rushmore, England. Born in London, Oct. 14, 1644.

MEXICANS TO ATTEND CONGRESS

Vera Cruz, Mexico, July 30—A party of ten noted Mexican geologists has engaged passage on the Ward Line steamer sailing tomorrow for New York. They are going to Toronto to attend the International Geological Congress, which is to assemble in the Canadian city on August 7.

NEURALGIA'S BURNING PAIN CHECKED—THEN CURED

Stronger Proof of Cure Could Scarcely be Found Than This

WORST CASES CURED AT HOME

"To be really cured of Neuralgia is a marvel to me," writes Davidson E. Plummer, from Kingston. "During the six weeks Neuralgia held me in its grip I suffered agony. When I had used almost every remedy, hope fairly died within me. Twice every day the attacks would recur. Had the pain been persistent I could not have borne it. I was away out in Alberta when the attack came and was probably not robust enough for the conditions of life in the new country. I just had to suffer, as nothing seemed to subdue that awful burning pain. But relief was coming all the same, coming thousands of miles, for some new people came in from the Maritime Provinces and they brought with them a number of the Catarrh-zone Company's medicines, among which was a dozen bottles of Nerviline. Hearing of my sad plight, they sent me two bottles. At first the effect of Nerviline seemed to fluctuate. Hope would rise, then followed despair, but within twenty-four hours Nerviline's victory was assured. The first bottle cured and I am still well. The second bottle I have also used for colds, earache, toothache, sick headache and other internal disorders. I will never be without Nerviline again."

No home is either safe or complete without Nerviline. Family size bottles, 50c.; trial size, 25c., at all storekeepers and druggists, or The Catarrh-zone Co., Buffalo, N.Y.

BIRTHDAY CONGRATULATION

Henry A. DuPont, United States senator from Delaware, 75 years old today.

Robert J. Burdette, noted humorist and lecturer, 69 years old today.
