The remains were taken to Penniac where service was held at the Methodist church at 3.30 and interment made in the Methodist cemetery.

IN NEW QUARTERS

As will be seen by announcement in our advertising columns the Gem Theatre has been removed from the Church Hall to the City Opera House. The new theatre which Proprietor Richards is fitting up on the corner of King and Carleton Streets will not be ready for occupancy until July 1st and the Opera House will be used for the present. The Church Hall has become inadequate for the accommodation of the Gem's patrons, but there will be no danger of overcrowding in the present quarters. A first class performance will be given nightly and also on Saturday afternoon. Mr. Richards is determined that his new theatre shall be one of the finest in the Maritime Provinces.

FORESTRY STUDENTS
OF UNIVESITY
TAKE POSITIONS

Importance of That Department of
University Being Recognized to
Greater Extent--Where
They Go

The foresters in the University of New Brunswick are getting positions for the summer and it is hoped that majority will be placed before Encenia or shortly afterwards at least. Of the seniors, K. R. Macchum takes a position with the C. P.R. Forestry Branch, and H. B. Murray is the only man to go to British Columbia under H. R. MacMillan, Chief Forester, a classmate of Prof. R. B. Miller. R. K. Shives will go to Prince Albert, Saskatchewan, and in his party as assistant will be H. S. Laughlin, of the Junior class. G. P. Melrose of the same class is also with the Dominion Forestry Branch as well as A. M. Gunter and Don A. McDonald who will be assigned to the Dominion Experimental Farm where they will make studies of growth in the arboretum.

Jack Hipwell, Harry Holman, Frank McGibbon and Cortland Otty, the latter an engineer, have received positions with the C.P.R. Forestry Branch, at Calgary Alberta. All of these are Sophmores, C. L. Armstrong and C. R. Townsend of the Fredman have been placed, as well as Sam Weston, '14, with Mr. Reginald R. Bailey, Plaster Rock and will be on the Tobique with Foster Howe and H. C. Belyea, U.N.B. men engaged in cruising for the New Brunswick Land Co. On account of other men getting ready for examinations, five U.N.B. men, not foresters, were sent to Nova Scotia for the C.P.R., K. Vavasour, R. D. Jago, A. M. Brewer, Horncastle, and C. E. Maimann, leaving here last week for that work.

The Forestry Department at the U.N.B. is steadily growing in popularity and the usefulness of this science is becoming more generally recognized. The number of students in forestry it is expected will be largely increased next year.

METHODISTS OF
MARYSVILLE TO
REBUILD CHURCH

Contract Has Been Let to Mr. Alfred C. Higgs of Nappan, N.S.--Edific Will be Erected on the Old Site

Mr. Alfred C. Higgs of Nappan, N. S., has been awarded the contract to rebuild a church for the Methodists of Marysville to take the place of the splendid structure recently destroyed by fire. Mr. Higgs was at Marysville today and closed up the matter. The new church will be of wood and will be erected on the site of the old one.

Since the fire which destroyed their beautiful church nearly two years ago the Methodists of Marysville have been worshipping in a public hall. They have the insurance money from the old church on deposit in a bank and it is understood that the fund has been considerably augmented.
