

KIDNEYS WERE SO SORE DIDN'T KNOW WHAT TO DO.

GRAVEL AND SMALL STONES PASSED THROUGH THE URINE.

One of the most painful forms of kidney disease is Gravel or Stone in the Bladder, and is caused by the acid lime in the blood uniting and forming a gritty substance which lodges in the inner surface of the kidneys or bladder, and sets up a painful irritation.

To relieve these terrible pains it is necessary to keep the kidneys healthy for healthy kidneys secrete fluids that dissolve the gravel and stones, and they pass out through the urine harmlessly and without pain.

Mrs. Elmore Baldwin, Windsor, Ont., writes: "I was so weak I could not do my own work. I tried many doctors, and every one of them told me to go to some institution. Reading of Doan's Kidney Pills, I tried them, and am now well, and can recommend them to all. My kidneys were so sore I did not know what to do, but after using the Doan's Kidney Pills, you would be surprised at all the gravel and small stones that passed through my urine. Now I am well and able to do my own work."

Doan's Kidney Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. L. Co., Limited, Toronto, Ont. When ordering direct, specify "Doan's."

LIBERALS WILL OPPOSE NAVAL CONTRIBUTION

Ottawa, Feb. 21.—The Liberals met in caucus this morning with a full attendance of members to discuss the present political situation and the party attitude on the naval bill bank act, redistribution and other issues now before the House. No statement was given out at the close of the caucus beyond the announcement through Chief Whip Pardee that there would be no let up in the continued and firm adherence to the stand already taken by the party. The caucus was absolutely harmonious and the opinion was unanimous that Liberalism should oppose to the utmost the Borden naval policy of contribution and subversion of responsible government and of refusal to bring down a redistribution bill this session. The debate will therefore be continued in the Commons without any weakening on the opposition side.

WILL FIGHT PROPOSED CLOSURE

The Government's reported intention to bring in a summary closure next week was discussed by the caucus and it was decided to resist to the utmost any attempt to apply the gag. It was pointed out that the debate has as yet not been nearly so protracted as the Conservatives put up on the second reading of the Laurier naval bill in 1910, when on this stage alone, fifty Conservatives and thirty-six Liberals spoke. Not half that number have spoken as yet on the Borden naval resolution and the bill. Liberal members believe that each one has the right and duty to voice the views of his constituents when so vital a national and imperial principle is at stake. They believe that the right of free speech is as vital as the right of responsible government and will fight to the last ditch any infringement of either.

THE GOVERNMENT'S PLAN

While the debate on the second reading of the Borden naval bill will be kept up vigorously during the week the Liberals do not intend to unduly protract it, and a division will probably be taken on the Turf amendment on Thursday next. There are to be only two speakers yet before the Ministerial policy of complete silence will be invoked. Then probably all night sittings will be insisted upon by the Government with a view to forcing the hand of the Liberals. The Government is paying the way for an attempt at a sudden and dramatic closure through the refusal of Speaker Sproule to recognize any further Liberal speakers. It will be followed with a demand for an immediate division. Needless to say this will be resisted to the utmost by representatives of Liberalism who believe they have a right to freely voice the opinion of fully half of the electorate of Canada. Should the Government still persist stormy and sensational scenes are certain.

Questions of party organization were also discussed by caucus and a vigorous campaign outlined. It is learned that the Nationalists will again have to vote against the Government on the Turf amendment since they cannot again stultify themselves by declining to endorse the Liberal demand for an appeal to the country.

5000 FACTS ABOUT CANADA

The public will welcome the 1913 Edition of "5000 Facts About Canada" compiled by Frank Yeigh, the acknowledged authority on things Canadian and the author of "Through the Heart of Canada." Ten thousand copies are now sold all over Canada and the Empire, indeed the world.

"The Facts booklet is stuffed at full of information as a sausage is of meat" is the happy and true way an English Journal puts it, and the new issue which includes many new features and improvements, such as a colored map of the Dominion, presents a striking story of the wonderful advance of Canada in a single year. We talk in billions.

The booklet is issued at 25 cents a copy, by the Canadian Facts Pub. Co., 588 Huron Street, Toronto and is sold by all the leading news-dealers.

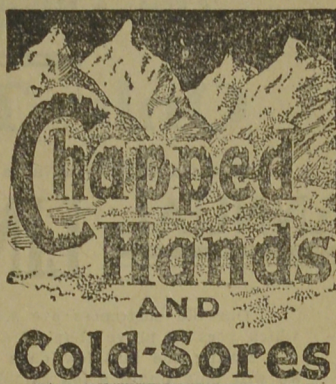

After Measles Whooping Cough or Scarlet Fever

is a critical period—weakened throats, delicate bronchial tubes and unsound lungs often follow; sometimes impaired sight or hearing.

Chapped Hands AND Cold Sores
Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night. Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk, and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rash, winter eczema, piles, ulcers, festering sores, sore heads and backs, abscesses, pimples, ring-worm, etc., cuts, burns, bruises, scalds, sprains. Of all drug stores and stores, or post free from the Zam-Buk Co., Toronto. Price 60c a box.

THE SPECULATION IN SILVER FOXES

A return of three hundred per cent. on the capital involved is what silver-fox farmers in the Maritime provinces received during the past year according to a report on Fur-Farming in Canada soon to be issued by the Commission of Conservation. The fur value of a silver fox varies from about \$300 to about \$2,500 according to the quality of the pelt, but the prices paid for foxes for breeding purposes far exceed this. In 1910, foxes were sold for breeders at from \$3,000 to \$4,000 per pair, i.e., not far above their fur value. In 1911, prices rose to \$5,000 a pair and about littering time, early in 1912, one pair sold for \$20,000. In the latter part of 1912, old breeders were variously valued at from \$18,000 to \$35,000 a pair.

This remarkable rise in the prices has been due to the keen demand for breeding stock by persons or companies wishing to establish themselves in the fox-ranching business. So keen is the demand for "breeders" that not a fox fit for breeding purposes is being slaughtered for its fur. Ultimately, the value of the silver fox must be determined by its fur value and not by the prices now being paid for breeders. It is plain, also, that, in the course of a few years, the numerous ranches in process of formation and which, at the present time, are creating such a demand for breeding stock, will be producing pelts for the market. The resultant increase in supply is certain to lower the prices paid for skins of this kind in the fur markets. While there is undoubtedly a sound basis for building up a paying industry in fox-farming, the public should weigh the matter very seriously before investing their money in companies (whose capitalizations are based on the remarkably high prices now prevailing for breeding stock. It should not be overlooked that nearly all those who have made large fortunes in the business have done so by selling stock for breeding purposes, not for their pelts.

It is estimated that October, 1912, there were about 800 silver foxes in captivity in Canada, of which about 650 were in Prince Edward Island. The principal points at which the industry is carried on are around Alberton, Summerside, Charlottetown and Montague in Prince Edward Island; Quebec city in Quebec; Port Elgin in New Brunswick; and Wyoming in Ontario. Each pair of foxes produces one litter a year consisting of from one to nine pups, and averaging about 3½ pups to a litter. They are sold for delivery in the first week in September and the fur is at its best the last week in December. So high is the speculative fever running in the industry that many of the unborn pups of 1913 have already been purchased and are partly paid for.—M.J.P.

TO LAY CORNER

STONE AT NIGHT

Boston, Mass., Feb. 25.—Owing to the fact that university presidents are very busy men nowadays, it has been decided to lay the corner stone of the magnificent new club-house of the Harvard Club of Boston at night instead of having the ceremony take place in the daytime as is usually the case. The ceremony will take place tomorrow night. The celebration will begin at the Hotel Somerset, whence, after addresses by President Emeritus Eliot and President Lowell of the university, members of the club will march to the site of the club-house, near the corner of Commonwealth and Massachusetts avenues, where the corner stone will be laid with impressive exercises. The Harvard alumni chorus will sing, red fire will be burned and "three long Harvards and three times three" will be given intermittently.

BASEBALL NOTES.

Mayor Rosslyn M. Cox, of Middletown, N.Y., will act as president of the recently organized New York and New Jersey League. Teams will be placed in Middletown, Long Island City Poughkeepsie, Newburgh and Kingston N.Y., and Paterson, N.J.

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th.
"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night."

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 miles to get them and I am pleased to inform you that in less than six hours, I felt relief.

In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

SID CASTLEMAN.

GIN PILLS soothe the irritated bladder—heat the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail.

Box a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto. 139

HON. MR. FIELDING ON THE NAVAL QUESTION

To the Editor of The Daily Telegraph
Sir,—In your issue of yesterday you give prominence to the statement of a correspondent which contains the following:

A number of supporters of the government are taking concerted action to defeat Mr. Borden's naval policy of making a direct contribution of three Dreadnoughts to the royal navy. They are anxious to do all in their power to rehabilitate the scheme of Sir Wilfrid Laurier, the leader of the Liberal opposition in the Canadian parliament, and are working in close association with the Hon. William Fielding, the late minister of finance in the Laurier administration, who came to this country immediately after the introduction of the Borden naval bill.

Today I learn that press cablegrams from London published in Canada, probably based on the remarks of your correspondent, report me as organizing opposition to the naval proposals of the Canadian government.

I have no disposition to be drawn into a discussion of the Canadian naval question, and therefore I much regret the use of my name by your correspondent. These reports give me a credit which I do not deserve.

The naval proposal of Sir Wilfrid Laurier, presented to the Canadian parliament in his recent speech, is an expansion of one which, with my cordial co-operation, he, as prime

STOPPED PRAYER IN LEGISLATURE

Indianapolis, Ind., Feb. 21.—Lieut. Governor O'Neill caused a sensation in the Senate yesterday when he stopped the Rev. E. R. Henry, of the Emmanuel Baptist Church of this city, who was making the opening prayer, and said: "Stop making a political speech."

The minister had prayed for the separation of the rum traffic from the state and for the day when Indiana would refuse to sell to men the right to make other men drunkards, murderers, filling prisons and benevolent institutions.

The Lieut.-Governor who had been showing signs of impatience vigorously banged the marble slab with his gravel and commanded the minister to stop. He ordered the journal to be read and Rev. Henry immediately left the chamber.

RING NOTES.

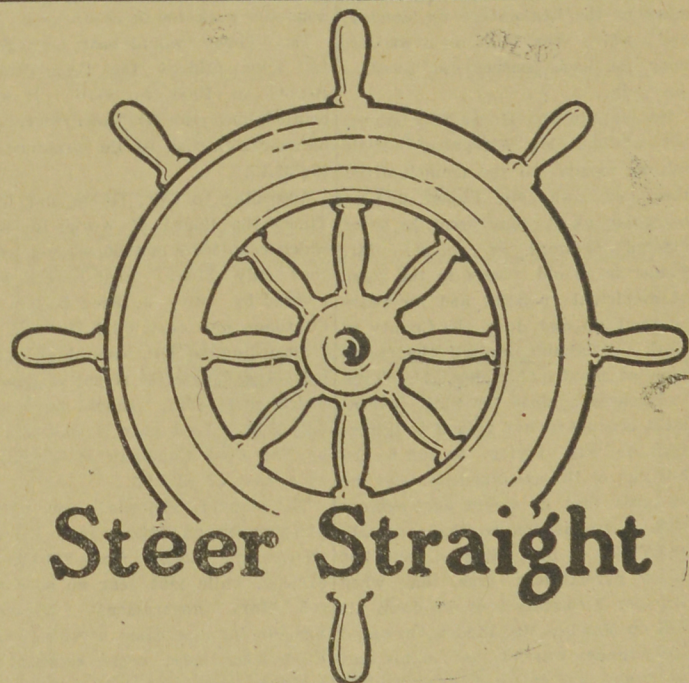

John Townsend a London boxer was fined \$5.50 in that city the other day for boxing as an amateur whereas he was a professional.

Frank Conley who is in Mexico, declares that he will become a professional bull fighter in the near future. This sounds like a "bull" is mixed up in it somewhere.

minister, adopted several years ago, which was first set forth in a resolution unanimously passed by the Canadian House of Commons, and which thus became the policy of the whole Canadian people. That unanimity—the outcome. I may say, of friendly negotiation between leading men on both sides of the house—was to my mind the most valuable feature of the movement. Naturally, I prefer that policy to the new one of the present Canadian government, the merits of which I do not wish to discuss here, but which, if adopted, it is now clear, can only be the policy of one political party in Canada.

If I thought I could do anything to secure the adoption of the Laurier naval policy, or of some compromise measure which would again bring the whole Canadian people together on this great imperial question, I would be happy to do it, for I cannot believe that a Canadian naval policy to which one-half of the people of Canada refuse assent can bring any real strength to the empire. But as I am not aware of anything that I can do in that excellent direction, I am content to leave the question in the hands of others.

Yours faithfully,
W. S. FIELDING.
