**DAMAGE FROM ICE
IN SOME SECTIONS**

Woodstock, N. B., March 22—The sudden breaking up of the ice and rise of water has caused considerable damage, especially in the low lands. Today the ice jammed at Red Bridge over the Meduxnekeag and the water backed up, flooding the country in that vicinity.

The lands of Charles Faulkner were overflowed, and before any action could be taken to prevent it, the water reached the buildings. The barn contained seven head of cattle, two horses and eighteen sheep, and all were drowned. The family had to flee from the house and at two o'clock the water was four feet high in the lower rooms.

John Martin's buildings, nearby, are also in danger, unless the jam breaks. He is unable to get his cattle out and has put them on the second floor in hopes of saving them.

The Red Bridge has moved off the piers and will probably go out when the jam starts. In any case, it is impassable. The destruction of the bridge at this point will greatly inconvenience a very large number of people, as it is used, perhaps, more than any other in this part of the country.

Quite a quantity of logs were carried out to the main river and will probably be lost to the owners. The ice in the main river started and moved down some distance, but it is still holding above the Grafton bridge. The water is falling tonight.

BRIDGE SWEEP AWAY.

Chatham, N. B., March 23—The heavy thaw on Friday started the ice in Barnaby River and Saturday morning the ice which piled up against the Barnaby River highway bridge swept the centre span from its foundation and destroyed the bridge.

This is an important link in the country's communication, and is about ten miles from Chatham. The centre span is covered and was about ninety feet in length. Four years ago the government spent a large sum on repairs.

The water in Barnaby River is way over its banks and was never known to be so high at this season of the year. A heavy freshet is looked for in the Miramichi River, though as yet little rise has taken place.

Yesterday's cold snap halted the thaw. On Friday the thermometer went to 64, and last night was down to 18 above.

It is reported that the bridge at Blackville has been moved by the ice and trains cannot cross on the way from Fredericton to Chatham. The Fredericton express, which should have arrived at 11:30 last night, did not arrive until 7:30 this evening, owing to the washouts.

H. A. POWELL PRESIDENT

The organization meeting of the Smith Silver Black Fox Company, Limited, was held in the head office, at Montague, on Thursday evening.

H. A. Powell, of St. John, was elected president; J. W. Carruthers, Montague, general manager; A. T. McKay, Montague, treasurer; C. H. McLean, of St. John, secretary; A. C. Jardine, of St. John is a director. The company is capitalized at \$150,000 and almost the entire amount has been taken up. Most of the stock was sold in New Brunswick, but blocks have been taken up by investors in other provinces, in the States and in England.

**ON TRIAL FOR
KILLING A FARMER**

Harrisburg, Ill., March 24—John Woodruff was arraigned in the circuit court here today to stand trial on an indictment charging him with the murder of George H. Muggs last October. While on a hunting trip Woodruff and two companions are said to have trespassed on the grounds of Muggs, who was a wealthy farmer. Muggs ordered the hunters off his premises and in the quarrel that ensued Woodruff is alleged to have shot and killed the farmer.

A FIGHT FOR LIBERTY

There has been nothing like what is going on at Ottawa since the time of the Long Parliament. They were fighting for the peoples' liberties then. So are we, and in carrying on that fight we cannot do it better than under the British flag, which is the emblem of courage, endurance and the imperishable pledge of liberty. . . . Mr. Borden's policy is worse than a blunder, it is a crime against Canada, and a crime against the British Empire. —Dr. Michael Clark, M. P., at Toronto, March 14.

Walter Jones will star next season in a play entitled "The Royal Boy."

John Flood will support Grace Filkins in "The Love Leash."

GIBSON NEWS

Interesting Reminiscences by Old
Timer—Easter Services Well
Attended

Gibson, March 24—Mr. and Mrs. William Rice, Sr., and little girl of Bristol, New Hampshire expect to leave for home this evening after a delightful visit with friends in Gibson. Mr. Rice came here in reference to some property, which was left to him by his brother the late John Rice whose widow died a few weeks ago. Mr. Rice had a large number of callers during his short stay, in conversation with a representative of The Mail, he told some interesting stories of the good old days 'spent in the Nashua' as he was for a number of years employed by Mr. Alex. Gibson when the "Lumber King" was building the cotton mill. Mr. Rice acted as pilot of the schooner that brought the boilers for the mill up the Nashua. He said that when 12 o'clock Saturday night arrived Mr. Gibson made all hands knock off saying "I will not allow Sunday work." This was notwithstanding the fact that the water was dropping very fast. Mr. Gibson remarked that he would rather keep the schooner all night after midnight Sunday than summer than break the Sabbath crew were called together and the schooner was again towed down the Nashua to the main river. Mr. Gibson has always observed the Sabbath day throughout his busy life.

The Easter services in all the churches were well attended yesterday. In the Methodist special music was rendered by the choir assisted by the Gibson male quartette at last evening's service.

Miss Lottie Babbitt is spending the holiday at her home here.

Miss Ruby Howard of the telephone exchange, Houlton is home for the holidays.

**PROMINENT ORANGEMAN
HAS PASSED AWAY**

Moncton, March 23—Much regret was expressed here today at the news of the sudden death of I.C.R. Conductor Phillip E. Heine, who passed away at 11 o'clock Saturday night of hemorrhage of the brain.

Mr. Heine went out with his train the Ocean Limited on Thursday last but was taken ill shortly before arriving in Campbellton. He returned to Moncton as a passenger on Friday and at once went to bed. During Saturday he became worse, but he retained consciousness and conversed with his wife a few minutes before he died.

Mr. Heine was born in Norton, Kings County, in 1855, the fifth son of the late Henry A. Heine, and entered the service of the Intercolonial forty-three years ago. He was one of the oldest conductors on the road and in that capacity had a most successful career. He was also one of the best known members of the Loyal Orange order in New Brunswick and in 1903 was elected provincial grand master. He also attained the highest degree in the order Red Cross of the Black Knight of Ireland.

He is survived by his widow, three sons and three daughters. Interment will be at Norton on Tuesday morning after the arrival of the Maritime Express from Moncton.

PLAY BY MRS. CORNWALLIS WEST

London, March 24—A large party of critics, politicians and society folk are going up to Glasgow tomorrow to attend the initial performance of "The Bill." Interest in the play arises chiefly from the fact that it was written by Mrs. George Cornwallis West, formerly Lady Randolph Churchill, who recently secured a legal separation from her husband. The piece is a four-act political comedy dealing with a universal suffrage bill.

MURDER TRIAL BEGINS IN DALLAS

Dallas, Tex., March 24—The case of J. A. Clopton under indictment for the murder of Capt. J. L. White, was called for trial in the criminal district court today. Clopton is alleged to have shot and fatally wounded Captain White in the offices of the Republic Trust Company on February 20. The victim was treasurer of the trust company and one of the best known citizens of Dallas. One of the principal witnesses at the trial will be Andrew Silvers, vice president of the trust company who was shot and seriously wounded at the same time Captain White was killed.

A new opera to be produced next season is called "Maid of the Mist." William Faversham contemplates another season of Shakespearean repertoire.
