**McMurray Book & Stationery Co., Ltd.****EGG DEALERS PLAN  
A RADICAL CHANGE**Would Abolish "Case Count" and Buy  
on Basis of Quality

(Montreal Gazette)

That the system known as the  
"case count" which has prevailed in  
the egg trade for a number of years  
provides no discrimination whatever  
and that under it the producer, with  
no reflection on the hen, is not en-  
couraged to market an article of  
high quality was the decision come  
to yesterday afternoon in the rooms  
of the Board of Trade at a largely  
attended meeting of the egg trade of  
the Provinces of Ontario and Quebec.  
The remedy for this state of affairs  
was suggested as taking the form of  
an Eggs Marks Act, similar to the  
act governing fruit. The formation of  
a new produce association was also  
proposed.Determining means whereby con-  
sumers and merchants could be pro-  
tected against the marketing of stale  
and rotten eggs was the primary ob-  
ject of the meeting. Under the pre-  
sent system when bad eggs are found  
in the cases there is no recourse for  
the dealer to take, and the opinion  
of the meeting was that the "case  
count" where a flat rate is quoted,  
stale and bad eggs commanding just  
as high a price as those of the high-  
est grade—is equivalent to placing a  
premium on careless and dilatory meth-  
ods in the production and care of  
this product. Moreover, it was pointed  
out that the country storekeepers  
received no encouragement to market  
an article of high quality.The opinion was unanimous that  
legislation should be secured to pre-  
vent the sale of such products and  
full approval was given to the pro-  
posal to adopt a new system where-  
by due discrimination should be  
made between good and bad eggs.  
The following resolutions were un-  
animously adopted:Resolved, "That it is the consensus  
of opinion of those assembled in  
this meeting that the greatest need  
of the Canadian egg Trade at the  
present time is the passage by the  
Federal Parliament of an Eggs Marks  
Act, similar to the Fruit Marks Act  
such act to make unlawful the buy-  
ing, selling or trading in rotten eggs  
and to include such other regula-  
tions as may be thought advisable to  
promote the best interests of all  
concerned.Resolved, "That the egg dealers  
assembled here unanimously approve  
of the proposal to change on June 1,  
1913, from the present system of  
buying eggs to a system of buying  
only on a basis of quality, and fur-  
ther, we disapprove of paying for  
any rotten eggs in our receipts after  
that date.Resolved, "That the chairman ap-  
point a committee to draft a con-  
stitution and to take steps in con-  
junction with the trade in other pro-  
vinces to form an association to be  
known as "The Canadian Produce  
Association" with a view to bring-  
ing together the city and country  
wholesale produce dealers, and fur-  
ther, that a meeting be called in  
Toronto at an early date to give  
effect to this resolution.Representing the Federal and Pro-  
vincial Government the following of-  
ficials attended at the request of the  
trade: Mr. W. A. Brown, Live Stock  
Department, Ottawa; Mr. J. H. Hare,  
Live Stock Department, Ottawa; Mr.  
F. C. Eford, poultry manager, Ex-  
perimental Farm Ottawa; and Pro-  
fessor W. R. Graham of Guelph.

Sing Yankee Doodle Doo!If you want to be successful  
You must begin in time;  
Before the last election  
I brought them into line;  
I was well equipped for business  
As time has proven true,  
And now the rest is easy—  
Sing Yankee Doodle Doo!So here's a health to nerry Kidd;  
I'll drink a flowing bowl;  
I'll ne'er forget this kindness  
So long as time may roll;  
He may prate about the poor man  
To those with noses blue,  
But I got all the lands I want—  
Sing Yankee Doodle Doo!

York County, N. B., March 18.  
It is said that Gaby Deslys has  
received an offer of more than \$6000  
a week for four weeks in Buenos  
Aires.need of a system of payment based  
upon quality was set forth by these  
speakers Their proposal was followed  
by continued and animated discus-  
sion, but through it all it was clear  
that the majority of the meeting  
was heartily in sympathy with this  
or any other measure that would en-  
able the producers and needless loss  
due to the marketing of bad and de-  
teriorated eggs.It was further pointed out by cer-  
tain members present that it would  
certainly be unwise not to take ad-  
vantage of the experience gained by  
a number of the States, notably  
Kansas and Michigan. What was pro-  
posed at the meeting had already  
been worked out in a practical way  
in three States with the result of  
very greatly conserving this valuable  
product by eliminating needless loss  
and thus making the poultry enter-  
prises more remunerative for the  
producer and the price of the pro-  
duct cheaper and its quality more  
dependable for the consumer.THESE steamships have
