## OPPORTUNITY FOR LIBERALS TO HELP ALONG THE CAUSE

Ottawa, May 7, 1913.

TO THE LIBERALS OF NEW BRUNSWICK:

Efficient organization is the keystone of success in business or politics. The recognition of this fact and the request to their supporters to join in sharing the necessary expense brought success to the Democratic leaders and their party in the United States Presidential elections last year. The funds for legitimate party purposes, such as organization, printing, publicity and travelling expenses, were raised by a popular subscription.

The Liberals of New Brunswick are in need of more thorough organization, of committee work and wider distribution of party literature, for which purposes a considerable sum of money will be required. We believe all loyal supporters of the party will be ready and willing to subscribe to such a fund, and we ask them to do so.

The Liberals are today fighting in the House of Commons for free speech and the people's liberties. We do not know how soon they may be called upon to struggle for their rights at the polls.

We must be ready. The Liberal party must be ready and the only way to be prepared is to organize.

In asking the financial assistance of Liberals for that purpose we are inviting every member of the party to co-operate and stand shoulder to shoulder with us in this memorable struggle. We neither expect nor desire assistance from the trusts, or wealthy corporations, whose interests may clash with the interests of the common people, and this appeal is therefore made to the masses of the electorate, who desire to maintain the rights of the people. It is far more desirable in the interest of the party that the subscriptions should be general, coming from every parish in the province, in other words, that there should be a large number of subscribers for small amounts rather than a small number of subscribers for large amounts.

Subscriptions for any amount from one dollar and upwards will be received by those in the different polling districts in the parishes who are authorized to do so, as well as by the County Treasurers, who will forward all amounts they receive directly, as well as those from parish collectors, to the Provincial Treasurer who will acknowledge the same.

The funds collected will be expended under the direction of the undersigned Provincial Committee representing the Liberal members from New Brunswick in the House of Commons and subject to the audit of Henry E. Hill, of St. Stephen.

H. R. EMMERSON  
F. B. CARVELL  
O. TURGEON

The treasurer for York County will be Mr. C. Fred. Chevalier of this city. Dr. J. B. Curtis of Hartland is treasurer for Carleton and Hon. L. P. Farris of White's Cove, treasurer for Queens.

### KAIKERS ONLY DAUGHTER

(Continued from page one.)

The truly royal trousseau of the Princess, carefully selected by her during the past few months, and the magnificent wedding presents from the royal house of Europe, the rulers and the governments of other foreign countries and the loyal citizens of the various States and cities of the Empire have been on exhibition in a well guarded room of the Imperial palace for several days, but only to the members of the court and some privileged visitors. The aggregate value of the jewels and other gifts is estimated at \$1,000,000, but the most princely gift of all, it is believed, will be the gift of Emperor William, consisting of the crown of the Grand Duchy of Brunswick to which will be added a considerable slice of the old kingdom of Hanover now a Prussian province, including the district of Lüneburg.

This arrangement will bring to a most felicitous ending the feud between the Hohenzollern and the Guelphs which for more than fifty years has caused a great deal of friction in European politics and has greatly complicated the political relations between Germany and England. The feud dates back to the time of George I., who, when succeeded to the English throne was both Duke of Brunswick-Lüneburg and King of Hanover. At that time there was no German Empire, and the Duchy and the Kingdom were independent States in which their rulers held large property and revenue rights. There was another house of Brunswick-Wolfenbüttel, which terminated, however in 1844 by the death of the last Duke, William, Duke of Brunswick. The Dukedom was then claimed by the house of Brunswick-Lüneburg, which is now represented by Duke Ernest August, Duke of Cumberland. Political complications caused the German Emperor to oppose the succession of the Duke of Cumberland to the title of King of Hanover and to the enjoyment of the possession of the Duke of Brunswick. All efforts of mediation by the late King Edward proved without avail and it will remove a great deal of ill feeling and bitterness if the young Prince is restored to the title and possessions denied to his father.
