Arthur Irwin makes the broad statement that "Frank Chance is the first real manager that Mr. Farrell has ever signed." Whoop-la! What will Clark Griffith, not to speak of some others say when he reads what Arthur has said in his enthusiasm for Chance. Most of us believe that Griffith earned his spurs long ago as manager. Here in Boston, we have not forgotten that championship of 1904 which was only settled on the final day of the season and on the New York American Club's grounds. Srely "Griff" added to his reputation last year.

The Curlers meet tonight to elect skips for the matches at St. John. The curling season is on all right.

There have been many famous families in sport in America and Great Britain, but the record of the six Petersen brothers of Ireland has few parallels. All are expert hockey players, and at one time five of them played together on the same international team representing Ireland. By hockey we mean field hockey, which is a very popular game on the other side. The six brothers played on the Palmerston Club and in six successive seasons while they were on the team, they lost only two games out of 160, Dublin University winning those two contests.

Tomorrow is the day stated for the opening of the matinee season of the Celestial City Driving Club.

Mount A. has agreed to the Intercollegiate hockey schedule and U. N.B. is setting about building up a team. Archie Sterling formerly of the U.N.B. and Fredericton teams being coach. As matters are at present the college team will depend largely on the material available in former years. Goal is going to be a hard position to fill. The forward line may be braced up by some new material but that is not definitely known yet. Blaine Pugh is in the same with the Red and Black again.

The Berlin Club of the Canadian League has been sold by Owner W. J. Williams for \$2000 to new stock company, the Twin City Athletic Association. This company has elected the following Board of Directors: Dr. F. H. Kalbfleisch, Ald. H. A. Hagen, J. J. MacCallum, W. Witt and C. N. Huethers.
