## LOSSES OF KING GEORGE IN C. P. R. STOCK

New York, June 10—A cable to the Tribune from London says: Heavy losses suffered by King George in the recent big slump of the stock market were the occasion for a prolonged audience which Sir George White, the King's private solicitor had with the King, the morning after Derby Day. The consultation was to arrange for the realization on certain securities held in trust for the King, Lord Stamfordham and another member of the household and the Queen took part in the conference.

The King's losses are understood to have resulted from extensive operations undertaken on his behalf in Canadian Pacific. Last week that stock declined 14 points in the London market, and the king's loss is stated to be \$100,000.

Lord Revelstoke is the King's private financial adviser and the operations in Canadian Pacific were undertaken contrary to that banker's advice.

## THE MARKET IMPROVED

### Investment Buying and Short Covering Causes Boost in Stocks

#### Canadian Pacific Closed in London at 218 1-2--The Whole American List is Stronger

New York, Jan. 11—Opening was strong active with large volume of buying by commissionaires much of it for account of customers who intended to pay out right for what they bought or to put up such substantial margins that they might, to all intents and purposes be regarded as investment purchasers.

The more favorable view taken of Minnesota decision and such expressions of opinion as that of President Taft was reflected in an increased buying movement and heavy covering of shorts all through the list.

#### JEWISH FESTIVAL

The feast of Pentecost began with the Jewish people at sunset yesterday. It will continue for two days. This feast falls fifty days after the feast of the Passover, and it is from this fact that it acquires its name. It was formerly known as the "Feast of Weeks," because of its falling seven weeks after the offering of the first sheaf of the harvest at the "Feast of Unleavened Bread." Its Hebrew name is "Shvinoth." There are many interesting observances connected with the festival.

London settlement began today.

## HOME RULE BILL CARRIED BY NINETY-EIGHT MAJORITY

### A Motion by Hon. Mr. Balfour to Reject the Measure was Defeated--A Fiery Outburst by Sir Edward Carson--Says the Imposition of Home Rule Means Civil War in Ireland--Lord Charles Beresford Ready to Fight

London, June 10—The House of Commons tonight passed the second reading of the Home Rule for Ireland bill without division, an amendment moved by Mr. Balfour for the rejection of the bill, having been defeated 368 to 270.

The announcement of the figures was received with an outburst of cheering by the Liberals and Nationalists. The debate was marked by fiery declarations by the Orange speakers who predicted that the imposition of Home Rule would result in civil war in Ireland. Sir Edward Carson, the Irish Unionist leader, said:

"For my part I will continue to support the Ulstermen and will take full responsibility for their resistance. You may seize their arms or send troops, but you will not settle the Irish question. You know that you are crowing about peace when there is no peace and you will fail in your object."

#### BERESFORD READY TO FIGHT.

Lord Charles Beresford declared: "If the government sends troops to Ireland I shall offer my services, poor as they may be, and help my fellow-countrymen."

The opposition leader asserted that even if the country was appealed to and a general election favored Home Rule, Ulster would not submit.

John E. Redmond, the Irish Nationalist leader, said that Sir Edward Carson's speech was the most violent he had ever delivered. Sir Edward had taken upon himself a grave responsibility and did not represent Ulster's opinion. The Nationalists were willing to make any concessions.

"But," added Mr. Redmond, "twenty-four counties will not allow themselves to be intimidated by four."

The bill now enters the suggestion

## McINTYRE IN GAGETOWN JAIL ON MURDER CHARGE

Sheriff Russia Williams of Queen's County and three constables arrested Charles Medley McIntyre, colored, at his home in Upper Gagetown yesterday afternoon on the charge of murdering Gabriel Sabatis an Indian who also makes his home at Upper Gagetown. McIntyre was taken to the jail at Gagetown and locked up. His preliminary examination will begin at 2 p. m. on Monday next at Queen's County Court House before Magistrate John F. Hoban. Mr. P. A. Guthrie of this city has been retained as counsel for McIntyre. Mr. J. R. Dunn, clerk of the peace for Queen's will appear for the crown. McIntyre made no resistance when put under arrest and appears to feel his position keenly.

Stories concerning the killing of Sabatis vary in detail. It occurred Tuesday morning. McIntyre and the Indian were working side by side in W. R. Coy's saw mill at Upper Gagetown. Something went wrong with their work and the negro told the other to clear away some lumber. The Indian did not and McIntyre seized a piece of edging either threw it at him or struck him with it. The Indian received a blow on the head and fell at once. He died about forty minutes afterward, medical aid being useless. McIntyre left the mill and ran to his home, where he was arrested later.

The affair has caused great excitement in and about Gagetown. There was some doubt as to procedure in the case and A. R. Shipp, M.P.P. of this city, who represents Queens in the Legislature, was communicated with by telephone and advised the immediate arrest of the man.

The prisoner is well known in this city. He is a son of the late Her-

bert McIntyre, is about twenty-five years of age and has been married some three years. His wife gave birth to a child on Saturday last. McIntyre is a man of small stature. While living in this city last summer he was employed by Mr. Wm. Staples. He went to Gagetown last fall and has lived there since. He has relatives in this city.

Sabatis, the "murdered Indian," is known to the Indians of this section and has relatives on both the St. Mary's and Oromocto Reserves. He lived with a number of other Indians who have squatted on the Estabrooks property near Coy's Mill in Upper Gagetown. Indian Commissioner N. J. Smith of Fredericton, has been applied to for assistance for the children and wife of Sabatis. The youngest child was born but a short time ago.

#### BAD BLOOD REPORTED.

It is reported that bad blood existed between Sabatis and McIntyre. The latter belongs to a considerable colored population of that part of Queen's County, which regards the Indians as interlopers, particularly those who seek employment at Coy's Mill.

The local letter-carriers made their appearance today in handsome straw hats which will be part of their uniform during hot weather.

## GIANT LINER SAILED TODAY

### Largest Vessels in the World Now En Route to New York

#### Big Crowd Assembled at the Hamburg Docks and Gave Her a Hearty Send off

Hamburg, June 11—The Hamburg-American Company's new liner Imperator sailed today on her maiden voyage to New York. An enormous crowd congregated at the dock and along the waterfront and with cheers gave an enthusiastic "bon voyage" to the new "Goliath of the Ocean." The big vessel, which is a triumph of marine architecture, steamed gracefully out of the harbor, carrying a complement of more than 4,000 passengers, among whom were many well known Americans. It is expected that under ordinary circumstances New York will be reached next Tuesday evening or early Wednesday morning.

When the Imperator ties up at her dock in the North River next week New Yorkers will have an opportunity to inspect the largest vessel in the world. She has a gross tonnage of 50,000 (or nearly 5,000 tons greater than the Olympic) and is of the same general dimensions as the great Aquitania now nearing completion for the Cunard line. There are eleven decks on the liner. The promenade deck is a quarter of a mile long, so long in fact that a person standing at one end could not recognize a person at the other end. River steamboats of average size could sail lengthwise through one of the giant funnels of the Imperator.

One of the novel features of the big vessel is a roomy swimming-pool in a beautiful Pompeian hall. Among other luxuries with which the vessel has been fitted are a great entertainment hall two stories high, three electric elevators, a completely equipped gymnasium, a "cottage" cafe, a winter garden and a Ritz-Carlton restaurant. The main dining salon is 300 feet long.

Mr. Drew is ably supported in this special offering by Telford Johnson, Edith Storey, Rose Tapley and others. A sensational story of western mining life, "The Thwarted Plot," and a comedy photoplay, "Paying the Board Bill," will also be shown in today's program.

#### DRANK PARIS GREEN.

A sad case of suicide is reported from a farmhouse two miles from St. Stephen. John Giles Jr., lived there with his wife, who was formerly Miss Rebecca Davit of Brookway, and with whom he was united in marriage about two years ago. For the past year Mrs. Giles had been ill with nervous trouble and was constantly attended by her husband and a woman housekeeper. Yesterday afternoon she escaped from their vigilance for about ten minutes and when search was made she was not to be found. Late in the afternoon her body was found in some woods back of the house, death having resulted from the use of Paris green.

Mr. James Essonca, a well known farmer of Newcastle, is among the visitors to the city today.
