**"In the Case of MY Little Girl—"**

In choosing and using a soap for your "Little Fairy" you will find no soap so mild, so neutral, so agreeable to tender skins as FAIRY SOAP.

Being made from products that you could eat, FAIRY SOAP agrees with even the tender skin of a babe.

## FAIRY SOAP

is white—pure—floating. It comes in a handy oval cake. We could charge you five times the price asked for FAIRY SOAP and we could add nothing to its quality.

In higher-priced soaps you are paying for high-priced perfume and fancy wrappers—not better soap.

Made by THE N. K. FAIRBANK COMPANY Montreal

## "I ATTRIBUTE MY CURE SOLELY

And Entirely To Taking "Fruit-a-tives"

HULL, QUE., Dec. 24th, 1909  
"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks. Three doctors attended me for two years and gave me all kinds of medicine but did me no good. My weight came to only 80 pounds and everyone thought I was going to die. Finally, I had the good fortune to try "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved. Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness. I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as a miraculous remedy."

## IMPORTANT

## STATEMENT BY CHURCHILL

London, April 1—In the debate in the House of Commons today, Winston Churchill, First Lord of the Admiralty, made one noteworthy statement of no little importance to Canadians. He said:

"Canadian ships are absolutely necessary for the whole world defence of the British Empire from the end of 1915 or the incoming of 1916 onwards. The fact that they are necessary is no measure of their value. We can build three ships ourselves, if necessary."

"It is the fact that this new great nation is coming forward with all its measureless strength and wide possibility to testify to the enduring life of the British Empire which has already produced an impression throughout the world."

"This is of more value than many Dreadnought ships, the impression which conduces both to the safety of this country and the peace of the nations."

"No difference in method which separate the proposals of Mr. Borden's government from those of that far-seeing Imperial statesman, Sir Wilfrid Laurier, are of vital importance."

"The Admiralty have expressed their opinion as it was our duty, as to which was a more convenient method, and which method will be the most quickly helpful and most effective for the common good of the British Empire; but, from a wider standpoint than any which the admiralty can occupy, the principle of Canada coming forward before the world is of inestimable value, and that is the principle on which I understand both Liberals and Conservatives in Canada are at one."

## "What a Charming Surprise"

You will say when you see our New Wall Papers for 1913. A surprise because we can show you some decorative effects, which you could hardly realize could be produced from Wall Papers. A surprise to learn how very small the cost of such decorations would be. A still greater surprise when these papers are hung and you find what a beautiful home they have made for you.
