## Keep Out the Weeds

Weeds unchecked will ruin the crop.

It isn't sufficient to plough and sow well in Spring and Fall and leave the rest to nature.

There are weeds to fight.

There are weeds in Business, too—weeds of competition and opposition—of public indifference from without, and of lack of enterprise from within—weeds that unchecked seriously retard business growth.

Cultivation is the only effective weed-killer. Keep cultivating and the weeds never get a chance to thrive.

There is a combination plough and harrow, fertilizer and spray, for every business—an effective weed-killer that will keep out the weeds.

*It is Advertising*

It is not enough to plough and sow well with advertisements in Spring and Fall and leave the rest to human nature.

Human nature and the respect your customers bear you are not proof against the Summer weeds that can thrive on rest and apathy.

You must keep busy in the hot weather—you must keep cultivating.

Turn Summer dullness into activity by Summer Advertising. Plan Summer attractions and plant for a crop of Summer profits, and the Advertising cultivation will keep out the weeds.

## MANITOBA'S MINISTER

(Continued from page 5)

"I did not think I was coming here to take part in what is developing into a political fight," he declared with heat. To loud protests he replied, "You can say what you like, it is a matter of politics pure and simple." This brought a chorus of denials and there was considerable disorder for a time. In the course of his long statement Mr. Coldwell declared that he had been charged with having fooled those in the Legislature who supported his amendments to the school law. On the contrary he defied them to say this to himself. "The Roman Catholics have not got the benefit from them. Show me how they will get it. They have not asked for anything under these amendments, they have not done anything for a year, and yet my friends come and say the amendments are dangerous and likely to introduce separate schools."

### THREATENS TO RESIGN

Quoting his statement to the Legislature that he would resign his position as Minister of Education if the amendments would introduce any semblance of separate schools, Mr. Coldwell, after again stating that he should be treated fairly, said: "I repeat that before any separate schools are introduced by any Legislature in this Province I shall resign my position."

## Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to
