Biliousness

is certainly one of the most disagreeable ailments which flesh is heir to. Coated tongue—bitter taste in the mouth—nausea—dizziness—these combine to make life a burden. The cause is a disordered liver—the cure Dr. Morse's Indian Root Pills. They go straight to the root of the trouble, put the liver right, cleanse the stomach and bowels, clear the tongue and take away the bitter taste from the mouth. At the first sign of biliousness take

WORDS OF CHEER FOR LIBERAL LEADERS

Ottawa, Aug. 6.—From Canada's most remote hinterlands comes a message of unequivocal allegiance to Liberal principles and a hearty endorsement of the stand recently taken by the leaders of the Liberal cause in the upper and lower Houses of Parliament. The Yukon Territorial Liberal Association have forwarded the following resolution to Sir Wilfrid Laurier and Sir George Ross which were passed unanimously at the annual meeting of the association on July 10th.

"To the Right Honorable Sir Wilfrid Laurier, P.C., G.C.M.G., M.P., Leader of His Majesty's Loyal Opposition:

"Resolved and unanimously agreed, that the entire approval and endorsement of this association be extended to yourself and your worthy lieutenant for the manly and patriotic stand taken in parliament and throughout the country on behalf of the people of Canada and the empire upon all great questions of national importance and more especially against the proposed naval contribution of thirty-five million dollars; the infamous gag rule; the highways bill; the banking act (the latter two without the necessary public safeguards); and that we further pledge you a continuation of our unwavering loyalty and support and further;

ENDORSE THE SENATE.
"To the Hon. Sir George Ross, Kt., LL.D., Leader of the Opposition in the Canadian Senate:
"We desire to congratulate you on

the high imperial and Canadian stand you have taken on the navy question. We unhesitatingly condemn the policy of contribution, which has been described by Sir George Tupper as preposterous, by Hon. George E. Foster as bearing the aspect of hiring somebody else to do what we ourselves ought to do and by the Right Hon. R. L. Borden as 'bound to conduce, if anything could conduce, to severing the present connection between Canada and the empire.

"We believe, with the Liberal party throughout the length and breadth of Canada, that it is the duty of the Canadian people to support the empire in case of stress, not merely with empty ships but with our services and our lives and that any other policy is un-Canadian, un-British and in every way ignoble and worthy of contempt.

"The proper constitutional and the natural development of the Dominion

of Canada, calls for service on both oceans and no other policy should be adopted by the parliament of Canada without the expressed approval of the people."

The resolutions were signed on behalf of the association, by W. E. Thompson, president, and W. J. O'Brien, secretary.

COCHRANE'S METHODS.

Chatham World (Tory).—Hon. Frank Cochrane is praised for taking vigorous measures for completing the Trent Canal, which has been absorbing more of less public money annually for several years. It commends itself to Mr. Cochrane, though there is absolutely no prospect of its paying running expenses and yet he has abandoned the Chelmsford section of the Canada Eastern Railway on the ground of economy! The canal is in Ontario and the railway in New Brunswick.

Fills a Human Need

Some fifteen years ago Grape-Nuts was originated for the purpose of coming in a food delicious flavour, rich nourishment and easy digestion.

Today there are thousands of families all over the world who use this food regularly—in many instances from the first year it was marketed.

Grape-Nuts

FOOD

Made of wheat and barley, is perfectly baked and rich in the mineral phosphates which are essential to the building of healthy brains and strong bodies.

White bread lacks these "vital tissue salts," because the outer coat of the grain in which they are stored is thrown out by the miller to make the flour white.

The deficiency cannot be supplied from the drug shop, but only from the field grains which Nature provides for man's food.

And so in Grape-Nuts all the rich brain and body building nourishment of choice wheat and malted barley (including the natural phosphates stored in the outer coat of the grains) is presented in form for easy digestion and quick assimilation. And Grape-Nuts has a delicious taste.

If you are interested in being well, and are not acquainted with this food, send 2c stamp for sample.

Sold by Grocers everywhere.

A DOCTOR SAYS

GRAPE-NUTS FOOD CONTAINS ALL THE ELEMENTS CONDENSED

There was a time when doctors depended almost entirely on the use of drugs in treating disease. That day is happily past, and our doctors of today are men of wider views—they have learned that proper food is most important in healing disease.

An eastern physician says:

"Disease is often an effort of Nature to get rid of impurities in the system as the result of incorrect habits—wrong living. The cause of disease ought to be removed by right living and right thinking.

"Nature requires good air, sunlight, food of proper quality and quantity, plenty of pure water, exercise, cleanliness and sleep. When these conditions are met, health follows, but when they are denied or neglected, sickness and disease are sure to result.

"The important question is to decide what is the proper kind of food to supply the physical and mental necessities of man. I have had experience with the various food stuffs known to our markets, but up to the present time I have met with no other answering so fully all the requirements as does Grape-Nuts food.

"In my own experience and observation in my practice, I have found Grape-Nuts to be not only more satisfying, but more lasting in the benefit derived from its use. It sends a man forth to his labors in a state of physical comfort, with a cheerful and buoyant spirit; and the end of the day finds him with reserve strength—he suffers less from exhaustion and depletion of powers.

"I particularly recommend Grape-Nuts food to those whose occupations involve a great deal of brain work. There could not be a food better adapted to the strengthening and conversation of the faculties and energies. It supplies a more sustained mental vigor than any other food that I know of.

"Grape-Nuts food contains all the elements that form the valuable part of natural diet in a condensed, toothsome and easily digestible form." Name given by Canadian Postum Co., Windsor, Ont.
