THOUSANDS OF LIVES LOST IN THE MIDDLE WEST

(Continued from page one)

Lima, Ohio—Flooded by the Ottawa river. Ten miles of trains held up by washouts at Middle Point.

Springfield, Ohio—Mad river and Buck creek both out of their banks and several hundred houses flooded. Many factories compelled to close.

Larusa, Ohio—Inundated. Many persons homeless and much suffering reported among the poor.

Liberty, Ohio—Mad river over running its banks here.

Fort Wayne, Ind.—St. Joseph, Maumee and St. Mary rivers are on rampage. Town without lights and water famine threatened. Highest water reached in twenty years.

Marion, Ind.—Five hundred persons forced to flee for their lives.

Ellwood, Ind.—Three hundred persons homeless.

St. Louis, Mo.—One person known to have been drowned and many families in the western part of the city forced to leave their homes by sudden rise of the Des Peres river.

Broad Ripple—One thousand feet of railroad track washed out.

PERDUE COLLEGE CUT OFF

Lafayette, Ind., March 25—At 3.15 p. m. West Lafayette, where Purdue University is located, was cut off from this side by the breaking of one of the levees and the submerging of the other levee which is expected to break at any moment.

The river is two miles wide at this point and business houses are preparing to move their wares, anticipating a three-foot rise during the night. No inter-urban lines are being operated and steam lines are

making little effort to maintain traffic.

MANY PERISHED IN DELAWARE

Delaware, Ohio, March 25—With nineteen persons reported dead—swept away in the flooded J. L. Lantany River many others missing and unaccounted for, and between 300 and 400 homeless, this town of about 10,000 inhabitants tonight, with the exception of a crippled telegraph service, is cut off from surrounding territory. The flooded conditions of the town makes rescue and relief work difficult.

Mayor B. V. Leas, who was reported drowned, and who saved himself by catching hold of the roof of a shed in a lumber yard, estimates the number of dead anywhere between 25 and 75.

AWFUL LOSS OF LIFE IN DAYTON

Dayton, March 25—No one can tell the number of dead claimed by the terrific storm that swept away the levees of this city today, nor can the amount of damage be estimated, except that it will run in the millions.

Crowded in the upper stories of tall office buildings and residences two miles each way from the centre of the town are hundreds of persons who it is impossible to approach. At Wyoming street, three miles from which has heretofore been considered the danger line, water is running eight feet deep.

Hundreds of fires which are impossible to fight are burning.

The rescue boats are unable to get farther from the shore than the throw line will permit. They cannot live in the current.

THE STOCK MARKET IS PICKING UP

(By direct private wires to J. C. Mackintosh & Co., 550 Queen St. Fredericton, N. B.)

New York, N. Y., March 26—The market opening was strong and active the strength being relatively more pronounced in industrial specialties, than in standard issues. The news from Europe was considerable favorable as it was believed that the fall of Adrianople would mean end of the war. After opening the traders tried to sell the markets on flood damage, but stocks, met with good support and price recessions were not large. Furthermore, the selling was that which seemed to have a bearish origin.

CITY ASSESSMENT

(Continued from page 8)

IMPORTANT ITEMS

In several of the city departments there will be heavy expenditures during the coming year. The Roads and Streets Department according to present expectations will have heavy expenditure principally on account of the extension of the tarvia pavement and the repair of the road leading to Victoria Mill, which was agreed to as one of the concessions to be given Fraser, Limited, when that firm purchased the property of the Scott Lumbering Company. It is probable that the tarvia pavement on York Street will be extended as far as the C. P. R. station. The road to Victoria Mill will require a large amount of money to be spent upon it.

It is understood that the overhauling of the street lighting system is intended and that it will require a considerable expenditure to put that public service in the condition desired. The purchase of a new engine for the plant in Carleton Street is an expenditure that is possible.

Other departments will also require some expenditure.

DEATH AT KING SETT.

Peter I. King aged twenty four years passed away yesterday at his home in King Settlement after a lingering illness. The deceased is survived by his father and mother, three brothers, Israel, Benjamin and Dominic and four sisters, Annie, Fannie, Nellie and Gertrude. The funeral will take place Thursday morning at ten o'clock Rev. Father Cormier conducting the service. Interment will be made at Hanwell.

ADVOCATES PULP WOOD DUTY.

Danger menacing the pulp and paper industry of the United States through the development of these industries in Canada was spoken of in a paper read by Martin L. Griffin of Rumford, Me., before the Maine section of the American Chemical Society at Auburn Monday. He advocated the imposition of a duty upon all imports of wood products either as paper or to be used in the manufacture of paper, equivalent to \$5 per cord of 128 feet and that the revenue therefrom be devoted to carrying out a national scheme of re-forestation. He also recommended that each state impose a tax on all lumber cut for profit and devote the proceeds to re-forestation.

GREAT MEN OF ENGLAND.

The Epworth League of the Methodist Church during the course of the winter, has on one evening during each month been considering the lives of the Great Men of England. At a session of the League Tuesday evening there was a large attendance notwithstanding the storm and Lord Roberts was the character under discussion. The meeting was presided over by the president, Mr. J. M. Lemont. Among the features of the evening was Kipling's poem entitled "Bobs," recited by Kenneth MacLauchlan, in such a manner as to elicit very hearty applause. An interesting paper on Lord Roberts followed by a discussion, was read by Mr. J. J. Anderson 15 No. 3 Military Depot.

Woodstock Press—The many friends of H. E. Currie will be glad to know that he has been reinstated to his old position as driver on the C. P. R. having recently successfully passed the eye test.

LASE POSTPONED

Before Judge Wilson at Gagetown on Tuesday a man named Morrell, appeared on trial under the Speedy Trials Act on the charge of threatening to shoot his daughter and his son-in-law. Inasmuch as the depositions and other papers were not available, not having been received from the magistrate who tried the case, the court adjourned until April 15th.

Mrs. David Allison Jr., is the guest of Mrs. Wesley VanWart, Church street.

THE LOCAL PAPER

A lecturer before the Amherst Canadian Clubs last week said:

"No live community can do without a newspaper and a newspaper cannot live without local patronage. A newspaper that is loyal to the best interests of the town is one of the best assets of any community. Local merchants should also endeavor to establish friendly relations with their customers and friendship is a powerful and potent factor in building up trade."
