FREDERICTON, N. B., TUESDAY, JULY 29, 1913

TWO CENTS PER COPY

A STRIKE IMMINENT ON INTERCOLONIAL

Employees Threaten to Revolt Against Czar Methods of Cochrane, Gutelius, Brady Et Al--Want an Increase of Wages and Revision of Rules--Ultimatum Issued by Brotherhood President --Apply for Board of Conciliation.

Halifax, July 28--Today President A. R. Mosher of the Canadian Brotherhood of Railway Employees, addressed to Mr. Gutelius, general manager of the Intercolonial Railway, a letter in the nature of an ultimatum from the men as regards requests originally made months ago, for an increase of pay and a revision of rules. In the event of a reply being unfavorable, a strike involving some 2,500 men and affecting the system from Cape Breton to Montreal, will be ordered.

The ultimatum follows:

"F. P. Gutelius, General Manager Government Railways, Moncton, July 28, 1913.

"Dear Sir:

"Owing to the very uncompromising manner in which our committee was met in their efforts to conclude schedule negotiations, and your final decision that unless we agree to your wishes in respect to the elimination of a large number of employees from the schedule now governing certain classes of employees, all the past work of the committee is cancelled.

"I now beg to advise that an application for a board of conciliation has been forwarded to the Department of Labor at Ottawa and unless prompt action is taken by that department or by yourself to bring about a settlement at once, the affected employees will leave their employment in a body.

"Full authority to deal with all matters in dispute in whatever way we may see fit, is now confined to the secretary of the committee, Mr. McLean, and myself. If you desire to arrange a settlement we shall be pleased to make an appointment with you.

"Sincerely,
(Signed) "A. R. MOSHER,
"Grand President."

GOVERNMENT WILL NOT YIELD

Ottawa, July 28--If the Intercolonial trainmen carry out their threat

to strike it will be the first strike which has ever occurred on the Canadian government railways. There have been many differences and disputes between the management and the employees during the forty years the Intercolonial and the Prince Edward Island Railway have been operating but the differences have always been amicably adjusted. Here it is believed that the first strike in the history of the road is about to take place.

Mr. Mosher representing the dissatisfied clerks and freight handlers, was in Ottawa last week conducting negotiations. He did not get much satisfaction, as the authorities thought his request unreasonable. The men are determined but so is the management of the road.

Hon. Frank Cochrane has shown how firm he can be in the case of the local freight rates. General Manager Gutelius raised the freight rate and Hon. Mr. Cochrane stood behind him in the face of the most violent protest ever heard from the maritime provinces. He will fight the men to a finish and for the first time the intercolonial is likely to be tied up. The only thing which ever stopped the road up to the present were the snowstorms.

PRESIDENT MOSHER'S STATEMENT

Halifax, July 28--A. R. Mosher, president of the Canadian Brotherhood of Railway Employees, last night gave a history of the whole trouble, the causes leading up to the present difficulties, and the attitude of the men today.

"For the past four years," said Mr. Mosher, "we have had an agreement, but about ten months ago we asked the management for revision of wages and rules asking for a 12 per cent increase of wages. This 12 per cent was justified on the increased cost of living, the latter having gone up 14 per cent, so you

POLITICS IN THE BAY STATE

Governor Foss is Expected to Offer For a Fourth Term

But Nobody Knows Whether He Will Offer as a Democrat or a Republican.

Boston, Mass., July 29--Lines are being drawn for one of the most interesting State campaigns in the history of Massachusetts. In the Bay State this fall an entire State ticket, both branches of the legislature and numerous county officers are to be chosen at the polls. The campaign is now on for the nominations, which will be made at a general primary two months hence.

At present the political situation appears to be in the worst possible muddle. The confusion that now prevails may be said to arise wholly from the attitude of Governor Foss, who is now serving his third term. The Governor is expected to be a candidate for a fourth term. But, strange as it may seem, even his most intimate political associates do not know whether he will seek the Democratic nomination or the Republican nomination, or whether he will pass up both parties and run independently.

Though elected three times on the Democratic party at present. His public statements say that he believes the Democratic policy of tariff revision is no better than the Republican policy as evidenced on the Aldrich bill. The Governor is first, last and all the time fighting for reciprocal trade relations with foreign countries.

There is no question but that in the past few weeks the Governor has been sparring with the Republicans, and this has given rise to the belief in some circles that he may enter the Republican primaries. The Governor was a strong Republican until a few years ago, when he accepted a Democratic nomination for Congress, and many Democrats accuse him of still being a Republican at heart. The Governor has lent countenance to this by his recognition of Republicans in his appointments and by the fact that he has sent for many of the Republican leaders to talk over the situation. At the present time one of the Republican friends is circulating petitions to have his name placed on the Republican primary ballot, but whether with or without the Governor's sanction is not known.

BOY SHOT DEAD AT ANDOVER THROUGH HEART

Andover, N.B., July 29--A shocking fatality occurred at Tilley, near here, last Thursday, when Gordon, the 12-year-old son of Joseph Paris, died from a bullet wound in the heart received from the rifle of a companion.

The accident happened about noon Thursday. Young Paris, together with a couple of companions of about his own age, were playing near his home in Tilley. One of the lads, Ernest Morrill, had a rifle; the gun exploded and the bullet struck the Paris boy near the heart, killing him almost instantly.

Coroner Beveridge held an inquest on Thursday evening and a verdict of accidental death was returned by the jury.

MANUFACTURERS' VISIT

The executive of the Board of Trade met last night and considered matters in connection with the visit of the Canadian manufacturers which is to take place September 20 or shortly afterward. Accommodations for one hundred and fifty persons have been secured on steamer Victoria which will bring the visitors here from St. John. The secretary has been instructed to write the secretary of the Canadian Manufacturers' Association and ascertain how long the party will be in the city. Arrangements for the entertainment of the visitors are to be made by the Board of Trade.

THE MARKET UNCERTAIN

Monetary Conditions in Europe Still Very Unfavorable

Recovery Seems to Have Discounted All the Favorable Factors in Present Situation.

New York, July 29--In the last analysis the better feeling which has developed in the stock market of late reflects, not any pronounced improvement of financial conditions, but a fair prospect of early improvement provided that the conservatism which has lately marked the conduct of banking and business affairs is maintained. Fair sighted investment interests have foreseen that the restrictions which have been laid upon banking credits will sooner or later result in a relaxation of the tension which has prevailed in the market.

In so far therefore as the advance in the stock market has been based upon such considerations, the upward movement has been justified. It is now, however, for unequivocal optimism, either in business or finance.

European conditions, while somewhat improved, are still far from favorable while the possibility of complications with Mexico adds another factor of uncertainty to the domestic situation. The advance in stocks could go further without particular hurt, but on general principles, the recovery seems to have about discounted the favorable factors in the present situation and outlook. This suggestion is not meant for people with the ability and willingness to buy good stocks outright.

WORLD'S NEWS IN SHORT METRE

New York, July 29--Secretary of the Treasury McAdoo charges depreciation of federal two per cent. bonds to New York Bank efforts to discredit proposed currency bill.

American Woolen Company reduced fabric prices from ten per cent. to 12 1/2 per cent.

Railway managers picked their arbitrators and will make announcement at meeting today.

St. Louis Clearing Houses Association urges government to retire \$75,000,000 two per cent. bonds at par.

Currency Bill will be reported to the House caucus August 11th.

C. G. Dawes, president Central Trust Company of Chicago, says reforms proposed by Currency Bill will bring national calamity.

Public Service Commission sent to Board of Estimate approval of the Steinway Tunnel contract with Interboro.

Eastern carriers will file tariffs five per cent. higher than now effective, Sept. 15th.

Theo. N. Vail says A. T. & T. Co. will take the case to court without contesting facts which have already been given fully to Department of Justice.

Consolidated Gas directors plan to declare regular dividend at Thursday's meeting.

Americans in London irregular, 2 off to 1 up.

12 industrials advanced .59.

20 active railroads advanced .38.

POLICE COURT.

Two drunks appeared before the police court this morning and were sent to jail for thirty days each in default of paying a fine.

WANT HIM RETAINED.

Bob Ganley, who was unconditionally suspended by the Fredericton Baseball Club yesterday, was paid off and given transportation to his home. Local friends however, are working to have him again placed on the Fredericton team. Some guarantee of future good behavior is said to be absolutely necessary before he can be restored to standing.

Miss Ella Clark left last evening on a trip to the Pacific Coast.

THE ATTORNEY GENERAL HOLDS A TRUMP CARD

Has not yet Proclaimed the Act Creating an Additional Supreme Court Judgeship--Wants the Office Himself and is not Anxious to Play into the Hands of Mr. Crocket--May Stand Pat Until Chief Justice Retires.

Although Mr. O. S. Crocket M.P., has a Supreme Court judgeship almost within his grasp, it seems that there are a few preliminaries yet to be arranged which are calculated to cause delay in the delivery of the goods. It seems it was all arranged at the time the Supreme Court Act was passed last session that judgeship No. 1 was to go to Attorney General Grimmer, but "the best laid scheme of mice and men gang aft aglee." Mr. Crocket bobbed up serenely as an applicant and was able to secure the backing of most of the Tory M.P.'s from this province. The latter being brought into close contact with Mr. Crocket in parliament, have been painfully aware of the fact for some time that his influence as a representative is gone and they no doubt felt that they would be rendering a good service to the party by gently assisting him to retire from political life. Backed by his fellow M.P.'s Mr. Crocket waited on Hon. Mr. Hazen and demanded a judgeship. The minister being apparently anxious to maintain the high traditions of the bench in this province, demurred at first and tried his best to stand off York's M.P. Mr. Crocket, however flatly refused to be stood off, he simply told the minister that he wanted a judgeship and what was more he was going to have one. Some of his political friends go so far as to say that he accompanied his demand by a threat that if his claims were not recognized. Those who say this may or may not be well informed but nevertheless the pressure brought to bear by Mr. Crocket was sufficient to cause the minister to capitulate in his favor. As a result Mr. Crocket's friends have been boasting that he has a cinch on the judgeship and not a few of them are pulling wires with a view of securing a nomination for the Federal seat.

GRIMMER HAS WHIP HAND

As before intimated there are a few little details yet to be arranged before York's member can become a full fledged judge. The most important of these is that the act of last session reorganizing the Supreme Court and creating an additional judgeship has not yet been proclaimed and until it is proclaimed there will be no judgeship for Mr. Crocket. The matter it seems is in the hands of Attorney General Grimmer, and as he is himself out for the judgeship which he is to create he probably wants to know just where he is to land before taking action. He was to have proclaimed the Act on Dominion Day, but there was a hitch, probably due to Mr. Crocket's activity and nothing was done. The act has not yet been brought into force and goodness only knows when it will be. Both aspirants for the judgeship are believers in the old adage that a bird in the hand is worth two in the bush and both seem to be playing a hold up game. Just at this stage is a little difficult to pick the winner. Both are anxiously awaiting Hon. Mr. Hazen's return from the Pacific coast when an effort will be made to break the deadlock. Some of the knowing ones say that the Attorney General may hold back the proclamation until Chief Justice Barker retires in December in order that both vacancies may be filled at the same time. One thing is sure so long as the Attorney General stands pat there will be no judgeship for York's M.P.

In the meantime Mr. Pinder, M.P. P., is working industriously among his friends with a view of securing the Tory nomination for Ottawa, while Hon. Col. McLeod is pulling wires with a view of getting himself appointed Attorney General to the intense amusement of the provincial Bar.

GOLD BROOCH FOR MRS. HENRY

Remembered by the Members of St. Ann's Guild on Eve of Departure for the West.

A very pleasant gathering of the members of St. Anne's Guild and other parish workers was held in the beautiful new assembly room of Christchurch Parish House last evening to say farewell to Mrs. E. W. Henry, who, with her family, leave Fredericton Wednesday evening to join her husband, Dr. Henry, in Saskatchewan, where there home will be in future.

During the course of the evening, the Rector, in a few words, expressed the deep sorrow with which the parish parted with such a devoted fellow-laborer and true friend and, on behalf of the members of the guild, he presented her with a handsome gold brooch, set with pearls, neatly arranged about a pale emerald called "Olive." When the effect of the surprise was over Mrs. Henry made a brief reply, expressing with much deep feeling her real sorrow at this separation and thanking everyone for the beautiful gift.

Mrs. Henry has greatly endeared herself to all the parishioners of Christchurch Parish by her earnest faithful work as warden of the Social Chapter of St. Anne's Guild, in the duties of which she was a visitor in every home and welcomed to the Parish Church every new attendant at the services. A pleasant all-round that filled up the evening and supper was served by the ladies about half past nine o'clock. Everyone present felt the parting very deeply and it

BYE ELECTION IN ATHABASCA

Edmonton, Alta., July 29--The political campaign in the Athabasca constituency ended today. The election will be held tomorrow. The contest is between Mayor James Wood, candidate of the Conservatives, and A. G. Mackay, the Liberal standard-bearer. Before coming west Mr. Mackay was a leader of the Liberal party in Ontario. Both sides have pursued a vigorous campaign and the result of the balloting is awaited with much interest.

PERSONAL

Mrs. C. A. Sampson and Miss Sampson spent Sunday at Mr. C. H. Weddall's summer cottage at Grand Bay.

Mrs. R. P. Allen and children returned last evening from a trip to Hopewell Cape.

Mr. T. W. Rainsford has gone on a trip to Montreal to be absent a few days.

Miss Dorothy Tweeddale left yesterday morning for Aroostook Junction to visit Mr. and Mrs. Arthur Palmer. Mrs. Samuel Shepherd was taken to the Victoria Hospital today suffering with a severe attack of rheumatism.

Mrs. George Wandless of Fredericton, is visiting at the home of Mrs. F. A. Craft, Water street, West St. John.

Ald. W. J. Osborne returned last evening from Sand Point, where he spent the week-end with his family.

was with real sorrow that, shortly after ten each one bade their guest Good-bye and wished her every blessing in her new home.

PROF. ROBT. A. HALL, PH.D., WILL TAKE CHAIR OF CHEMISTRY

Personal Acquaintance of Dr. C. M. Carson Whom he succeeds--Comes Highly Recommended--Has Taught at University of North Carolina and Washington University, St. Louis.

Prof. Robert A. Hall, Ph.D., at present at the Kent Chemistry Laboratory of the University of Chicago, has been appointed to the Chair of Chemistry at the University of New Brunswick. This chair was made vacant by the resignation of Dr. C. M. Carson in May. Dr. Plum was appointed to it by the University Senate but having accepted another position, was unable to take the chair at the provincial university. Chancellor Jones and Dr. W. S. Carter, chief superintendent of education were appointed a special committee to secure a professor to fill the chair and have appointed Dr. Hall.

The new professor comes to U. N. B. highly recommended. He is personally acquainted with Dr. Carson, having studied with him at the University of Chicago. He is said to be an excellent teacher and a man of pleasing personality. He has filled chairs on the faculties of the University of North Carolina and of Washington University, St. Louis, Mo.

STRONG RECOMMENDATIONS.

The following strong recommendations of Dr. Hall have been received by Chancellor Jones:

H. N. McCoy, professor of Chemistry, University of Chicago. "I un-

qualifiedly recommend Dr. Hall as being fully competent to succeed Dr. Carson, who also knows Prof. Hall."

Dr. C. M. Carson. "Hall is very pleasant, has a good appearance and is a good teacher."

Julius Stieglitz, Director of Analytical Chemistry, University of Chicago. "I would say that Dr. Hall took Ph. D. in chemistry and physics with us in 1907. His original work was along the lines of physical and organic chemistry. Since then he has had some six years experience as a teacher at Clemson College, the University of North Carolina and Washington University, St. Louis. In 1901 he went to the University of North Carolina as a substitute for Professor Wheeler, who was on leave of absence in Europe. Prof. Herty, the head of the department, and a man of national standing in chemistry wrote me that Hall did splendidly that he was an enthusiastic and successful teacher and well liked. In order to keep Hall they created a new position on the return of Prof. Wheeler and appointed Hall an assistant professor.

Personally he is a man of upright character and gentlemanly bearing and I think you would have very pleasant relations with him."
