SEQUEL TO THE LORIMER CASE

Three Men Being Tried in Chicago on a Charge of Conspiracy

Former General Manager of the International Harvester Company is the Complainant

Chicago, Ill., Aug. 11.—An echo of the Lorimer bribery case was heard today when Daniel Donahoe, Isaac Stiefel and Aileen Heppner were arraigned before Judge Brentano for trial on a charge of conspiracy to defame the character of Clarence S. Funk. Mr. Funk, who at the time was general manager of the International Harvester Company, was a principal witness in the investigation that resulted in the expulsion of William Lorimer from the United States senate on charges that his election had been accomplished by fraud. When the investigation was at its height the husband of the Heppner woman brought suit against Mr. Funk for alleged alienation of his wife's affections. Mr. Funk claimed that he had never seen the woman and that the charge was trumped up to influence public sentiment in the Lorimer case. When the alienation suit came to trial it fell flat. Subsequently Donahoe, who is an attorney; Stiefel, the head of a private detective agency, and the Heppner woman were indicted on charges of conspiracy to defame Mr. Funk's character.

EXHIBITION PREPARATIONS COMING ON NICELY

Golden Jubilee will be Marked in Appropriate Fashion—Midway will be Much Extended

The celebration of the Golden Jubilee of Fredericton's Exhibitions will feature the proceedings at the Big Fair this September and every effort is being made by the management to make the anniversary which marks the fiftieth year of the existence of the fair, one long to be remembered. The event marks an important epoch in the history of New Brunswick's exhibitions as it is the oldest and best established in the province.

Several of Canada's most prominent men will figure at the opening ceremonies. Bands representing many of the cities of New Brunswick and Maine have been engaged to participate in the week's festivities and excursions are being arranged for almost every day of the Big Fair from all points by land and by water.

The complete success of the fair has already been assured. All the floor space in the main buildings has been taken up for some time and practically all of the ground space has been granted for concessions, representing such a large and unexcelled line of attractions and amusements as has never before appeared at any exhibition in the province. The Midway will consist of twice the number of attractions seen at any previous show and a good many applications for space here have been refused. However, to cope with this shortage, all available grounds in the immediate vicinity of the fair grounds have been secured and are being portioned off into concessions.

Three days' racing will prove an added attraction of great interest to the lovers of that sport and a good field of entries is assured.

TYPOS CONVENE IN NASHVILLE

Nashville, Tenn., Aug. 11.—The fifty-ninth annual convention of the International Typographical Union met in this city today with an attendance of delegates from all parts of the United States and Canada. The convention did little more than organize at the initial session. President Jas. M. Lynch presided and responded to the addresses of welcome. Calgary appears to be a strong favorite in the contest for the next convention.

MOTOR BOAT SINKS: SEVEN LIVES LOST

Six Women and One Man Drowned at East Freetown, Mass., on Saturday Night

PARTY WERE ON THEIR WAY TO ATTEND A DANCE

East Freetown, Mass., Aug. 9.—Six women and a man were drowned and three others were saved when a motor boat sank in Long Pond tonight.

THE DEAD.

George Wright, Brockton. Miss Haven, Brockton. Miss Hattie Hamilton, Taunton. Miss Annie Sweeney, New Bedford. Miss Sadie McCabe, New Bedford. Miss Mabel Brown, New Bedford. Mrs. Emma Doyle, New Bedford.

The rescues were made by Frederick MacEly, treasurer of the Soule mill of New Bedford, who has a cottage at the pond.

Responding to the cries for help he was able to pick up four persons with his motor boat. One of these, Miss McCabe, failed to revive.

The party was bound for a dance at Lakeside Park. Soon after leaving shore the boat sprang a leak. Some reports say that the bottom dropped out, throwing all into the water.

Darkness added to the difficulties of rescue work. Mr. MacEly's boat was the first to reach the scene and by the time other boats arrived no other bodies could be found.

New Bedford police, with grappling irons and a pulmotor, were hurried over the twelve mile road in automobiles, but by the time they reached the pond there was no need for the pulmotor.

CROWN RESERVE CUTS DIVIDEND

Montreal, Aug. 11.—There is a great deal of expectancy over the monthly meeting of the Crown Reserve Mining Company today and some news disappointing in character seems to be looked for. The meeting is the regular monthly session of the board for the purpose of declaring a dividend. Besides this there will undoubtedly be an important statement from the directors.

(A despatch this afternoon states that the dividend on Crown Reserve has been cut from sixty to twenty-four per cent. This accounts for the heavy liquidation which has been going on for some days.)

WORLD'S NEWS IN SHORT METRE

New York, Aug. 11.—Governor Sulzer denies he speculated in Wall Street or that he misused campaign funds.

John Lind, President Wilson's emissary, arrives safely in Mexico City. Democratic House caucus takes House Currency Bill today.

Continental and commercial national Bank of Chicago in general canvass business showing decree of confidence and courage that is gratifying.

Steel Corporation reports unfilled tonnage as of July 31st at 539,356 tons, or 407,961 less than June 30th. F. W. Woolworth Company's sales gain \$3,225,000 in seven months.

July bank clearings totalled \$13,476,419,674 or loss of \$1.10 per cent., compared with same month last year. 12 industrial declined .16.

Twenty active railroads declined .30. American stocks in London heavy, up to ½ off.

PERSONAL

Miss Margaret Hall and her guest, Miss Carr, went to St. John by the Victoria this morning. Mr. G. H. Miner of Shiloh, Me., has been spending a few days in the city renewing old acquaintances.

Mrs. Austin Dunphy leaves tonight for Newport, Rhode Island, to visit her daughter, Miss Winnifred L. Dunphy, who is a professional nurse at that place.

BALKAN STATES SIGN A TREATY OF PEACE

Document was Signed at Bucharest Sunday Morning—Roumanian Army Must Evacuate Bulgarian Territory within Fifteen Days—Servians and Greeks are Given Three Days to Quit—The Kaiser Sends Congratulations to the King of Roumania

Bucharest, Aug. 10.—The peace treaty between the Balkan states was signed at 10.30 o'clock this morning. In honor of the occasion the city was decorated with flags, the bands played. A solemn Te Deum in the Cathedral at noon was attended by King Charles, Queen Elizabeth (Carmen Sylva) and the members of the royal family, and the delegates to the peace conference.

King Charles conferred high decorations on all the delegates, except the Bulgarians, who declined to receive them.

The peace treaty provided that the Roumanian army shall evacuate Bulgarian territory in fifteen days after its signature and the Servian and Greek armies in three days. It also provides for arbitration by Belgium, Holland and Switzerland in the event of a disagreement over the delimitation of the new frontier.

Bulgaria engages in the treaty to begin demobilization immediately.

Berlin, Aug. 10.—Emperor William and the King of Roumania today exchanged the following telegrams in connection with the conclusion of peace among the Balkan states.

Bucharest, Aug. 9.—The conclusion of peace is assured after great difficulties have been overcome. Thanks

to you it will be final. I thank you with my whole heart, for your loyal friendship and warm good will.

(Signed) "CAROL."

Winemunde, Aug. 9.—Your telegram, which reached me tonight, is a great and real joy to me. I offer you my sincerest and heartiest congratulations on your splendid success for which not only your people but also the belligerent states and all Europe have to thank you for your wise and truly statesmanlike policy. At the same time, your mentioning that I have been able to contribute something to the result achieved is a great satisfaction to me. I rejoice that our mutual co-operation was in the cause of peace.

(Signed) "WILHELM."

Bucharest, Aug. 9.—The kind words in your extremely cordial telegram fill me with pride and sincere gratitude. Once again I extend my heartfelt thanks for your warm interest and your effective share in the recent events so significant for my country.

(Signed) "CAROL."

Emperor William today created King Constantine of Greece a general field marshal of the German army and conferred upon the Greek crown prince the cross of the red eagle.

ACTION OF BOARD OF HEALTH CRITICIZED BY PLUMBERS' UNION

Thinks that the Plumbing Inspector's Course in Reference to Sanitary Work at the York Street School Should have Been Upheld—An Explanation Asked for

Dear Sir,—We would like to have the following letter published in your paper:

THE PUBLIC'S HEALTH.

Some few days ago an article appeared in the press which had for its subject the new plumbing installed in the York Street school. We drew from the remarks on the subject that there was some dispute over the works between the contractor and the Board of Health. This led us to investigate the affair and we found that the Plumbing Inspector had condemned the plumbing. A short time before this Architect Brodie had passed the work as satisfactory. This led to the dispute. The School Board took sides with Mr. Brodie, and Mr. Edney, the Inspector, appealed to the Local Board of Health. The points of dispute were the position of the fresh-air inlet.

(1) Some of the bends used were unsanitary, being 90 per cent turn and no clean-out possible.

(2) The main vent stack being too small.

(3) The pipe running under the concrete floor being inaccessible.

(4) And most important of all, that the Inspector had not seen the job under test.

(5) Because of these conditions the Inspector refused to issue a certificate.

Notwithstanding these conditions the Local Board of Health at a meeting held at the City Hall, gave permission to the contractor to proceed with his work without making any changes and without any tests. This action was urged by the Board of School Trustees.

Now Mr. Editor, we would like to know a few things regarding this way of working. Some time ago the plumbing shops were furnished with the Board of Health regulations regarding plumbing, accompanied by a letter notifying them that the plans of the work contemplated had to be filed and approved of before the work could be proceeded with. So far as we can find out no such plans of the

York Street school work had been submitted. Furthermore the questions in dispute are all covered by the Board of Health bye-laws. We find that these bye-laws uphold the Inspector's contentions at 90 per cent. They forbid the use of 90 per cent turns, known as quarter bends, and state that a clean-out shall be provided at every turn. They also distinctly state that no waste pipes shall be covered with concrete. They also specify that no fresh-air inlet shall be placed nearer than fifteen feet from any window. This latter fact can be easily seen by the public from York Street sidewalk.

The bye-laws further provide that all jobs shall be properly tested in the presence of the Plumbing Inspector. This has not been done as we have the assurance of that gentleman himself.

Now Mr. Editor, Architect Brodie, not being a citizen of Fredericton, would naturally not have any interest with the health of this community, but he seemed to have a large interest over the School Board and the Board of Health to induce them to pass such an unsanitary job as they did in the York Street school. Their action simply makes the Plumbing Inspector a figurehead, with no authority whatever. Our Union was assured that the Board of Health would support their Inspector in strictly carrying out the provisions of the law, especially the new bye-laws that came into existence some time ago.

If this be the case why did not the Board support their Inspector in the York Street school job. If not then, of what use is an inspector, or if such jobs are allowed to stand, of what use is a Board of Health. The Inspector is paid a salary by the city for the proper inspecting of plumbing. But if the Board of Health steps over his head to pass an unsanitary job it looks as if it were so much of the public money thrown away. The Inspector was not even notified to be present at

(Continued on page five.)

CONFERENCE ON MEXICAN SITUATION

Government Will Under no Circumstances Recognize Huerta Administration

EMBARGO ON FIREARMS WILL NOT BE LIFTED

Washington, Aug. 9.—Two hours of conference tonight between President Wilson, Secretary Bryan and the senate foreign relations committee brought about no change in the attitude of the administration toward Mexico.

The president took the senators into his confidence far enough to outline the following:

That John Lind, his special envoy to Mexico City, does not bear any solution of the present situation, but goes to continue this government's efforts to induce Provisional President Huerta to redeem his promises for free and constitutional elections. That under no circumstances does the administration propose to recognize the Huerta government; that Mr. Lind had gone to Mexico City to be the "eyes and ears" of the Washington administration on the ground, and to explain the attitude of this government when he has fully familiarized himself with the situation; that by withdrawing Ambassador Wilson and sending Mr. Lind the president planned to have a man on the ground who was in sympathy with the administration here and was in no sense a factor in the situation in Mexico City.

These policies and suggestions of the president and Secretary Bryan came out in general discussion. It was made clear that the purpose of the conference was to establish more frank and intimate relations between the senate and the administration in the development of the Mexican policy and in the furtherance of this idea the president talked freely and answered many pointed questions.

While the president disclosed no definite plan for the pacification of Mexico, the implication remained that upon Lind's reports would depend to a large extent the further policy of this country. There was practically no talk of lifting the embargo on the importation of arms in Mexico, which some members of the committee believe would put a speedy end to the difficulties.

HAMILTON'S CENTENNIAL

Hamilton, Ont., Aug. 11.—Centennial week, in celebration of the one hundredth anniversary of the founding of Hamilton, was ushered in today with the opening of a big industrial and historical exposition. The exposition was formally inaugurated by Sir John M. Gibson. Athletic contests, reunions, historical exercises, fire works displays and parades and pageants of many kinds will fill in the week. The city is decorated as never before in its history. Thousands of Hamilton "old boys," now residents in the States and in Western Canada, have returned for the festivities.

HIGHWAY CONVENTION

Vancouver, B.C., Aug. 11.—The fourth annual convention of the Pacific Highway Association met in this city today for a three days' session. Delegates from Seattle, Portland, San Francisco, Los Angeles and a number of other cities are in attendance. The association aims to secure the construction of a first-class road along the Pacific slope from as far north as possible to as far south as possible. Except for two short breaks in British Columbia, the highway now stretches continuously from Hazelton, B.C., to Yuma, Ariz. During the winter large sections of the road are impassable and the association is working to secure the co-operation of the different communities toward an early improvement of the conditions.

THE MARKET IMPROVED

Technical Conditions are Ripe for a Moderate Upturn

More Money Available in New York for Speculative Purposes—Factors of Restraint

New York, Aug. 11.—Whatever may be the ultimate effects of the policy of Secretary McAdoo in depositing government funds with international banks, the immediate results have been beneficial to the stock market. Technical conditions were already ripe for a moderate upturn and the action of Secretary of Treasury was interpreted as a reasonably sure sign of an increase in the supply of money at New York for speculative purposes. The condition of the corn crop and the Mexican situation have the principal factors of restraint and if these should be eliminated in the near future, the way would seem clear to at least a moderate advance in security prices. Meantime the situation at best warrants caution.

"THE PINK LADY" BBILLIANT SUCCESS

Large Audience Heard Musical Comedy at Opera House Saturday—Fine Scenic Effects

"The Pink Lady" was presented to a capacity audience at the Opera House Saturday night, and proved one of the brightest musical comedies ever seen in Fredericton, and up to the complimentary press notices that it has received. It is full of catchy music which has made a hit already, and its noted songs, "The Girl by the Saskatchewan," "Beautiful Lady," "I Like It," and others are being whistled by everyone with an ear for music.

The comedy is an English adaptation of the French musical play, "Le Satyre," which had a big run in Paris, as the Anglicized version has had in London and New York. The plot centres around the efforts of a young Parisian Lucien Garidel to conceal from his fiancée his flirtation with an actress. A dealer in antiques, M. Dondedier, is dragged into the trouble, and through the pleasures and gaiety of a summer resort near Paris is turned into a very modern Satyr.

The title role in the hands of Miss Olga DeBaugh was admirably handled, and she received much applause particularly for her rendering of "Beautiful Lady," with violin accompaniment by herself. Miss Alice Moffat, as Angele, also was well received and made a most winsome sweetheart. Jack Mundy's song "The Girl by the Saskatchewan," made a big hit, and his comedy was also good. As Dondedier, James McElhern handled the principal comedy role in an excellent manner, and the same can be said of Miss Georgia Harvey, as Madame Dondedier. Members of the company in support also took their parts well. The scenic effects were good, the cafe Le Satyrs, in Act III, being particularly noteworthy.
