F. & D. ASSOCIATION

vice breeding before the age of three
years.

PROF. STEPHENSON

Prof. Stephenson gave half an hour
to instructive and interesting lantern
slides, showing the different types
of dairy and beef cattle, commenting
upon each as they appeared upon the
screen. Afterwards, in a brief ad-
dress, he commented upon the value
of feeding and the importance of
clover as a fertilizer.

S. L. PETERS

The legal and moral requirements
of up-to-date fruit packing was dealt
with by Mr. S. L. Peters, fruit in-
spector. Honest packing, he said,
was important in the interests of the
grower and the province. He defined
what was necessary for the grading
of apples. The men who are growing
right and packing right could not
supply the demand in New Brunswick
today. There is something in the
climate of New Brunswick that would
cause her to be known in the future
as the province of the "big red ap-
ple." Mr. Peters gave an inspiring
address that was frequently applau-
ded.

FRUIT GROWERS' ASSOCIATION

The N. B. Fruit Growers' Associa-
tion met in annual session in the
Exhibition Building at three o'clock
yesterday afternoon.

President Vroom in his address

spoke optimistically of the splendid
outlook for the fruit growing indus-
try in the province and referred
particularly to the increased mem-
bership of the association and to spray-
ing material, the purchase of which the
members had been saved thousands
of dollars. He referred fittingly to
the loss sustained by the fruit grow-
ers in the death last March of J. C.
Gilman of Kingsclear, the first presi-
dent of the association who was one
of the pioneer orchardists.

The treasurer's report for 1912
showed a very satisfactory financial
condition, there being a balance at
the close of the year of \$516. Notice
of amendment of the constitution
and by-laws was given and approved
and will be voted on at the next
meeting of the association in Novem-
ber of the present year.

It was the unanimous resolve of
the meeting that the association in
co-operation with the Department of
Agriculture should hold an apple
show in St. John next fall, about
November 1st and all are looking
forward to a record breaking exhibit
on that occasion.

The following officers were elected
for the present year: President S. L.
Peters, Queenstown, vice-president,
W. B. Gilman, Fredericton, treasurer
Henry Wilmut, Oromocto; secretary
A. G. Turney, Fredericton; county
directors, Albert and Westmorland
H. B. Steeves, Shediac; Carleton T.
Adney, Upper Woodstock; Charlottetown,
C. N. Vroom, St. Stephen; Kings, O.
W. Wetmore, Clifton; North Shore,
M. P. Smith, New Brandon.

POULTRY SHOW

(Continued from page 1)

wick was of the brightest.

Mr. Frank M. Merritt, proprietor
of the Marysville Poultry Yard, fol-
lowed Mr. Jones with a few well-
chosen and interesting remarks.

EGG-LAYING CONTEST.

Mr. Daggett spoke of the egg-lay-
ing contest and said that the govern-
ment was offering \$300 in prizes
for the most eggs produced from a
certain number of hens between Feb-
ruary 14th and August 20th. The
idea which had been tried and proved
in other places, was to produce as
many eggs as possible in order to
select a good laying strain of hens.

PRINCIPAL EXHIBITORS.

The principal exhibitors are the
Maritime Poultry Supply Co. of Mon-
cton, the Hartland Poultry Yards,
the Marysville Poultry Yards, Geo.
Seaman of Moncton, Wm. Wilson and
Geo. Pryer of Marysville.

S. B. Ebbett, A. E. Crowley, John
Oldham, F. Baxter, Dr. Cox and A.
A. Belmore of Fredericton, are among
the local exhibitors. A. E. Beel of
Hoyt Station, Mr. Downey of Cent-
reville, Ernest Pringle of Stanley,
and Mrs. Louise C. Brown of St.
John, also have large exhibits. The
judging of the different breeds will
start today and there will be addres-
ses during the day and evening by
provincial poultry men. The show is
worth visiting as the stock is excel-
lent.

PRES. MADRO

(Continued from page 1)

The agreement between Generals
Blanquet and Huerta was reached
last night but the first intimation
that Blanquet's men had of the new
role they were to play was shortly
before the successful stroke was
made. Blanquet drew his men up in
order and delivered a stirring speech
"This inhuman battle must end,"
he said. "The time has come when
drastic means must be taken to
stop a conflict in which father is kill-
ing son, or brother is killing or
fighting against brother when non-
combatants are sharing the fate of
war and all this because of the cap-
rice of one man."

Blanquet then issued orders for the
arrest of the president and assigned
a detachment to that duty. Madero
was soon a prisoner in his own
rooms.

JOY OVER MADERO'S ARREST

One reason given for the attitude
of General Blanquet from the be-
ginning was the presence of his son
in the ranks of Diaz. When the
arrest of the president and his
ministers became known, crowds
gathered on the streets, through
which they paraded shouting "viva"
for Huerta and Diaz. A con-
ference was held between the repre-
sentatives of these two generals and
an agreement was reached whereby
the appointment of General Huerta
to the provisional presidency was
proclaimed.

MADERO OVERPOWERED

A few loyal members of Madero's
staff rushed into the room when
Madero was struggling with the
soldiers and went to his rescue but
ineffectually. Captain Garmenda, who
had just been appointed chief
of police, advanced upon Colonel River-
ol, shooting and wounding him se-
riously. Immediately there was an ex-
change of shot and three or four
members of the president's staff are
said to have been wounded.

Just to make the records clear,
Madero has been given a reasonable
time in which to write his resigna-
tion. Failure to do this, it was
said, will result in his being
sent with his family to Vera Cruz,
where they will be given the choice
of outgoing vessels.
