### MONCTON VICS

#### SNOWED CRESCENTS UNDER, 10 TO 1

New Glasgow Cubs Lost to Halifax Socials--Harry Scott Not Played by Moncton

Moncton, N.B., Feb. 18--The Moncton Vics piled up ten goals to one in the game with the Halifax Crescents tonight, before about 800 people. In the second period there was nothing to the game but Moncton, when the latter netted the puck eight times. In the first period both teams scored a goal and the play was very even. Followers of the Vics, who looked for an easy win, became anxious, but shortly after the second period opened Moncton began shooting goals at will, and there was a feeling of relief. The Crescents in this period were simply played off their feet and Wortman in goal let nearly everything past him. The Crescents made desperate efforts to score but were unequal to the task, being kept busy guarding their nets.

In the third period Moncton scored once, leaving the final score 10 to 1 in their favor.

The game was comparatively clean, with the exception of a fistic encounter between McGregor, Mohan and Liffiton. McGregor and Liffiton were penalized ten minutes for the last scrap. Apart from these the penalties were few.

Moncton didn't play Harry Scott, as they were notified by President Liffiton that he would award the game to the Crescents if he went on the ice. In the face of this threat the Moncton management decided not to play the former Crescent player.

Walker starred as usual for the Vics, shooting five goals out of ten, nearly unassisted. Green scored the Crescents' only tally.

SOCIALS 9, NEW GLASGOW 3.

Halifax, Feb. 18--Outclassed in every department and almost played off their feet, the redoubtable New Glasgow Cubs went down to defeat before the Socials of Halifax tonight and 9-3 was the score when the gong clangd for the finish.

If the Cubs did not have a goal-keeper of the calibre of Morrison it is hard to say how many goals the Socials would have scored and for this most of the fans were thankful, for the game was certainly one-sided enough as it was. The contest was cleanly played and invariably refereed. Two penalties only were handed out and both to New Glasgow men, Cook for tripping O'Leary and Jimmy Murphy for slashing. More than 4,000 people were present.

### RUBE MARQUARD

#### NOT WORRYING NEW YORK'S MANAGER

McGraw Says Giants Can Win Without Him and he Can Stay in Vaudeville

St. Louis, Feb. 17--John J. McGraw spent two hours here tonight on his way to the Giants' training camp at Marlin Springs, Tex.

"Where is Rube Marquard?" a reporter inquired.

"Search me," replied McGraw. "Can the New York Club get along without the great southpaw?" persisted the reporter.

"Why such a silly question countered McGraw. 'The New York club won pennants and world championships before Marquard ever was heard of. We have Matty and Jeff, Tesreau and Hooks Wiltse and Leon Ames, to say nothing of some promising young fingers. We developed Marquard in 1911 and Tesreau in 1912, and if Marquard persists in vaudeville instead of reporting for practice we'll get busy and manufacture another phenom. I'm not worrying about Marquard.'

### NEW YORK'S BIG DOG SHOW

New York, Feb. 19--Nearly three thousand aristocratic dogs, representing every breed known to the fancier, are in the hands of the judges at the thirty-seventh annual bench show of the Westminster Kennel Club which opened in the Grand Central Palace today. It is the most extensive exhibition of dogs ever shown in this country. In competition with the best of the domestic bred dogs are scores of pedigreed canines recently imported from England, Scotland and Ireland. For the first time in the history of the club, bulldogs head the list of entries. The growth of the popularity of this breed is shown by a total of 189 entries, which is fifty more than last year. Among the number are several of the former British champions recently brought to this country by Arnold Lawson of Boston. Airedale terriers occupy second place on the list of entries. Other breeds well represented are the collies, Irish terriers, dachshunds and Boston terriers.

### POOR TITUS

(Chatham Gazette)

Poor Titus. He was suffering from a bad attack of Pink eye, Friday evening, and was busy wiping away the tears with the back of his glove, as he stood in goal and endeavored to ward off the attacks of the quickly shifting puck.

#### SKIPS WON ALL THEIR MATCHES

Bonspiel at St. John Began Under Favorable Auspices--Local Rinks Made Good Start in Singles

St. John, Feb. 19--The opening day of the first bonspiel of the New Brunswick branch of the Royal Caledonia Curling Club brought out some keen curling by the rinks engaged. On account of late trains the rinks from St. Stephen and Newcastle did not arrive, but all the rinks will be in line for playing this morning.

The ice in the three rinks was in first class shape and the curling was of the best. The members of the different rinks went in town, and there was no let up from the first stone till the last. Four of the rinks yesterday afternoon won with fourteen points each, and their opponents were close to that mark. On account of disarrangement of plans by the non-arrival of some of the rinks yesterday there was only two matches on Carleton ice, but it is expected that today the full program will be carried out.

Several games were won by default. George Clarke, Carleton, won from the third Moncton rink by default. W. J. Brown was given a game at the expense of Dr. Laughlin of St. Stephen for the same reason. B. Stevens of St. Andrews, was credited a game over T. M. Bruce of St. Stephen. M. M. Mowatt of Campbellton won from R. C. Clark, of Newcastle, and E. S. Roxborough won from Thomas Wren of Campbellton on the same condition.

The matches yesterday attracted large crowds and in the evening, particularly, room for spectators in all the rinks was at a premium. The bonspiel will without question be the biggest event of its kind in the history of the province.

The interest taken in the sport is more marked than ever before and many inquiries were made at the different rinks as to the progress of the matches. The matches for today should be better if possible than those of yesterday, as the players should be much more familiar with the conditions in the different rinks after the play yesterday.

The results of the doubles competition yesterday left Moncton and Sackville in the running, while in the singles W. J. Brown, J. C. Chesley (Thistles), Amos Wilson, J. H. Hawthorne and S. D. Simmons (Fredericton), have yet to be defeated.

The Fredericton rinks in the singles scored as follows:--
