# RECORDS OF TORY CABINET MINISTERS UNDER REVIEW

A brief study of the records of Mr. Borden and his supporters since October 1911, will hardly give cause for pride to Canadians.

Mr. Borden as prime minister is responsible for each subversion of his Halifax platform committed by his ministers; responsible for the appointment of Hon. A. B. Morine on the Civil Service Dismissal Commission, knowing that Mr. Morine had been dismissed from the Newfoundland government by the governor under charges so grave that when they were revealed in parliament, Morine was driven from the Canadian public service; responsible for the breach of the "gentleman's agreement" regarding the South Renfrew election; responsible for the alliance of the Tories and Nationalists by which he hopes to defeat the expressed will of the people; responsible for the dropping of the Laurier naval law which is regarded by the other dominions as a breach of faith; responsible for the introduction of the tribute policy; responsible for the attempt to force this upon the unwilling opposition by coercing parliament with the closure; responsible for keeping a reputable citizen state prisoner because he will not reveal his private business, and he is responsible for the insulting treatment of Sir Wilfrid Laurier on the introduction of the closure.

Hon. Robert Rogers—responsible for federal interference with Saskatchewan provincial elections, responsible for the Russian reign of terror in the Macdonald by-elections, for the attempt to bribe the whole constituency of Richelieu with a railway, for the attempt to bribe Antigonish by premature publication of public works for that district during an election campaign, for the introduction of Manitoba methods into the Dominion government, with its reign of terror in the Civil Service, and for the acquisition of a \$350,000 Prince Albert city sub-division "homestead" by a political friend at a cost of \$10.

Hon. L. P. Pelletier—responsible for the dismissal of more postmasters and postmistresses and post office employees than had ever been known in Canada before; for the dismissal of indigent women and of men who had been dead for years as "offensive partisans"; responsible for the contract with a syndicate of his political friends for the purchase of 35,000 post office mail-bag locks at \$1 a piece—more than twice as many as had been used in the whole history of the Dominion.

Hon. J. D. Hazen—responsible for presenting the insulting motion on the introduction of the closure which for the first time in Canada applied the gag to the leader of the opposition; for the appointment of Captain Landry, a convicted forger, to the government service at Arichat, after he had been warned of this.

Hon. C. J. Doherty—responsible for continuing to accept a pension from the government as a retired judge, presumably unable to continue his duties on the bench, yet able to undertake the infinitely greater work of minister of justice; head of the department which released Captain Landry from jail after he had served sixty days on a year's sentence for forgery, so that he might take up his work as government wharfinger; responsible for the passing of a bill prohibiting the issuance of racing charters by the secretary of state.

## THE GREAT FRENCH TONIC VIGOROL

Makes Men and Women Strong—**Mr. Ryan Your Druggist, is the First to Import This Into FREDERICTON. Get a Bottle and be Healthy**

Since the introduction of VIGOROL into Canada the sale has been phenomenal. VIGOROL is purely a tonic—it builds up the run-down system, creates a new lease of life. Everybody should take a tonic. The only question is what to take. You can rely upon VIGOROL as one of the greatest, if not the greatest, that man ever prescribed. Every drop of this wonderful French Tonic contains life. Your nerves are toned up to their proper tension. The stomach and bowels are made healthy and strong, while the kidneys and liver are cleansed and put in good working order. Headaches, biliousness and all blood impurities are at once removed. The skin becomes clear and healthy. VIGOROL in short will change your whole system making it pure and healthy. Mr. Ryan's your druggist, will refund your money if it fails. Price \$1.00 a bottle, or six for \$5.00.

and refusing to make it apply to newly issued wide open racing charters at London and Toronto.

Hon. Dr. Reid—has been heavily interested in the starch works at Prescott as director and stockholder. The works had been abandoned some time ago on January 31st Hon. Dr. Reid ceased his connection with the company and very shortly afterward the government purchased the property for \$47,500; attempted to bribe the South Renfrew electors with the promise of a post office.

Hon. Louis Coderre—accused of conniving at a systematic campaign of personation at his ministerial by-election at Hochelaga; charged his accusers with being blackmailers and perjurers, while they confessed to personation, yet Hon. Mr. Coderre refused an investigation when the accusation was made in the House and has never moved a finger to punish those who he declared had perjured themselves and tried to blackmail him.

Hon. T. W. Crothers—secured election by promising that a Tory government would reimburse those who lost by the Farmers' Bank failure, a promise unfulfilled and repudiated by the government; as minister of labor reported in Montreal Conservative papers as saying that he had no use for labor unions, refused to appoint a board to settle the C.P.R. strike, and neglected to enforce the law to keep out strike-breaking photo engravers at Toronto.

Hon. W. T. White—as acting minister of justice, was a sharer with Hon. Mr. Doherty in the freeing of Captain Landry; he also contrived to make the announcement (by Hon. Mr. Rogers) of the reduction of the cement duties by fifty per cent. for the benefit of the west "synchronize" with the provincial election in Saskatchewan; made fifty per cent. reduction in duty on steel rails which presented hundreds of thousands of dollars to the railway companies; granted certificate to the Banque Internationale (since absorbed by another bank), after it had been refused by the Liberal government; refused Sir Richard Cartwright's amendment to authorize the proposed tariff commission to investigate the profits of companies applying for increased tariff.

Hon. Frank Cochrane—responsible for a breach of trust in degrading the National Transcontinental Railway, tried to keep as a political weapon the proposed \$2,000,000 subsidy to the T. & N. O. Railway, responsible for the defeat of the Highways' Aid Bill because he insisted on keeping disposal of the money so that it could be issued for party advantage.

Hon. Sam Hughes—spent over \$11,000 on an official car secured by private purchase from Mackenzie & Mann, bought series of expensive automobiles for militia department without calling for tenders.

Hon. George E. Foster—has been so consistently away from Canada at the country's expense that he has hardly had time to do anything except to swallow all his previous utterances on the naval question, spent most of last summer in England, left for Australia last February; as Canada's commercial traveller the only results of his journeyings so far have been a few speeches and big expense accounts.

It is not surprising that with the support of such ministers, Premier Borden should have been compelled to admit, as he did in parliament on April 9th:

"It is eminently proper, as every one in this House and in this country will realize, that a parliament should not sit as we have sat for nearly five months, since the 21st day of November last, and practically accomplish nothing at all in respect to the public business which is before us."

## EUCCHARISTIC CONGRESS OPENS AT MALTA

Malta, April 22—Hundreds of delegates and visitors, including eminent representatives of the Catholic Church in the United States, South America and Canada and in all the countries of Europe, are here to take part in the twenty-fourth International Eucharistic Congress. The papal legate to the Congress, Cardinal Ferrata, prefect of the Congregation of the Sacraments, arrived from Sicily today aboard a British warship. His Eminence was driven in a state coach to the Sarria Church, where he was formally welcomed by a distinguished gathering of ecclesiastical and civic dignitaries.

## CONSTIPATION Can Be Cured.

You cannot expect to be well if you allow your bowels to become clogged. What is necessary is to have a free motion of them every day, and to keep them in this condition all the time if you wish to be strong and healthy. If you don't keep them open the system will become clogged up with poisonous matter and produce constipation, headache, dyspepsia, bad blood, etc.

Keep the bowels in good condition by using Burdock Blood Bitters; the remedy that has built up an unrivalled reputation, during the past thirty-six years, as a cure for all troubles arising from a constipated condition of the bowels.

Mrs. Thomas Calder, East Lower Fort Garry, writes:—"I am writing you to let you know what Burdock Blood Bitters has done for me. I suffered very much from constipation and none of the medicines I took agreed with me. Now I am glad to say that there is nothing like B.B.B. Since taking it I have not been troubled."

Burdock Blood Bitters is manufactured by The T. Milburn Co., Limited, Toronto, Ont.
