

# DYING FROM GALL-STONES

Doctors Said Only An Operation Could Save His Life—"Fruit-a-tives" Enabled Him To Pass Nearly 200 Gall-Stones.

J. B. HARDING, Esq.

46 Grove Ave., Toronto, Ont., Jan. 10th, 1913.

"I suffered untold agony from GALL-STONES, for the past three years, and tried many doctors without getting relief. I also paid \$5.00 for one bottle of medicine which was useless. At times the pain from these gall-stones was so great that I lost consciousness, and my condition was desperate. I was quite satisfied that I was dying and the doctors said I must be operated upon. During one of these very severe, acute attacks, I was given some 'FRUIT-A-TIVES', and after taking a short treatment of this remedy, I passed gall-stones over an inch in length, and as many as one hundred and fifty or two hundred in number. 'FRUIT-A-TIVES' was the only thing that would relieve my pain. They are the greatest medicine in the world, and if there is anyone in Canada, or anywhere else, that suffers from gall-stones, I say 'Let them take 'Fruit-a-tives' and be cured'."

"If this testimonial will further the good work of 'Fruit-a-tives', publish it with my full authority."

Are you wondering how "Fruit-a-tives"—a medicine made from fruit juices, can cure Gall-stones? We will tell you. The Gall bladder is the reservoir for holding the Gall, or bile, secreted by the liver. If there is insufficient bile, then the bile in the Gall bladder is thick and easily forms stones. When the liver is weak, it secretes very little bile and then the Gall bladder is partially filled with a thick jelly-like mass of bile and thus forms into lumps or stones. "Fruit-a-tives" stimulates the liver to secrete more bile, and this increased bile softens the Gall-stones and by overflowing the Gall bladder, forces the passage of the stones through the Gall duct—and thus cures the disease.

"Fruit-a-tives" is the only medicine in the world made of fruit juices. By a wonderful process, the medicinal properties of certain fruits are greatly intensified—then valuable tonics and antiseptics are added and the whole made into the pleasant tasting tablets known in every section of Canada as "Fruit-a-tives". 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## CHARGES BREACH OF PROMISE TO WED

New York, June 24—Charging that he failed to keep a promise to make her his wife and further declaring he violated an agreement to give her a life annuity of \$50,000, Mae A. Sullivan, daughter of the late Patrick B. Sullivan, once register of deeds and prominent in the city's political life, has brought two suits for damages, aggregating \$225,000, against Arthur Ingersoll Hoe, son of the late Robert Hoe, printing press manufacturer.

The complaints, prepared by Minabeau L. Towns of 233 Broadway, were filed in the county clerk's office shortly before four o'clock yesterday afternoon. They show that Mr. Hoe was served last Friday at the office of the Steel Inner Tube Company, of which he is president.

The residence of Miss Sullivan is not disclosed but she is understood to be living on Washington Heights.

Miss Sullivan, petite, twenty and unusually beautiful, alleges she met Mr. Hoe months after he had married Evelyn Perry, an actress, and that a few weeks later Hoe proposed

and was accepted. Wealthy in her own right, her father having left her an estate of upwards of \$1,000,000, she had just been graduated from a fashionable school and was unfamiliar with the ways of the world.

She alleges that upon Hoe's protestations of love and the declaration that he was unmarried, she allowed him to establish her in a handsome apartment and permitted him to spend \$1,000 a week in maintaining her. Although she had been brought up in luxury the magnificence of the presents showered upon her quite turned her head and she declares she is now entirely unfitted to live in the manner she did before she made his acquaintance.

Furthermore, she declares, both her parents are dead and her course has estranged her from the remaining

**Wood's Phosphorine.**

Sold by all druggists or mailed in plain package on receipt of price. New pamphlet mailed free. **The Wood Medicine Co.,** formerly Windsor, Toronto, Ont.

## NEWS OF FREDERICTON TWENTY-ONE YEARS AGO

(From the Weekly Herald, June 25th 1892)

**RECOVERING**—Rev. Father Obatillon, assistant priest of St. Dunstan's, is recovering from a severe attack of illness.

**THE WESTON**—So far as can be learned the steamer David Weston will not be put on the river this season. The only accommodation will be as it is at present.

**SALMON**—A train on the C.E.R. brings over a large lot of salmon daily enroute to the United States. The fish can be got at the different stations along the line for ten cents a pound.

**ON THE MOVE**—The I.S.C. boys have have the officers busy. Brown and Allen, two of them, were sentenced to 30 and 22 days respectively for desertion. Furlong, a deserter, having returned, is now up for court martial.

**FOR MONCTON**—All the Orange lodges of York will go on an excursion to Moncton on the 12th of July over the C.E.R. The train will leave on the evening of the 12th.

**CASTING A LINE**—Dr. Baxter of Bangor and Dr. Coulthard and Robert Davis of this place start for the Dungarvon River on Saturday next on a fishing trip. They will meet James S. Neill who is now fishing Renous River at the lower camp on Dungarvon and will be absent two weeks.

**THE THOMPSON MILL**—Charles E. Hill has purchased the Thompson property at Nashwaakasis and will carry on the mill as usual. A first class carder and cloth dresser from Nova Scotia will have charge of the carding mill and the business will be carried on satisfactory to all.

**NEW STEAMER**—Messrs Henry Grant and George Brown of Southampton launched their steamer on Thursday. She is eighty-five feet long and eleven wide. The engine will be put in here by Allan Stairs. The boat will be used as a freighter between here and Woodstock. She will have side wheels instead of stern wheels and will be expected to steam fast.

**SURVEY BOAT**—Rainsford Wetmore, the railway surveyor, and his assistants left Woodstock on Thursday for the survey and locating of the Prince William Railway. Alex Munroe has hired to the surveyors his tow boat. It has been roofed over and made a comfortable camp for

twelve men. Mr. Wetmore expects to get to this city about the last of September. He is leaving the survey already for the shovel so that this will be the final survey. Talk is being survived all along the route by the sight of the survey boat, many thinking the road will go and many taking the opposite view.

**PAY UP**—The assessors have completed the assessment for the year and handed over their books to the treasurer and the tax notices are being issued. The rate is \$4.70 for \$1.00 on income and \$500 real and personal as against \$4.90 last year. The poll tax is \$7.75. The first \$300 of income is exempt except for non-residents or persons or corporations doing business in the city and not paying a poll tax. The treasurer asks for all taxes before July 20th and those who pay before that date get a discount of five per cent. (The antiquated assessment law of that time which assessed real estate at one fifth its value and income at its full value, was repealed some years ago, after a stiff fight waged by government officials and others in receipt of fixed incomes. No one today would think of returning to the old system.)

**WEDDING BELLS**—On Wednesday morning about seven o'clock the residence of Coun. John Scott of the Barony was the scene of a very pleasant gathering, when his daughter Lizzie became the wife of Mr. William Anderson, son of John Anderson, M.P.P. The ceremony was performed by Rev. William Ross. Only the immediate friends were present. The happy couple were driven to Harvey Station.

**COMING AND GOING**—Mr. Levitt Theriault, M.P.P. of Edmundston, was here on Sunday as was also Hon A. Harrison, president of the Legislative Council. Frank Whitehead of Andover reached the city on Tuesday F. B. Gunter and A. S. Estey have arrived from McGill University.

**THE WHEEL**—The foundation of a bicycle club which has been going on for some time is about completed. There are more lovers of the silent steed in this city than in any city in Canada of the same population. The boys will show up in the Dominion Day races in the park. The following have entered:—D. E. Crowe, Arthur Shute, W. B. Lemont, Frank Ristein, H. H. Pitts, B. Boone, F. Hatt, W. Anderson, R. Howie, J. H. Parsons, and Robert Craig.

**FOR A RACE**—In our last issue we stated that the veteran horseman, John H. Reid, would match a Kearsage colt against the get of any other thoroughbred stallion. This has been replied to the effect that Jen. F. and Sprague will give the Kearsage a race for \$25, the time to be fixed later; A race may be the result.

## TIGHT MONEY PINCH- ING MANY

Thousands more are being squeezed by aching corns which can be cured quickly with Putnam's Corn Extractor. Being free from caustics, Putnam's is painless. Used successfully for fifty years. Use no other, 25c. at all dealers.

Donald Brian will have the leading part in the English musical comedy, "The Marriage Market," when it is produced in America next fall.

## TO MOVE NEGRO UNIVERSITY

New Orleans, La., June 28—Bids were opened today for the sale of the New Orleans properties of Southern University, an institution for the education of negroes, which is to be moved to some town in the interior of the State. This marks the end of a long and expensive legal fight to keep the university in New Orleans. The institution is subject to the control of the legislature. For some years efforts have been made to move it to an agricultural district, where the objects of the school could be worked out to better advantage. When the legislature finally ordered it moved an injunction against the change of location was obtained. The legal fight was ended a week or so ago when the supreme court decided that a citizen had no standing in court when opposing a decree of the legislature unless the decree should be unconstitutional.

members of her family.

Mr. Hoe, a graduate of Harvard, is in his early thirties. He received \$5,000,000 under the will of his father and is prominent. Upon his father's death, Robert, the elder son, became president of R. Hoe & Co., while he became interested in the Steel Inner Tube concern.

On May 10, 1910, Arthur I. Hoe, then six years out of Harvard, announced that on the previous April 23 he had been married in Washington to Miss Perry, a chorus girl. The engagement, kept a profound secret, had been of more than a year's duration. Members of the Hoe family attended the wedding.

## The REASON

THAT THE BIG BEN ALARM CLOCK HOLDS THE RECORD FOR GIVING THE LEAST TROUBLE AND THE MOST SATISFACTION, IS THAT IT IS MADE BY RELIABLE MANUFACTURERS WHO EMPLOY EXPERT WORKMEN.

YOU DO NOT TAKE ANY RISK IN PAYING \$3.00 FOR A BIG BEN, AS EVERY CLOCK IS BACKED UP BY THE MAKERS.

IF YOU ARE LOOKING FOR SATISFACTION, GET A BIG BEN.
