WOMAN IN PAIN FOR THREE YEARS

With an Aching Shoulder and Lame Back That Seemed Incurable

TELLS OF HER REMARKABLE CURE

"Very few people could so patiently suffer for three years as I did," writes Mrs. M. D. Durand from her home in Augusta. "Sometimes I did feel very discouraged but knew that a remedy would some day turn up with the power to relieve my sufferings. Nerviline was the one thing that ever did me any good. It had the power to sink into my stiff, sore muscles and it drew out the pain and gave me release from such distress as few people know. My condition was largely rheumatic and on this account I do urge every person with rheumatic tendencies to use Nerviline—rub it in frequently and bind a hot flannel cloth over the aching parts. This is very soothing and will surely cure."

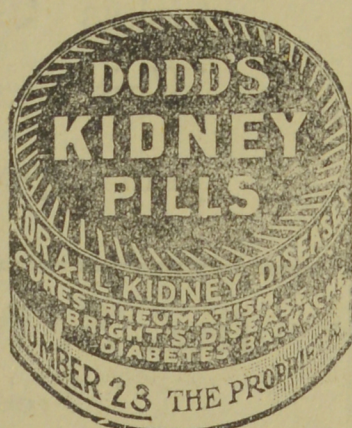

It is just such cases as this that has made Nerviline famous in many lands. No liniment is so penetrating so strong, so pain-subduing. Its influence over Neuralgia, Lumbago, Sciatica and Rheumatism is simply a marvel. Thousands of actual, permanent cures prove this. In the home Nerviline is so useful because it can be taken internally with sure results, for cramps, stomach pains and diarrhoea. It stops vomiting, cures nausea and sick headache.

No home complete without Nerviline. Family size bottles, 50c; trial size 25c., at all storekeepers and druggists or The Catarthozone Co., Buffalo, N.Y.

MARRIAGE MAY BE NULL NO NEED FOR SEPARATION

Montreal, June 25—The complicated martial affairs of Mrs. Joseph Giroux (Virginie Bradley) and her husband will shortly, it is believed, be brought to a close. Mrs. Giroux sued her husband for separation before Mr. Justice Demers on the alleged grounds of cruelty and non-support. When the case was called, however, evidence was brought forward that the lady's husband was her late husband's brother. Ipso facto, if that were the case, the marriage was null and void. Judge and counsel were nonplussed, and the case was put back indefinitely for counsel to decide what to do under the strange circumstances. The plea, it is understood, will now be amended, asking the court to declare the marriage null and void. The case will be specially heard.

The authorities of Cassel, Germany so it is reported recently forbade the performance of a translation of Eugene Walter's play, "The Easiest Way," on moral grounds.

EXCITING CHASE AFTER INDIAN GIRLS

Brantford, June 26—The Mohawk Indian Institute authorities had a very exciting experience in recapturing two girls who were being taken to Hamilton by friends. A little after eight o'clock the two girls, one fourteen and the other fifteen years of age, were reported to be missing, and while search was being made for them a little girl who lives nearby ran to the Institute to say that two Indian girls were at the home of Mrs. Rose Blanken on Mohawk street, opposite the front gate of the institution.

The principal and duty officers immediately proceeded to the house and were informed by Mrs. Blanken that no children were there. It was discovered that the mother of one of the girls, who it appeared was a friend of Mrs. Blanken, was in the house.

After a few minutes one of the girls attempted to climb out of the window and dropped into the arms of one of the officers, who was able to take care of her. The other succeeded in getting out of another window, aided by her mother, who tried to hold the officers back. She gave the officer a good two hundred yards chase in the dark over fences and through back yards, until she was finally captured by the boys' master. Tickets to Hamilton were found in the possession of one of the girls and just as the authorities were taking the children back to the school a hack drove up which had evidently been ordered to convey the party to the railway station.

Mrs. Blanken and her Indian friend boarded the 10.45 car at Murray street bridge for Hamilton. It is not known for what purpose the girls were being enticed away but the authorities have their suspicions. Action will be taken against the women concerned.

NEW ENGINEER FOR INTERCOLONIAL

Montreal, June 26—The appointment is announced of Collingwood B. Brown to the position of chief engineer of the government railways in Canada.

Since graduating in civil engineering on Cornell, fourteen years ago Mr. Brown has been in the employ of the Canadian Pacific railway, filling various engineering positions from rodman to principal assistant engineer, a post to which he was appointed two years ago, and which he now resigns to become head of the government railway engineering department.

Mr. Brown is very well known both in eastern and western Canada, having been in turn resident engineer at London (Ont.); assistant divisional engineer at Calgary, division engineer at St. John (N.B.) and Montreal, before becoming chief assistant of the C.P.R.

Although a graduate of an American college, Mr. Brown is a Canadian thirty-six years ago, and is thus a comparatively young man. Later he resided with his parents at Oshawa and Ithaca, where he took his college course.

The management of the Intercolonial and Prince Edward Island railways feel they have secured a particularly and experienced man in the new chief engineer, who will take up his residence at Moncton on July 1.

Mixed Queensbury matches were placed under the ban, and in order to give emphasis to the fact that a new order of things had arisen Promoter McCarey of Los Angeles furnished a belt to be boxed for by the white heavyweights of the world.

A NEW SERIAL.

The Mail has secured a splendid new serial entitled "Cy Whittaker's Place," by Joseph C. Lincoln. It is a side-splitting tale of humor and tear-compelling pathos and struggle for supremacy, telling a story of Cape Cod and written by a son of Cape Cod's sandy soil. The first instalment will appear in a few days.

Take the heavyweights to begin with. There is no denying that Jack Johnson proved himself to be the best of the big fellows, but Johnson fell from grace and in his fall he pulled the rest of the negro ring men with him.
