CURED IN FIVE HOURSUse the Proper Remedy and Colds  
and Sore Throat Disappear

"When I came home last evening," writes Mr. Thomas E. Jarvis, "I was all used up with cold and a racking cough. I felt sick all over. My wife rubbed my throat and chest every hour and made me gargle with Nerville and water. I was soon warmed up and made comfortable with the Nerville and the chilly sensation passed away. At eleven o'clock, after five hours' treatment, I was practically well. I therefore write you at once in order that it may be publicly known that Nerville will knock out a bad cold over night."

It is a fact that Nerville will ease up a tight chest, will relieve that sore, wheezy feeling, will knock out a cold in just a few hours. It penetrates deeply, draws out the congestion, cures promptly. Get a large family size bottle, 50c.; small size, 25c., at all storekeepers and druggists or The Catarrhozone Co., Buffalo, N.Y.

appointment with Premier Flemming and on the ground of urgency will probably ask that the act of last session creating an additional judgeship be immediately brought into force by proclamation.

Attorney General Grimmer, who has been in an indifferent state of health, is once more back at his post. His early appointment to the bench is generally expected.

The Board of Education is announced to hold a meeting this afternoon.

HIS WORSHIP EXPLAINS  
CONCERNING HIS OFFICEIs Willing to Permit of its Use for  
Meetings if Due Notice is Given

At the meeting of the City Council last night His Worship the Mayor made a statement with regard to the use of his office at the City Hall, which was the direct outcome of the incident Monday morning, when he requested the Board of Health and School Board, which were meeting jointly in the mayor's office, to vacate as the Assessment Appeals Committee was to meet there.

Last night the City Clerk read a communication from the secretary of the Board of Health requesting that the city furnish the board with a meeting room inasmuch as use of the Mayor's Office had been denied. The council took no action on the matter but His Worship made a statement as follows:

"I never have had any objection to permitting any civic body to make use of the Mayor's Office upon due notice being given. Last year for a considerable length of time, the office was used by a department not directly connected with the city government. On Monday last a meeting was held in that office without any notice being given or consent asked. I now want to advise the Board of Health or any other public body that upon twenty-four hours' notice to myself or the City Clerk, that office can be obtained if not in use."

LICENSE FEE WILL BE  
COLLECTED BY CITY

The firm of Falconer & McDonald, the firm of Falconer & McDonald, which is erecting the new post-office building, is to be called upon to pay a license fee of one hundred dollars in accordance with the terms of one of the city bylaws. That was the announcement made at the City Hall this morning. Mr. Fraser, superintendent for the firm, has raised the point that the work is a public one and as crown property should be taxed in the way mentioned. The city authorities claim that the contention is not valid and the collection of the fee will be made.

The matter was referred to at Monday night's meeting of the City Council in committee. Last night at the Council meeting it came up again. Ald. Farrell, seconded by Ald. Everett, moved that the license fee be collected.

Ald. Mitchell remarked in this connection that the motion was perfectly harmless and came from a harmless source.

The motion was carried and Ald. Farrell then read the section of the by-law which covers the case, and interpreted it to mean that a fee of only twenty dollars could be collected.

Ald. Clark, chairman of the Finance Committee today stated that there was some ambiguity in the by-law, but that the license fee was one hundred dollars and would be collected.

The Foundation Company Limited, which is superintending the reconstruction of the draw-span of the Highway Bridge, is not subject to this bylaw as it is not doing the work by contract.

It is understood that contractors and those connected with building trades in the city have been pressing for the collection of the license-fees from Falconer & McDonald, Mooney & Sons of St. John, and other tenderers for this contract before putting in tenders ascertained from the city authorities what the license-fee would be.
