## EVERY WEAK THROAT QUICKLY STRENGTHENED AND BRONCHITIS CURED

Grand Results Follow the Direct  
Breathing Remedy, Which Cures  
Without Drugging

The country is fairly wild over the  
wonderful recovery that throat suffer-  
ers are making every day with  
Catarrhozone. From ocean to ocean  
come letters telling of rapid cures—  
and cures when the complaint was  
chronic and long standing. It's a  
brand new principle upon which Cat-  
arrhozone works—not a single dose  
of medicine to take—nothing to up-  
set the stomach or spoil the diges-  
tion.

You can breathe through the Cat-  
arrhozone Inhaler medicated air  
that is full of healing balsams, full  
of piney antiseptic essences that  
resemble the air of the pine woods  
in the Adirondacks. The pine vapor  
has a truly marvelous action on  
weak throats. It brings strength and  
health to the bronchitic, stops that  
hacking, irritating cough, prevents  
hoarseness and difficult breath-  
ing. You can't find anything for  
weak-throated people on earth more  
beneficial than Catarrhozone. It  
means heaven on earth to the man  
that has had bronchitis, catarrh or  
throat irritation. You will realize  
this the first time you use Catarrho-  
zone, which is a scientific preparation  
specially designed for diseases of  
the nose, throat and bronchial  
tubes. Get the large size it lasts two  
months, costs \$1.00; medium size 50c;  
sample size, 25c. All storekeepers  
and druggists, or The Catarrhozone  
Co., Buffalo, N. Y., and Kingston,  
Canada.

## FIRE STATION

(Continued from page eight)

This recommendation practically re-  
opens the question of erecting one or  
two new fire-stations as that matter  
depends to a great extent upon the  
question as to whether or not the  
present site of the central station is  
large enough for the proposed new  
central station.

Assistant Chief Clark was heard  
last night by the committee in con-  
nection with his recent trip to On-  
tario during which he inspected  
twenty six fire-stations of various  
types in the cities of Toronto, Buf-  
falo, Niagara Falls, Ottawa and Man-  
treal. The Assistant Chief stated  
that he had returned strongly im-  
pressed with superiority of the motor  
driven fire apparatus over that  
drawn by horses. His own opinion  
was that Fredericton should buy no  
more horse-drawn apparatus. In Ot-  
tawa motor-trucks had been used by  
the department for two years and it  
had been found that the heavy snows  
of winter did not interfere with them  
to any extent. In Montreal one  
motor-equipped station was covering  
the ground formerly covered by three  
stations supplied with horse-drawn  
vehicles.
