OXFORD BEAT CAMBRIDGE IN BOAT RACE

Rhodes Scholars in Dark Blue Crew--
Cambridge Put up Game Fight
Though Outweighed

London, March 13—Oxford defeated Cambridge in the annual eight-oared boat race today.

Cambridge took the lead and was half a length ahead at half distance Oxford caught up slowly and won by a quarter length. The time for three miles was 20.53. Oxford has won 39 races, Cambridge 30 one was a tie.

Oxford not only had the advantage of having half of the famous crew which won so handsily last year, but she further benefit of having selected today's oarsmen last term. The result was a perfect machine composed of as heavy men as have occupied the dark blue shell in many years.

Although lacking in experience as compared with the Oxford oarsmen, the wearers of the light blue were figured to have a much better chance than last year, not only because the men proved themselves better fighters during training, but also on account of the fact that the dark blues were said to have reached top form two weeks ago.

The Cantabs weighed slightly under four pounds less than their rivals and were pronounced by experts the best crew that had come up from there in the present decade.

For the first time the annual race between the two varsity crews Cambridge rowed in a centre seated boat.

As in the past, the majority of the oarsmen on both crews learned to handle an oar at Eton, but the colonial Rhodes scholars are beginning to break into this last stronghold of English sport. Last year C. W. B. Littlejohn of Melbourne, rowed seven and today two Australians, H. K. Ward and C. L. Baillieu, occupied thwarts of the Oxford shell. The course was efficiently policed by the river authorities and the oats which followed the racing shells, were regulated like street traffic.

Great precautions were taken to guard against militant suffragettes. The scenes along the banks of Thames were animated.

HOOF PRINTS

Centurion, by the American sire, Wilburn M. 2:14½, dam, the Russian mare, Tsiganka, in an effort to beat the Russian record for four versts (2 2/3 miles) over the ice at St. Petersburg, scored a tremendous success, as he cut the mark from 6:17½ to 6:09½. For this he was awarded 30,000 roubles, or over \$15,000, appointed by the Imperial Trotting Club on the system adopted in Russia of remunerating record-breakers by the payment of a stated number of roubles for every fraction of a second of time reduction.

In choosing and using a soap for your "Little Fairy" you will find no soap so mild, so neutral, so agreeable to tender skins as FAIRY SOAP.

Being made from products that you could eat, FAIRY SOAP agrees with even the tender skin of a babe.

FAIRY SOAP

In higher-priced soaps you are paying for high-priced perfume and fancy wrappers—not better soap.
