In choosing and using a soap for your "Little Fairy" you will find no soap so mild, so neutral, so agreeable to tender skins as FAIRY SOAP.

Being made from products that you could eat, FAIRY SOAP agrees with even the tender skin of a babe.

## FAIRY SOAP

is white—pure—floating. It comes in a handy oval cake. We could charge you five times the price asked for FAIRY SOAP and we could add nothing to its quality.

In higher-priced soaps you are paying for high-priced perfume and fancy wrappers—not better soap.

It looks as if there is going to be some horse racing here this winter after all. The boys are to get together tomorrow night and take over the matter of matinee racing.

It is rare that a dark horse like Dining carries off the honors in a classic like the Powderhall run. The contest generally narrows down to the two or three men most favored by the talent.

Jack Britton may go to England and box Freddie Welsh.

Frankie Burn, the California lightweight, who was recently defeated by Tommy Murphy is going to retire.

1913 looks like the best year ever. Reuben Whitesock, 2,12½ goes to Italy.

Nat Ray did well at the Toronto ice meeting.

## Local Horsemen Preparing for Maritime Racing

Meeting to be Held tomorrow Night at Office of Dr. Grover C. McCoy ---Arrangement for Racing to be Talked Over and Organization Begun

There now seems to be a prospect of there being matinee racing here during the winter. There is a large number of horses in the city that would make good speedway material and it is hoped that the efforts to be put forward to place matinee racing on a firm basis will be successful as there are many followers of the racing game in Fredericton who will be delighted to see some racing during the winter.

Those interested in the matter of establishing a winter speedway are to meet at the office of Dr. Grover McCoy, Wednesday night at eight o'clock when the subject will be discussed fully. Arrangements probably will also be made to raise funds for the opening of a track for the winter. Organization is expected to be attempted on the lines of a driving club. The details with regard to the track probably will be worked out later.

As far as a track is concerned there is a chance to use the track of the Fredericton Park Association as has been done before or a track may be laid out upon the ice of the river as has also been done before. The mildness of the weather, however is apt to make the Driving Park proposition the better.

### SPORTS OF ALL KINDS

Kid Thomas, the Philadelphia lightweight, who has been abroad with Al Lippe's string of boxers, takes on Freddie Welsh, the English lightweight champion, at Liverpool, Eng., Thursday night. Thomas should give Welsh a good argument, but the Englishman looks to be the cleverer man.

Grover Lauder milk, formerly a pitcher with the Chicago National League Club, who figured in the deal by which Joe Tinker came to Cincinnati as manager, has been traded to the Louisville American Association Club for Mordecai Brown, also a former Chicago pitcher.

Billy Queal and Hans Holmer evidently lost heavily on their trip to Powderhall. Holmer probably bet on Queal and Billy's money was doubtless on himself, and his share of the purse for winning second place was only 5¢. Dining and his backers are said to have cleared up £1000, as the Londoner was a long shot. Holmer stated after the race that Queal was not in shape and Queal himself blamed the ocean voyage for his defeat.

Frankie Fleming, the Canadian featherweight champion, administered a severe beating to Willie Chandle in their 10-round bout Friday night at New York. Fleming had the better of nine of the 10 rounds, the third session being even.

Hans Holmer did not start in the 15-mile run at Powderhall Thursday and, according to the New York Press cable dispatch, did not put on a running shoe after he landed on the other side. He pulled a tendon in a snow-shoe race in Nova Scotia last month and was not in shape when he started in the recent 15-mile run in Mechanic's Hall. He was limping around with aid of a cane at the Powderhall run.

### E. W. HANKS HAS AMBITIOUS PROJECT FOR MAINE TRACKS

Purses Aggregating \$66,000 Intended for Pine Tree Circuit--Lewiston, Augusta and Bangor in View

New York, Jan. 7.—Preparations are going forward down in Maine to take the shine off the betless trotting meetings of the Metropolitan Circuit of half-mile tracks in New York and New Jersey next season. Encouraged by the success of his enterprising management at Bangor last season, E. W. Hanks has just announced a series of early closing races for purses aggregating \$66,000 at three meetings in the Pine Tree Circuit of 1913. These meetings are to be held at Lewiston on July 23 to August 2; Bangor, August 4 to 9, and Augusta, August 11 to 15. Mr. Hanks says another track will shortly be taken into the circuit to fill out four weeks of harness racing for big purses as an incentive for horsemen to ship him trotters and pacers down East next summer.

UNIFORM PROGRAM  
The program is uniform for all meetings, and as it embraces forty-five races the presumption is that the Maine manager is going to follow the Monroe-Goshen course of making all races early closers. The two Orange County tracks which tried this experiment last season took in several thousand dollars more in entrance fees than were paid out in purses, and had just about as good racing as where part of the program was made up of late closing events.

If Mr. Hanks' ambitious project is carried out, and his past performances are evidence that it will be a man with a trotter good enough to win in the 1.17 class or in the 3.00 class can start him for three purses aggregating \$15,000 in three weeks. The same opportunity is open to pacers of 3.00 class, a purse of \$5,000 for green ones having been opened at each meeting. Purses of \$5,000 each for harness races on half mile tracks are rather startling to old school horsemen, but Mr. Hanks demonstrated at Bangor this year that such large prizes can be given successfully, and that they will attract high class horses.

BIG PURSES  
Besides these rich purses, aggregating \$45,000 for nine races, the programs call for purses of \$3,000 each for pacers of the free for all class, and for three purses of \$2,000 each each meeting, these being for 2.14 and 2.00 trotters and for pacers of the 2.09 class. Eight purses of \$1,000 each complete the program. One of these will be for pacers of the 2.16 class that can pace without hobbles. The others are for 2.24, 2.17, 2.14 and 2.11 pacers and hobbles, and for trotters of the 2.25, 2.21 and four-year-old classes. Entries for the circuit are to close on March 1.

### McCARTY AND JOHNSON ALMOST SAME SIZE

In connection with McCarty's victory it is interesting to note the remarkable similarity in body measurements between McCarty and Johnson when the latter was at his prime in the ring. McCarty is twenty years old, unusually young to establish a claim for the championship. Johnson was 32 years old when he defeated Jeffries.

The measurements for Johnson at the age of 32 and McCarty at present are as follows:

Johnson	McCarty
209 lbs.	205 lbs.
6 ft. 11 in.	6 ft. 11 in.
17½ in.	17½ in.
37½ in.	39 in.
42½ in.	42½ in.
16 in.	15½ in.
14½ in.	14 in.
10½ in.	7½ in.
72 in.	75 in.
30 in.	36½ in.
23 in.	26 in.
15 in.	16 in.
9½ in.	9½ in.

It is evident that McCarty crowds Johnson closely, except in the arm measurements. The latter go to show something of the driving power in the negro's arms. His biceps, forearms and wrist all are larger than those of McCarty, although his reach is not quite so long.

### BOXING FANS HAVE THEIR EYES ON STAN KETCHEL'S BROTHER

Youngster Now in New York Waiting For Try-out--Has Boxed Successfully in the West

New York, Jan. 6.—Gotham boxing enthusiasts will soon have an opportunity of seeing in action Leon Ketchell, a young brother of the late middleweight champion. The youngster for he is little more than eighteen years old—is here and will very likely be immediately signed up by a local promoter.

According to western boxing experts this Ketchell is due to become as great a fighter as his late brother. He has engaged in several fights in the west and has won all but one by quick knockouts. That contest resulted in a draw.

Stanley Ketchell often spoke of the fighting ability of his brother, but was not inclined to permit him to enter the ring.

"I used to see Leon out in our back yard at home, punching away at a leather bag, which I used to have hanging from a beam," Stanley Ketchell once said. "He would tear into that thing like a little demon. It used to make me worry, because I don't want him to be a fighter. The game is too hard. But I suppose that if he is bound to be a boxer he will be one in spite of me. I think at that, if I let him enter the ring some day, he will be a wonder."

### ANDY MORRIS OUTCLASSED BY MCKAY (F VVNIPEG)

New York, Jan. 6.—It was knock-out night last night at the 44-St. Sporting Club all three scheduled 10-round bouts of the elimination "white hope" tournament ending in a decisive manner. Andy Morris, Boston's representative, took such a severe beating from Fred McKay of Winnipeg that the referee called a halt in the fourth.

McKay was Morris' master throughout. In the third round Morris staggered McKay with a left to the neck and landed a few hard rights to the body but Mac came right back and with a series of rights and lefts to the face he floored Morris, the bell coming to the Bostonian's rescue. McKay bent on finishing his task in the fourth round, sent three terrific lefts to the face and Morris hit the canvas. The referee then called a halt.

### OPTION ON NICK CULLOP

Cincinnati, Jan. 4.—Pres Herrmann said yesterday the Reds will not bid \$12,500 as reported for Nick Cullop, the New Orleans southpaw, who pitched an 11-inning no-hit game in Cuba. The Cleveland Naps have an option on Cullop and no other club can get him.

### McCARTY'S FATHER ROVER AND REMARKABLY GOOD HIGH JUMPER

Huskiness Runs in Family---Grandfather of New Hope Was Dunkard Preacher in Past Years

Luther McCarty's victory has made the residents of Arcadia, 30 miles north of Indianapolis, much interested in the boxing game. McCarty's relatives are well known there, his father being born and raised on a farm three miles from the town, a place still known as the McCarty's farm.

As they say in Arcadia, it is interesting to know that a small cemetery near the McCarty farm is known as McCarty Graveyard, and an Arcadia fight bug has suggested that Luther secure a rabbit's foot from this grave yard during the year 1913. He said the rabbit's foot would forever keep the jinx off Luther.

Luther's relatives were all large and muscular, says the Arcadia bug, and all of them were well known around the county for their strength and agility. Luther's father Aaron, as a young man, was over 6 feet in height and was known as the great jumper. He is still jumping. He was also known as one of the most mischievous young men in the neighborhood, but was not quarrelsome and was never known to do much fighting.

Aaron, like his son Luther, has been of a very roving disposition, jumping from place to place. He left here and went to Nebraska, where Luther was born, over 20 years ago, and has been going over the country a great deal since that time.

It is also interesting, says the bug, to know that Joseph McCarty, Luther's grandfather, and John McCarty, his uncle, were Dunkard ministers. They were also very powerful men.

### ROGER BRESNAHAN HAS SETTLED HIS CLAIM

St. Louis, Jan. 4.—The claim of Roger Bresnahan, former manager of the St. Louis National League Baseball Club, against Mrs. Helen Britton, owner of the club, was compromised today. Parties to the compromise will not give out the figures, but it is reported that Bresnahan will be paid \$20,000 for a complete cancellation of what claim he might have had against Mrs. Britton for alleged violation of the contract by which he was to manage the club or five years.

### BATTLING NELSON BROKE BONE IN RIGHT HAND

New Orleans, Jan. 4.—Frankie Russell of this city won a 10-round decision over Battling Nelson of Chicago in their go at the Gunewald Theatre last night before a large crowd.

In the last round Nelson broke his left hand in trying to deliver a right hook on the face of Russell. The fight failed.
