"years ago."

terrors for you. We can carry you

every job in the parish there is a

census the last time the conserva-

fish guardian about the same year
and now the great Hon. D. Morris-

trampled over our committee work
and the men we recommended and
handed the job to guard the fish
to this same man in Blissfield just
as good party men who never got
a dollar of public money as this
one man gets all the paying jobs
it would lead the public to believe
that the parish councillors or the
Dominion Government had not a
friend in the parish (of Blissfield
but this will very likely hap-
pen if this thing continues.

Pardon me for a few words to
my friends of the local government
We are not used right here in
Blissfield and Ludlow as there are
lots of lumber scalars in both per-
ishes amongst whom I count one
but still government scalars for
this section are brought from afar
to fill positions as government
scalars which must certainly belong
to us as there are certain men
here well capable of doing the busi-
ness.

I hope Mr. Editor you will not
get disgusted by the epidemic of
correspondence at Doaktown. Thank
ing you in advance for favors I
remain dear Sir,

Yours with respect
M. Hannan.

Jogging Laziness into Activity

The merchant whose business lags in the summer
has himself to thank.

To slacken the selling pace in the hot season—to
lessen Advertising activity—indicates a resignation
which has no place in modern business.

If we think we cannot keep our business booming in
summer time, we surely will not.

What a jolt it must have been to the fur trade, when
the first mid-summer fur advertisement was run in
a daily paper! Now many fur stores are following
the example of that progressive fur man who dared
to believe that fur sales need not go down as the
mercury goes up.

Energy, linked with Advertising, has turned the
month of January into the biggest selling season
for white goods. Advertisements of a high stimula-
tive power, combined with a disregard of "seasons,"
have opened up automobile selling two months
earlier than was once thought possible. Advertising
has started Christmas shopping early in October
instead of the middle of December.

Advertising rises superior to seasons and thermom-
eters. The right kind of Advertising strikes a
responsive cord in human nature—and human
nature is the same in August as in December.

Advice regarding your advertising problems is available through any
recognized Canadian advertising agency, or the Secretary of the Can-
adian Press Association, Room 503 Lumsden Building, Toronto. Enquiry
involves no obligation on your part—so write, if interested.
