## BULGARIAN TOWNS BURNED

### Turkish troops make Their Way Across Frontier in Three Places

### King Ferdinand Appeals for European Intervention, But There is no Sign of Any Response

London, July 24—Without declaring war and apparently trusting that the jealousies of the powers will prevent any European interference, Turkey has begun an invasion of Bulgaria. The Turks have occupied and burned the villages on the Jamboli road, and it is reported have pushed their reconnaissances as far as Philippopolis.

In Vienna it is reported that the Turks have crossed the Bulgarian frontier in three places, roughly coinciding with the routes followed by the Bulgarians southward last October, namely by the Maritza and Tundja valleys, as well as in the din of Jamboli. King Ferdinand of Bulgaria has protested to the powers and appealed for European intervention, but there is no sign that Europe will take action.

Sofia, July 24—The Turks have occupied and burned the villages on the road from Kizilgatch to Jamboli. The frontier people are fleeing into the interior.

Vienna, July 24—Turkish forces have crossed the Bulgarian frontier, according to reports received here today and are now marching on Jamboli, a Bulgarian town on the Tunja River, fifty-six miles north of Adrianople.

London, July 24—A telegram was received this afternoon during the session of the European ambassadors here from the Bulgarian minister in Paris, reporting that Turkish troops had entered the Bulgarian town of Philippopolis, that the populace was fleeing and that the situation was desperate.

London, July 24—The Bulgarian legation in London confirms a report of the advance of Turkish troops to Jamboli, but as no news of their advance on Philippopolis. The diplomats are of the opinion that if the report is correct it must refer merely to a reconnoitering flying column.

Constantinople, July 24—The Ottoman government is replying today to the Bulgarian protest against Turkey's alleged violation of the treaty of London, claims that the advance of the Turkish troops was impelled by Bulgarian atrocities. It expresses the hope that Bulgaria will recognize the reasonableness of Turkey's reoccupation of Adrianople, and will help to restore friendly relations by a display of similar pacific sentiments to those animating Turkey.

## CONVICTS FOUGHT FIRE IN SING SING

Ossining, N. Y., July 23—Three shops of Sing Sing prison burned to the ground yesterday afternoon with a loss of what Warden James M. Clancy puts at \$150,000.

The fire was fought mainly by 200 convicts trained as a fire brigade, who showed great bravery. The convict firefighters did not wait for orders, but scaled the roofs of adjoining shops and directed streams from them. The prison authorities describe the men locked in their cells, 1,200 of them, as "orderly."

Kurt Schoenherr, a burglar, escaped from the prison a few nights ago. Schoenherr has not been found, and has been thought to be hiding inside the prison walls. It was the theory of the prisoners that Schoenherr failed to get outside the walls, and, seeing that he was going to be starved into surrendering himself, set fire to the mat shop and perished in the flames rather than give up his struggle for freedom. However, that may be, there was no break for liberty on the part of the 200 convicts fighting the fire, although such a break might easily have succeeded.

These men took such risks that two of them were overcome by smoke and heat, and had to be sent to the hospital.

## TO WELCOME LABOR LEADER

### Canadian Organizations Preparing Reception for Wm. Crooks, M. P.

### Is a Member of the British Delegation Which is to Tour Canada en Route to Australia

Ottawa, Ont., July 25—Labor organizations in many cities of the Dominion are preparing a welcome for William Crooks, who is one of a distinguished party of members of the British parliament who are crossing Canada today from Montreal. After a brief day in the capital they will go to Toronto and Niagara Falls, and then proceed to Vancouver, stopping en route at Winnipeg, Calgary, Edmonton and other cities.

"Will" Crooks, as he is familiarly known, is one of the foremost labor leaders of Great Britain. He has been a member of parliament for ten years and he is, in many respects, today the most striking figure in British politics. His career has been a most remarkable one.

As a trembling little urchin of nine he was driven by sheer starvation to seek refuge in a workhouse. In later years he became chairman of the same board of guardians that then sent him into the poorhouse.

When only eleven years of age he was apprenticed to a blacksmith. When fourteen he was earning only \$1.50 a week at the smithy. Then he changed to the trade of cooper and served a seven year apprenticeship. Then, in 1878, being prominent in some small trade dispute, he lost his appointment and had to go on a tramp searching for a livelihood. Christmas Day, 1878, saw him still a tramp, without boots, without a penny in his pockets. Then his luck took a turn. By sheer hard work he progressed till he became a master cooper, a ruling spirit in labor questions, and a distinguished member of the London County Council.

## SUDDEN DEATH OF ANTHONY N. BRADY

Albany, N. Y., July 23—Anthony N. Brady, the world famous traction and gas financier, died at 8.30 last night at the Carlton Hotel, in London, according to a private cable despatch received last night by E. Palmer Gavitt of Albany, son-in-law of Mr. Brady.

London, July 23—Angina Pectoris was the cause of the sudden death of Anthony N. Brady, the financier of New York city and Albany, N. Y., in a London Hotel last night. His body is to be shipped on board the Olympic tomorrow.

New York, July 23—The death of Anthony N. Brady, in London last night was a shock to the financier's friends here, for Mr. Brady had sailed from New York only a week ago, apparently in good health. He was seventy-two years of age and had an interesting career. He was born in Lille, France, and came to this country with his parents when a child of less than five years. At fifteen he was obliged to quit school and to start out to earn his own way in the world. He started as chaser in a hotel barber shop in Albany and ended his career as a recognized power in the world of finance. His first large accumulation of money was gained through a chain of tea stores, which he established soon after reaching his majority.

The extent of Mr. Brady's fortune is unknown, but an estimate published today places it at 25,000,000 and "probably more." He was a director in nearly sixty corporations, and controlled some of the largest public utilities in this city and state.

## SEVEN LIVES SNUFFED OUT BY EXPLOSION IN QULBEC

### Building Belonging to Canadian Explosives Company Blown to Pieces by Nitro-Glycerine--Disembered Bodies of Four Men and Three Girls Shattered to Pieces--Allegation Made that Explosion Was Due to Carelessness

Beloeil, Que., July 24—Seven lives were snuffed out at Beloeil today when an explosion of nitro-glycerine blew one of the isolated buildings of the Canadian explosives Company to pieces, and scattered the dismembered bodies of four men and three girls in every direction.

An instant after the explosion the space for 150 feet around was strewn with wreckage intermingled with the mangled remains of the unfortunate victims. The detonation brought workers from the other houses rushing 'out of doors but the distance between the houses was great enough to prevent the shock from producing other explosions.

The search for the bodies was started at once and it is expected that as much of these victims as can be found will be identified without difficulty. The head and half the trunk of Miss A. Eli were found covered with wood but the bodies of the other victims were too hopelessly torn into fragments to permit of identification on the spot.

### THE KILLED

Eugene Larivee, 28 years of age of St. Hilaire.

Alphonse Guilmin, 36, married of Beloeil.

Philip Paquette, 21 years old of Beloeil.

Rosario Mongeau, of Beloeil 16 years of age.

Miss Mary Theresa Williams, 19 of age of Beloeil.

Miss Lorenza Lac sso, 17 years old of Beloeil.

Miss Aurore Eli, 16 years old of Beloeil.

The victims were the only persons employed in the building and all were instantly killed.

An inquest will be held tomorrow morning by Dr. Fontaine.

### SERIOUS CHARGE

Montreal, July 24—Evidence of a sensational nature is promised at the inquest if the statement of villagers can be taken. It is alleged that machines were used for packing cartridges which had been condemned by government inspectors only a few days ago. However, it will be difficult to prove these facts as every one of the employes in the building were killed.

The official statement in regard to the accident is that the explosion occurred this morning at 11.20 o'clock in what is known as the gelatine cartridge house. As to the cause of the explosion it is quite impossible to determine and no theory can be offered. Five minutes before the explosion the foreman of the department had gone through the house and examined it as well as the machinery, and he found everything in order. Work only started ten minutes before the explosion and the visit was the daily opening inspection. There were working in the department seven persons including four men and three women, all of whom were killed outright. There was, however, no structural damage.

## RESPITE FOR CONVICTED MURDERER

Prince Albert, Sask., July 25—Despite the fact that he is confined behind prison bars, this was a happy day for Lewis Ratz, one of the two Hungarians convicted of the brutal murder of Charles Bruggenotte last February. Ratz was to have been executed today, but the action of the supreme court in ordering a retrial of his case assures him of another lease of life. Emeric Kovach, convicted jointly with Ratz and also sentenced to death, has had his sentence commuted to life imprisonment.

The Gaiety Theatre in New York will be opened on Labor Day with a new farce by Edgar Selwyn, entitled "Nearly Married," in which Bruce McRae will have the leading part.

## MAY PARDON MURDERER

### Geo. Marion, Wilkesbarre, Pa. shot Woman Three Years Ago

### Had Been Living With Him as His Wife and Ran Away With Another Man

Wilkesbarre, Pa., July 25—The murder committed by George Marion, for whom a pardon is being sought by members of the theatrical profession occurred in this city Aug. 20, 1909. In early life Marion had been an actor and in later years was employed as a theatrical advance agent. He had lived in Wilkesbarre, but at the time of the tragedy his home was in Atlanta, Ga.

Marion and his victim, his common law wife, who was formerly Miss it was alleged, been living together Frances Lee, of Zion City, Ill., had, it was alleged, been living together as husband and wife for seven years. Several weeks before the tragedy, it is claimed, the woman ran away with another man, taking her child with her. Marion traced them to this city, and through the chief of police he arranged to meet his wife at police headquarters.

When they met at police headquarters, he kissed her and both appeared happy. Turning to the chief of police, Marion asked the latter to step from the office a few moments while he spoke to his wife in private. The chief, thinking he was accomplishing a kind act by bringing husband and wife together, readily consented. As soon as he left the room Marion asked his wife if she would return to Atlanta with him. She refused, whereupon he pulled a revolver and shot her dead.

Marion was indicted and tried on a charge of first degree murder. His attorneys made a hard fight for him on a plea of temporary insanity. He was convicted, however, and sentenced to death. Later the sentence was commuted to life imprisonment.

## A FREDERICTON LADY IN BLUE NOSE LAND

Mrs. M. J. Charters is visiting at the home of C. S. Chesley, the artificial limb manufacturer, Mt. Dennis N. S., writes as follows to The Mail:—"Mount Dennis is a very pretty village situated about two miles from Hantsport on river Avon. Mrs. Charters is delighted with the splendid farms, and beautiful scenery which surrounds her where ever she looks. This river, in which the tide rises to a very great height is something new to a New Brunswicker. One part of the day a little winding stream, gliding around a numerous lot of mud beds, with straight red banks rising on either side, which holds in the great sea of water that steals in quietly so that large vessels sail up some miles above here. There are a number of industries in operation in this vicinity of which I may give you an account later. There are a large number of visitors here enjoying the cool and balmy breezes which seem to be keep perpetual motion among the branches of the old lofty shade trees. The orchards grow low and so thickly set in some places with old spreading fruit trees that on looking from a distance one can easily imagine himself waking over the tops without falling between they are so level and compact.

## FIRMER TONE TO THE MARKET

### The Buying, however Appears to Come From Speculative Sources

### The Advance Expected to Encourage Improvement in the Purchase of Stocks

New York, July 25—The further pronounced strength of the stock market was none the less gratifying because it came largely from speculative sources. It reflected not only a strong technical position but a more cheerful sentiment as well. Thus far the advance has not exceeded the bounds of conservatism and has in no way jeopardized the gradual improvement in financial conditions. It is a question, however, if speculation can show further material expansion without menace to the banking position. The process of curtailment in the volume of general business throughout the country must proceed further before it can readjust matters wholly.

If the advance which has taken place tends to encourage improvement in purchase of stock the effect will have accomplished the greatest possible benefit at this time.

### A BIG SIGN

A conspicuous feature of the Fredericton end of the Highway Bridge will be in the near future a huge sign bearing the words "The Foundation Company Limited, Montreal Vancouver." The sign which is twenty by eight feet has been painted by Steve Brown and is now on the shore near the bridge. It will be placed in position by the Foundation Company which is rebuilding the draw span, and will be used for advertising purposes.

John Drew is to appear in London next season in "Much Ado About Nothing."
