

THE LIFE OF A MARTYR

Was In Agony For Years And Nothing Gave Him Relief Until He Used "Fruit-a-tives"
The Famous Medicine Made From Fruit.

ALFRED FERRIS, ESQ.

PENETANGUISHENE, ONT., March 4th, 1913

"I want to inform you of what your remedy 'Fruit-a-tives' did for me. For years, I was a martyr to Dyspepsia and Constipation, often having to leave work from the agonizing pains of Acute Indigestion. Doctors treated me continually, but without satisfactory results. It seemed to me that I tried every advertised medicine on the market, and got no relief.

"On one of the days that I was compelled to absent myself from work, a neighbor came to my house to whom I told of my suffering, and he said to me that all I had to do, if I had Dyspepsia, was to take 'Fruit-a-tives'. They would cure me. He had cured himself. I immediately procured a box and continued taking them until cured. I suppose I took in all about eleven boxes and I am glad to be able to say that I have been free of Indigestion for nearly two years. They cured the Constipation also. They were worth their weight in gold to me and I will be glad to have you publish this letter, along with my photo, if it will induce another dyspeptic to take the right road to a permanent cure."

Yours truly,

ALFRED FERRIS.

Had Weak AND Dizzy Spells.

Those feelings of weakness, those dizzy spells and "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded.

They indicate an extremely weakened condition of the heart and a disordered state of the nerves.

One dizzy spell may pass off, but the next may be more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes hopeless. They have no equal for reviving and strengthening the heart, and invigorating the nerves.

Mrs. A. E. Martell, Rockdale, N.S., writes:—"I was troubled for a long time with my heart, had weak and dizzy spells, could not sleep, and would have to sit up the greater part of the night. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another, and after taking it I could sleep as well as before I was taken sick. They are the best medicine I ever heard of for heart or nerve trouble."

Price, 50 cents a box; 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

STOCK MARKET LETTER

St. John, June 14—This week in the stock market it has been as near a panic as at any time since 1907, in fact a comparison of the ruling prices today with those of 1907 will in many cases show very little difference. Railroad stocks are showing returns very nearly up to seven per cent. as investments while industrial stocks are in many cases showing returns of approximately ten per cent. to the purchaser.

The liquidation of the last two weeks has been severe and thorough and it is our opinion that stocks should be purchased today and that while there may be still further declines nevertheless the ultimate recovery from these semi-panic conditions will show a very handsome return to those who have the courage to take advantage of present conditions.

Since the wild breaks of Tuesday and Wednesday there has been a much steadier condition evidenced and for the first time in many months the market advanced, on heavy trading. Readers will remember that for months past any advances have been accompanied by very light trading and it has been on declines that heavy trading has been in evidence. This week for the first time this condition has changed. In addition there is some slight evidence of better money supply as in New York the banks show a tendency for the first time in some weeks to put out time money. Previously they had been lending only on call and keeping their position very liquid. It is a good opinion that banks everywhere but particularly in the United States and Canada, have plenty of surplus funds but are holding these in reserve in case of eventualities.

MONEY.

As indicated above the money market shows evidence of easier conditions. The Bank of England statement continues strong and the rate there remains unchanged.

In New York money is in plentiful supply but can only be had on call, the banks refusing to put out time money and the same condition applies in Boston. During the last few days however, there has been evidence of a disposition on the part of the banks to put out time money due very probably to the fact that call money has become a drug on the market.

In Canada the banks have been curtailing loans for so many weeks that evidence all points to their having a much greater supply of ready funds than they will admit and if the same care is exercised through the balance of the summer in both Canada and the United States there is no question whatever but that money will be much easier before the close of the year and will be in plentiful supply early in 1914.

MONTREAL MARKET

The severe break in C. P. R. last Wednesday caused considerable anxiety in the Montreal market and for a short time stocks were offered in small quantities at the lowest prices on this decline. While the market prices did not rally to any large extent there was a decidedly better tone and it is quite evident that buying orders of any magnitude would quickly advance the market to a higher level. Conditions however, in the money market have not improved and it is impossible to say when a change for the better will take place, in fact the most popular prediction is that we shall have tight money right through the year. One thing is certain and that is that the prices of standard dividend paying Canadian stocks are at a level which is extremely attractive both to investors and speculators. The investment yield in some cases is now very large and must sooner or later attract attention.

DETROIT UNITED

When Detroit United sold at 62 this week it was almost on a 10 per cent. basis which in view of the large earnings of the company is entirely out of keeping with other public utility stocks. The weekly earnings of the company show an unbroken record of increases and should almost, if not more than 18 per cent. for the current year. This means that the 6 per cent. dividend is being earned about three times over and sooner or later the shareholders will get the benefit of this prosperity. With the prospect of an increase in the dividend and the rights on the new stock it should sell higher under favorable conditions.

HEALTH AWAITS

GOOD DIGESTION

When the Stomach is Wrong the Whole Body Suffers—How to Keep it Healthy

Indigestion is one of the most distressing maladies afflicting mankind. The stomach is unable to perform the work nature calls upon it to do and the result is extreme pain after eating, nausea, heartburn, painful fluttering of the heart, sick headache and often a loathing of food, even though the sufferer is half starved. People with poor digestion are prone to try all sorts of experiments to aid the process of digestion and there is only one way in which the trouble can be actually cured and that is through the blood. That is why the tonic treatment with Dr. Williams' Pink Pills cures even the most obstinate cases of indigestion. They make the rich, red blood that strengthens the stomach and its nerves, thus enabling it to do its work. The process is simple, but the result means a good appetite and increased health and pleasure in life. Mr. R. Lussier of Sorel, Que., offers ample proof of this. He says: "For several years I was a sufferer from indigestion and the torture I suffered after meals was often almost unendurable. Often I would go without a meal rather than undergo the suffering that followed. Accompanying the trouble I had headaches, dizziness and often a feeling of nausea. All the time I was taking one medicine after another in the hope of getting relief but without avail. Finally I read of the case of a similar sufferer cured through the use of Dr. Williams' Pink Pills and I decided to try them. I took the Pills steadily for about six weeks with the result that I was fully cured and could eat anything I cared for. I may add that I have not since had any return of the trouble."

If you are suffering from indigestion do not waste time experimenting but begin to cure yourself today with Dr. Williams' Pink Pills, which go right to the root of the trouble through the blood. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SPRINGFIELD.

We all regret very much to learn that Mr. James Graham has sold his farm and intends moving away soon. He and his wife will be greatly missed, also his mother, who was a strong church worker. His two sisters from Boston and one from Minneapolis are with him now. Mr. George White is the purchaser. He and his wife and family have returned from Paten and are living in the place now.

We feel that we are losing another good neighbor when we learn that Mr. and Mrs. James Hallett are going to go back to Vancouver with their daughter, who is making them a visit.

Mr. Harry Moore has bought a fine horse from Dr. Roberson.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., June 14—Governor Sulzer's spectacular fight for a direct primary law, in which he has been aided by Colonel Roosevelt, William R. Hearst and other noted political leaders of New York, will be brought to a climax when the State legislature convenes in extraordinary session Monday to decide the fate of the measure.

President Wilson, if his other engagements permit, will go to Philadelphia Tuesday to speak at the unveiling of the New Jersey memorial erected at Valley Forge.

Former President Taft, with Presi-

dent Hadley of Yale, will lay the cornerstone of the new Yale Coliseum on Monday.

A special election will be held Tuesday in the Sixth Congressional District of New Jersey to elect a successor to Congressman Martin, deceased. As the district two years ago was about evenly divided between the Republicans and Democrats, there is considerable interest in the result of the special election.

The currency commission of the American Bankers' Association will meet in Atlantic City Tuesday to exchange views on the subject of currency legislation. The results of the discussion will be submitted to the United States senate.

William Faversham and Julia Opp will spend their vacation in England.
