He suffered a paralytic stroke in December, 1908, and similar strokes since that time. His condition was critical yesterday, but improved in the evening, becoming worse this morning. By the death of Judge Gregory Fredericton loses a citizen who was born here and whose entire life was closely identified with the progress of the city.

FUNERAL MONDAY

The funeral will take place on Monday afternoon at three o'clock. There will be service at Christ Church Cathedral at that hour. Interment will be made at Forest Hill.

SKETCH OF HIS CAREER

Hon. George Frederick Cregory, was the son of the late Mr. John Gregory, for many years connected with the educational department of the province, and was born in Fredericton on August 31st, 1839. He was educated at the Collegiate school and the University of New Brunswick. He studied law with the late Hon. John J. Fraser, was admitted an attorney in 1863 and a barrister two years later. Shortly afterwards he entered into professional partnership with the late Mr. A. G. Blair, (who afterwards became Attorney General, and Minister of Railways) and the firm of Gregory and Blair became known all over the province as comprising two of the ablest lawyers in the country. This partnership continued until 1887 and from that date until his appointment to the bench Mr. Gregory had for a partner his brother, Mr. Albert J. Gregory, K. C. Mr. Gregory's practice extended to as counsel for the defence.

Blair and his colleagues in York and met defeat. The successful candidates were petitioned against and resigned their seats in October of that year and in the bye-election which followed immediately Mr. Gregory formed a ticket known as "the Big Four" and opposed their re-election. After one of the most memorable political battles in the history of York County Mr. Blair and his three colleagues were returned.

Mr. Gregory has filled the offices o President and Secretary of the Fred ericton Society of St. Andrew's and he was for a number of years Chair man of the Trustee Board of St Paul's Presbyterian Church. He was twice married, the first wife being Miss Beverly, daughter of the late Mr. Francis Beverly of this city, by Mr. Gabriel Burtt a well known res to get into communication with Mr. France and made close connection thence to Canada. SIR WILFRID REFERS TO SEVERAL MATTERS OF GREAT IMPORTANCE

Says Free Trade as They Have it in Britain is the Goal to Which Canada Should Aspire---But it Cannot be Reached in One Step.

FAVORS RECIPROCITY

ON REASONABLE TERMS

Replies to Eastern Critics who Complain that Government is Promising too Much for

Melville, Sask., July 22-Frankly and fully, Sir Wilfrid Laurier, speaking after his day's rest, at a great meeting in the skating rink here this afternoon, dealt with the extensive programme of protests and requirements urged upon the government by two large deputations which waited ipon him prior to the meeting.

The grain growers of the district who presented their case first, urged government ownership of terminal ele vators, unrestricted reciprocity with the United States, and free trade with

The Bangor Liberal Association in a subsequent conference, urged upon the premier a radical propaganda. They asked free trade as in England government operation of the Hudson Bay railway, taxation of unearned in crement on land, limitation to five per cent. on bank interest on liens prohibition of chattel mortgages as the result of usurious operations of manufacturers' agents and others.

PREMIER'S REPLY

Sir Wilfrid assured the grain growers that, regarding terminal elevators their "demands shall receive immedate investigation" and that legislation dealing with the problem would be brought down at the next session, opening in November. The matter of government operation would be considered and the premier intimated that the legislation of Minnesota state might be followed.

As to the tariff, he would convey the memorial to Hor. Mr. Fielding. 'I hope that the tendency of new revision will be downward" declared Sir Wilfrid amid applause, "and not upward. I have been fourteen years in office, but my views in this matter have never changed. Following the mother land, we should place the free trade goal before us, but we cannot reach it in one step. So long as the United States maintains its present tariff policy we must be cautious how we proceed.'

As to reciprocity with the United States the premier said: "I am in favor of reciprocity if the United States gives us a fair deal. At ro time have our relations been so cordial and friendly as at present, but human nature-and the United States has much human nature-prompts a man to respect the man who respects himself."(Cheers)

Sir Wilfrid defended the naval policy as a patriotic sound business step in the progress of nation building,

He declared the bridge over the Sas Hudson Bay railroad "work which
