THE COST OF LIVING IN CANADA

Ottawa, April 7.—Robert Luce, and Edward F. McSweeney, members of the Massachusetts commission which is investigating the high cost of living with particular relation to the tariff problem, were in Ottawa today gathering facts and figures from the labor department and other sources at the Canadian capital bearing on the subject of their enquiry.

They have spent the last two days in Windsor and Toronto investigating Canadian prices, for various commodities, entering into the cost of living, as compared with prices charged for the same commodities across the line. This afternoon they left for Montreal, where they make a similar investigation.

Another member of the commission has gone to St. John (N.B.), on the same mission. The Canadian tariff on food stuffs and on most of the household commodities, in general, is considerably lower than the American tariff, and on the whole the average price for food stuffs are claimed to be lower on this side of the boundary line.

The facts bearing on the whole problem from the Canadian end of the investigation will be incorporated in the report of the commission, which will be made shortly.

SOVEREIGN BANK FAILURE

Toronto, April 7.—The Sovereign Bank of Canada now owes twelve other banks which came to its assistance on Jan. 18, 1909, about \$4,000,000, according to the statement of F. G. Jemmett, general manager, made in court before Chancellor Boyd. The assisting banks loaned it between \$8,000,000 and \$9,000,000.

He said Mr. Stavert hopes to have a surplus of \$1,000,000 over all the liabilities, although at present he cannot show anything but a deficit. The loan of \$48,000 to D. M. Stewart general manager of the Sovereign Bank, by the Trust & Guarantee Company, to assist the bank in its difficulties, was explained today.

MAY REVIVE SOVEREIGN BANK

Toronto, April 6.—In the hearing of the Sovereign Bank case today Chancellor Boyd asked what was the situation of the bank. Wallace Nesbit, K.C., said the bank might be revived in the future, as certain assets might turn out to be worth \$3,000,000 or \$4,000,000. Former President Amelius Jarvis also expressed the hope that the bank might yet go on.

G. T. PACIFIC SHOPS TO EMPLOY 5,000 MEN

Montreal, April 7.—It is officially announced that the big shops of the Grand Trunk Pacific at Winnipeg are rapidly taking the form of finished buildings. The roundhouse is already roofed in and more than one-half of the five thousand tons of steel used in the construction of the shops has been riveted into place. There will be thirteen separate buildings, eight departments. Eight buildings of steel construction and five buildings of reinforced concrete. The shops and grounds will cover 300 acres and there will be seventeen acres of floor space in the thirteen buildings. The main building alone will be 180 feet wide, 880 feet long and 47 feet high. These shops will employ about 2,500 men to begin with, which force will be increased to 5,000 as business justifies. The work is expected to be completed by the end of the year.

NUDE STATUARY TABOO

Atlantic City, April 7.—Mayor Stoy is to be made the censor of all sand statues built on the sand by the enterprising "sand artists" under the new city law taking over control of the strand. Every sort of nude statue is barred under the measure, and even partially draped Venuses and Cupids must pass the mayor's keen artistic eye before they can be left as attractions to the visitors. It is proposed that the sand artists shall model miniature statues to be shown to Mayor Stoy before he issues permits for the modellers.

The new law also bars Salvation Army drums and horns from the strand except during certain hours prescribed by the mayor. This measure is in answer to hotel guests, who complained that their Sunday morning beauty sleep was disturbed by the racket of the parades along the beach.

PAID \$700 FOR THAW'S DOG WHIP

New York, April 7.—It cost Clifford W. Hartridge, attorney for Harry K. Thaw in his first trial for killing Stanford White, more than \$700 to recover a dog whip with which it is alleged Thaw beat various girls, so the lawyer testified today in his suit against Thaw's mother for \$92,000 for his services. The money, he said, was given to a woman who had possession of the whip. The suit was not concluded.

KILLED BECAUSE SHE WOULD NOT ELOPE

Pittsburg, April 7.—Chased through the rooms of a boarding house in Wilkinsburg, a Pittsburg suburb by her maddened admirer, Mrs. Margaret Ryan, a widow, whose parents are said to reside in Chicago was probably fatally shot by Edward Walsh assistant superintendent of the John Hancock Life Insurance Company. Ryan then shot himself dead.

Mrs. Ryan is in the Columbia Hospital, while her thirteen-year-old daughter who resides with her grandparents in Chicago is on her way here, hoping to reach her before she dies.

Walsh has a family in Peabody, Mass. One son, Ed. C. Walsh, lives in Beverley Mass., and another John B. Walsh, lives in Baltimore.

Both Walsh and Mrs. Ryan had been inmates of the Wilkinsburg boarding house for some months and they were much together. It is said that Walsh's insistence on an elopement and the widow's refusal precipitated the tragedy.

Mrs. Ryan came to Pittsburg last October and Walsh in September.

NOTHING BUT SOUP

Moncton, April 7.—Soup, water, tea and buttermilk were all that Provincial Constables John W. Colpitts and Jeremiah McArthur had to drink in the Riverside hotel within the past month. They were summoned as witness in a Scott Act case against the hotel and the case was brought up yesterday morning in the police court before Magistrate Kay. Constable Colpitts was the first witness sworn and gave evidence to the effect that he had had nothing other than water tea and buttermilk in the hotel.

"What did you have to drink there Constable McArthur?" enquired Chief of Police Rideout.

"Soup" was the laconic reply.

The case was dismissed.

O. S. Legree was charged with Scott Act violation. There was no evidence, and the case was dismissed also.
