YOUNG BOY FATALLY SHOT

Sad Accident Reported From Charlotte-town Prince Edward Island

Found Loaded Revolver and Resisted His Mother's Efforts to Take it From Him.

Charlottetown, Oct. 27.—(Special.)—Daniel McGuire, aged twelve, was accidentally shot this morning. His recovery is not expected. The boy found a revolver in a bureau drawer at his home and took it out to show to his little cousin. His mother attempted to take it away from him. The boy resisted, and the weapon was discharged, the bullet striking young McGuire in the head.

YOUNG CANADA IS PROUD OF THE NAVY

Toronto, Oct. 27.—"Political storm signals are up in Quebec," says The Globe in an editorial this morning on the coming election in Drummond-Arthabaska, "and experience has shown that Quebec's gates of passion though short in duration, are apt to prove dangerous while they last."

After quoting from L'Evenement that Sir Wilfrid Laurier "has betrayed us," but that the mass of the people remain faithful to the principle of autonomy and hostile to imperialism, and from a speech of a supporter of Mr. Bourassa at St. Anselme, who said: "The navy is a conspiracy of the English to down the French," the article continues:

"That sort of game might have been played with success twenty years ago but today there is growing up all over the Dominion of Canada a generation of young Canadian nationalists who are proud to see Canada's flag flying over her own ships of defence. An overwhelming defeat of Monk and Bourassa in Drummond-Arthabaska will clear the air and place the navy issue among the lost causes of Conservatism."

TORIES ABANDON FIELD.

Drummondville, Oct. 27.—The contest in Drummond and Arthabaska is waxing warm, as the day for official nominations will be on Thursday. The peculiar interest of the campaign is that the Conservatives have apparently abandoned the field and left it entirely to the Nationalists to fight the battle with the Liberal candidate, taking the naval policy entirely as the ground of warfare. It was assisted yesterday by Mr. Moisan, secretary-treasurer of the Liberal Organization, that they expected a majority of between 1,000 and 1,500 for Mr. Perrault.

"JACK THE RIPPER" IN CINCINNATI

Cincinnati, Ohio, Oct. 27.—That a fiend actuated by the same motives as London's "Jack the Ripper," is responsible for the death of five women of this city, is the theory of the police today. The latest victim is Mrs. Harry W. Hackney, whose body was found last night within a stone's throw of the place where Miss Anna Lloyd was murdered last New Year's eve.

Mrs. Hackney was found murdered in her home on Canal Bridge, Cumminsville. Her throat was cut from ear to ear, her skull crushed and her body badly bruised. Nearby there lay an axe, with which the murder had been done.

The discovery was made by her husband and a boarder, Charles Ekart, who were returning from their day's work. The husband and Ekart were taken in charge by the police and are being held, pending an investigation.

In many ways the crime resembled that committed on Miss Anna Lloyd Miss Lucia Mueller, Miss Alma Steingewig and Miss Mary McDonald, all of whom were killed within a few blocks of last night's crime.

Mr. and Mrs. T. C. Burpee, of Moncton, are guests at the Queen. Mrs. C. M. Hall, of McGivney, is a guest at the Queen today.

RIDDLED WITH BULLETS

Swift Justice Overtakes Murderers at Fort Myers, Florida

Run to Earth by a Posse They Made a Desperate Fight Before Being Shot.

Fort Myers, Fla., Oct. 27.—E. J. Watson, a well known farmer, and Lea Cox, an escaped convict, under life sentence for murder, were riddled with bullets last night by a posse, which went to Chatham Bend Sunday to capture the slayers of Miss Ellen Smith, Walter and Dutch Reynolds. The three were killed ten days ago. Watson reported the killing of the three persons at Fort Myers last Saturday. He claimed that he had captured Cox and produced the latter's gun as evidence. He was asked to produce the man and to find him a posse accompanied Watson to Chatham Bend. Arriving there Watson joined Cox and made a desperate resistance before both were riddled with bullets.

The triple murder was committed by Cox and a negro now in jail here. The negro confessed, describing how the bodies had been cut open and weighted so that when thrown into water they would sink. He declared that the murder was done at the instance of Watson, who owed the three victims money.

Miss Smith, one of the victims, was a unique character, being of masculine proportions and living by herself on the edge of Everglades. She hunted and trapped and was called "Big Squaw" by the Indians.

NINETY-TWO PLAYERS FOR ALL-STAR LEAGUE

Chicago, Oct. 27.—Daniel Fletcher of Cincinnati, who came to Chicago yesterday exhibited two signed contracts as a nucleus of the third major baseball league.

"I have ninety-two players signed for the New All-Star League," said Fletcher, "and will be in a position in the future to give the players assurance of sufficient money to carry the proposition to a successful issue. Ever since the project was set in motion I have been the subject of attacks from baseball magnates in all parts of the country but I want to state right here that the third league will be a reality and will be thrown open in the spring."

For the present Fletcher is remaining silent as regards his plans for locating a park in Chicago. He proposed to take over a piece of ground adapted to playing and erect a new plant during the winter. In addition to Chicago he says, there will be parks in New York, Pittsburgh, Boston, Cincinnati, Cleveland, Washington and either Kansas City or St. Louis.

"We already have plans under way for a big banquet next Monday night for the aviators who are competing at Belmont Park and if Messrs. Hawley and Post are able to reach New York by that time, they will be the guests of honor and the heroes of the occasion."

NEW YORK COP ENDS HIS LIFE WITH A BULLET

New York, Oct. 27.—About to be tried on the charge of being absent from his post, Policeman Thomas Kelly committed suicide today by shooting himself through the head. Kelly's alleged part in an assault on Sebastiano Basso in the Bronx more than a year ago from the effects of which Basso died, was the subject of an investigation ordered by Mayor Gaynor early this year. With two other men, Kelly was indicted but was discharged, the jury disagreeing on two trials of the case.

Since the indictments were dismissed, Kelly had acted strangely and several charges were preferred against him on the last of which he was to be tried today. He was 31 years old and had been a policeman since March, 1907.

AVIATORS FRIGHTENED BY A STRONG WIND

Belmont Park, New York Oct. 27.—When the starting gun was fired for the elimination race for the Gordon Bennett Cup contest, the big International Prize of the International Aviation Meet here, none of the aviators cared to go aloft as the wind was too strong.

The aviation committee today issued a bulletin stating that it had revoked its former rule regarding the liberty statute flight which provided that aviators must qualify by an hours flight at this meet for this event. The new ruling allowed any aviator to make the flight. Claude Graham-White made a formal protest saying that he had risked his machine to qualify and thought it fair that those who had not qualified should be allowed to go in the contest.

LONDON NEWS FINED \$1000 FOR CONTEMPT

London, Oct. 27.—The high court today fined The Evening News \$1,000 for contempt of court in allowing to be published the story of a conference between Richard Muir, the prosecuting counsel, and the quartermaster of the Str. Montrose, during which the ship's officer revealed a plan that he and Dr. Crippen had made to bring about the latter's escape from the vessel when he was being pursued by the British authorities. The court held that the publication of the story was circulated to prejudice the case of Crippen when the latter was brought to trial for the murder of his wife.

EXPRESS STRIKE IS SERIOUS

Employees of Three Big Companies Are Out in New Jersey

Business Has Become Congested and Authorities Have Difficulty in Preserving Order.

New York, Oct. 27.—Express strike troubles on the New Jersey side of the Hudson River multiplied today. Besides the drivers and helpers of the Wells Fargo Express Company, who went out yesterday, in sympathy with the striking employees of the United States Express Company in Jersey City and Hoboken, the helpers on the Adams Express Company pier in Jersey City, went out on strike this morning. They number several hundred. The combined strike of men of the three companies has caused serious congestion of express company matter that has to be handled on the New Jersey shore front, and little movement of the merchandise was visible about many of the piers today. Disorders have been frequent and strong measures have to be taken by the police to preserve order. There was no disturbance attending the walkout of the Adams men this morning, but the situation about the piers was tense and the possibility of trouble that might assume a serious phase at any time was admitted. The companies have asked Governor Port to allow the militia to preserve order, but the Jersey police declare they require no assistance.

New York, Oct. 27.—The express strike took firmer hold on the New York side of the river today, when the helpers of the Adams Express Company at the Grand Central Station went out and at about the same time the helpers employed in the west side depot struck. It was stated that 200 men were out at the Grand Central station and 75 at the west side station. The service was completely stopped up at these two depots and scores of automobiles and horse-drawn wagons stood idle in front of the buildings. The men are striking for ten hours a day, no "doubling up" or night trips and no handling of bundles before the time they are to report for work.

THE PONTIFF MUCH PLEASED

Receives Report From Papal Legate on Eucharistic Congress

The Catholic Church Occupies a Strong Position in American Life Says Vanutelli.

Rome, Oct. 27.—The pope gave a private audience to Cardinal Vincenzo Vanutelli, who has recently returned from his mission as the papal legate to the Eucharistic Congress at Montreal. Cardinal Vanutelli described the congress as a notable success, and he also dwelt with enthusiasm upon the impressions he received on his subsequent visit to New York City, where he was present at the consecration of St. Patrick's Cathedral and other cities of Canada and the United States. He admired the astonishing growth of these countries, which he said, foretold a magnificent future. He added that the Catholic Church at the present time occupied a prominent position in American life. The Catholics being at once staunch patriotic citizens and zealous churchmen and so constituted a strong barrier against subversive element.

The pontiff was much pleased at the recital of the legates' visit in America and His Holiness said he followed it with interest.

Cardinal Vanutelli admits that he denies that he expressed an opinion saw John Redmond at Buffalo, but regarding home rule for Ireland.

CONSERVATION OF CANADA'S RESOURCES

Brockville, Ont. Oct. 27.—Before the Canadian Club, Hon. Clifford Sifton delivered an able address on conservation of Canada's national resources. It was important to remember, he pointed out that Canada was entering upon a new era in the history of her existence. Her vast and valuable natural resources had attracted the attention of the world. Men and money were flowing in rapidly and obviously it was wise to take steps to protect these rich tempting natural resources from monopoly and preserve them for the people and for posterity. It was this sentiment which impelled thoughtful Canadians to form a sympathetic scheme to preserve the natural resources of the land and hence the Conservation Commission had been called into existence. Mr. Sifton went on to say that the commission, of which he was chairman, had taken up the matter of public health and sanitation. Mr. Sifton was tendered an enthusiastic reception by the members of the club who turned out in large numbers. It was the occasion of the first annual meeting when the election of officers and other business was transacted.
