New York, Nov. 4.—Wall Street, Noon.—The further rise in stocks was ascribed to the belief that the coming elections would not have any unsettling influences in financial markets. The three usual speculative favorites, United States Steel, Read-

BOXING NOTES

Abe Attell and Pal Moore have been signed to box in New York on Nov. 22.

Teddy Murphy has been matched to box Young McHenry at Portland, Me., next Wednesday night.

Sailor Burke went to Stratford, Conn., Monday to train for his bout with Frank Klaus at the Armory A. A. next Tuesday night. Tom O'Rourke who is now managing Burke, figures that if the sailor wins he will be in line for the middleweight championship.—Boston Globe.

The referee question is again being

agitated by the members of the Armory A. A. and there is talk of Charles White of New York being chosen to fill the position. There are plenty of men in Boston who can referee as well as White, and if a club has to go outside to get an official, then it ought to close up. If a Boston man should happen not to satisfy, why should not the club keep on trying till it gets a local man that can give satisfaction? Who ever heard of a Boston man getting a chance to referee in New York? There would be a riot if any club in that city suggested a Boston man for the position.—Boston Globe.

Baseball
FootballPROPOSAL TO LIMIT
HOCKEY SALARIES
CAUSES PROTEST

Big Team Stars Say They Will Not Stand For it—May Form Outlaw League.

Montreal, November, 7.—The proposed salary limit in hockey is bound to create trouble apparently, and the most celebrated hockey players of the world are already up in arms against it.

They consider that it will be the source of all sorts of abuses. That the real stars of the hockey world will not allow their income to be cut down, and that if they accept the reduced salaries proposed they will simply make a pretense.

They do not hesitate to openly admit that they will get the money somehow.

ERNIE RUSSELL SPEAKS.

Ernie Russell, when asked what he thought of the idea, said:

"It is ridiculous, and the real good players will never stand for it. When a man plays the fast and dangerous game we do, and is able to draw the thousands that we draw, he will have to be well paid for it, or they will have to do with the players who will not be able to draw the crowd."

RILEY HERN'S VIEW.

Riley Hern, just returned from a holiday trip in the United States, when seen at his St. Catherine Street store, said:

"They are foolish and the measure, if carried, will cause all sorts of abuses thus far unknown. Men will pretend to accept the small salaries offered and the clubs will pretend to pay them and then give one another the double cross, and some private person interested in the fortunes of the club will present the players with a sum of money as great again as the proposed salary, the money presumably being a token of his personal esteem, but really coming out of the club's exchequer."

"Hockey players who attract thousands are worth a certain salary, and they will have to get it some way or another, or they won't play."

WHAT OTHERS SAY.

Ottawa, Nov. 3.—That the attempt to curb the salaries of the National League hockey stars, by putting a specified limit upon the weekly stipends of the men, would cause an eruption in Canadian sporting circles, was the opinion of Percy Lesueur, the well known Ottawa goal tender, who leaves the middle of this month to coach the Columbia hockey seven. The possibility of an Outlaw League being formed and signing up all the cracks who refused to play for the smaller offers of the National League clubs, was mentioned, and if the thing comes to a head, the Ottawa net guardian was of the opinion that the lowering of the salaries would mean the death of hockey as a national sport.

"I don't think that the players as a whole would, for a minute, stand for the lowering of their salaries, and it is inconceivable that a hockey star who drew \$1,500 last season would stand for a reduction to \$400 or \$500 to play this winter. The suggestion to put a limit of \$4,000 upon the clubs would never work out, and there is not a doubt but that the players would band together and organize another league."

"I am heartily in favor of the salary limit within reason, and would suggest that the National League put a clause in the constitution that will prevent clubs from paying out more than \$7,000 for men during the season. That, to my mind, would give every man or regular, about \$1,000 for his year's work, while the introduction of transfer or sale clauses would also help along the exchange of players, which, though permissible now, is carried through by mutual agreement."

Mr. Lesueur, in outlining the outlaw league plan, stated that he considered the drawing attraction of some of the stars in his estimation, Fred Taylor, the Patrick brothers, Bruce Stuart, Ernie Russell, Pud Glass, Art Ross and several of the higher priced men, were names that draw a crowd in themselves, and he thought that the men ought to be paid according to their worth. He did not think that the National League could secure an agreement with any of the big rinks to bar the outlaw teams from playing on indoor rinks, but on the contrary, stated that the owners of the bigger structures would seriously feel the effects of the barring of the stars, and that the latter would easily secure accommodation.

Bruce Stuart, Dubbie Kerr, Marty Walsh, Fred Lake and the renowned Cyclone Taylor, did not go into details over the proposed salary limit, but from private sources it is glean-

SPORT

ACADIA FOOTBALL
TEAM DUE HERE
THIS EVENING

U. N. B. Team to be Chosen Today—Squad Had Work Out Yesterday—Cripples Absent.

The Acadia football team is due to reach Fredericton this evening. The team will rest here tomorrow, preparatory to meeting U. N. B. at College Field Monday. The Garnet and Blue comes feeling fairly confident but not under-rating U. N. B. on account of the trimming it received at Sackville Wednesday.

A Wolfville despatch says: "Despite the fact that U. N. B. went down to such a decisive defeat before Mount Allison, the Acadians are not looking forward to an easy game: Mount Allison might play U. N. B. a thousand times and never administer such an overwhelming defeat again, and besides the U. N. B. men always play much better on their own campus than when away from home."

"The Garnet and Blue players are in excellent condition, and are capable of putting up a hard struggle at Fredericton. The personnel of the team is not yet known, but the fifteen will be chosen from the following men: Reid, Porter, Kasier, Andrews, Richmond, MacDonald, Pattillo, Goss, Webber, Black, Spencer, Fitch, Morrison, Robinson, Spurr, Brooks and Pineo. Morrison, a freshman from Woodstock, made a fine showing in practice Thursday."

U. N. B. PRACTICE

The U. N. B. squad had a pretty fast work-out at College Field yesterday. Some of the regulars were not playing. McGibbon, Howe, Jennings, Machum and Alexander, being among the number. Machum is the only one, however, who will not be able to play Monday. Kuhring was out yesterday and played a very snappy game at quarter.

TEAM CHOSEN TODAY

The fifteen men who will play against Acadia Monday will be chosen today. There was a meeting of the football council last night, but it was thought better to wait until after today's practice before closing the team.

Buckley of Mt. Allison is the choice for referee.

CHARLES O'BRIEN, OF NANTUCKET, CONWAY HALL'S NEW FOOTBALL COACH.

WOLGAST WILLING TO MEET NELSON

Ad Wolgast, lightweight champion through his manager, Tom Jones, has announced that he will be ready to give Battling Nelson the promised return match, probably as early as Feb. 1. By that date Wolgast believes that his arm, which was broken in his recent fight at Fond du Lac, will have completely healed.

The trouble with Wolgast's left arm, his chief reliance, was that the original break had not quite healed and was susceptible. An X-ray photograph shows the new break to be considerably longer than the first.

"I have assured Nelson," said Manager Jones, "that he needn't worry for a minute about getting another crack as Ad Wolgast would rather box Nelson than any other fighter in the world."

"To begin with, he knows that he can whip the Battler, having gone so twice. And again, there is nobody in the world with which he could draw quite so much money; I think these are sane reasons for assurance."

There has been a persistent rumor

ed that the above hockeyists would never stand for a \$400 salary. Taylor got many and many times this amount last winter, and the Listowel merchant is looking for a bigger bunch of the coin the coming season.

Turf
AthleticsHAMILTON TIGERS
AND MONTREAL IN
BIG GAME TODAY

Struggle Will be Event of Upper Canadian Football Season—Ottawa Sports Confident.

Hamilton, Ont., Nov. 4.—The game here between Montreal and Hamilton tomorrow is looked upon as the event of the football season and the teams will fight it out before an enormous crowd. It is known that Montreal will put up a tremendous fight as it is their last chance of getting within reach of the championship of the Inter-Provincial series and possibly the dominion championship. The Tigers will put their strongest fourteen into the game. They can play George Smith if they want to as his strained knee will be all right but in all probability they will rest him up and use Kid Smith, who is now recovered from his injuries at Ottawa. Kid Smith is a sure man at drop kicking, something that Ben Simpson cannot do, and his value in a game like last Saturday is obvious. Brainer will again make his appearance on the wing line and will replace either McFarlane, Barron or Marshall.

A full practice was held last evening and the men devoted almost all their time to holding the intermediate wings and protecting the backs. It looks from this as if the same kind of game as was played last Saturday will be introduced next Saturday.

HOLMER AND QUEAL
WON WITH CANADIAN
TEAM GOOD SECOND

New York, Nov. 4.—The American team of Hans Holmer and William Queal won the 20 miles international foot race tonight in Madison Square Garden in the world's record time of 1 hour 29 minutes, 27 seconds, 4 minutes 23 4-5 seconds better than the previous mark. The Canadian team of Fred Meadows and Abbie Wood was second and the Swedish team of Gus Ljungstrom and John Evanberg was third.

HOOF BEATS

The weablings by Aquilan have recently been sold for export to Denmark. One is out of Royal Dream, by Royal Walter, and the other is out of Royal Tip, by The Dreamer.

Daybreak, by Tenrose, reduced his record to 2:08 at North Yakima, Wash, when he beat Zombrot, by Zembro a neck in the second heat of the 2:10 trot. This is the fastest mile ever made by a trotter in the northwest.

Niquee, by Joe Patchen, is showing some of the speed that has always been claimed for her. She was a good second to Haltamont in 2:10½ at North Yakima, and two days later won in 2:18 and 2:13½. She is trained by Dick Wilson.

The handsome little mare, Junie Mace, by Sable Wilkes, has been a good winner for Ed Gillies this fall. Her dam is the chunky, short-legged brown mare, Maud Mace, 2:20½, raced by Bard Palmer a dozen or more years ago. Maud Mace was bred in Wilton, Me., and was an inbred Morgan.

Nancy Bingen, the daughter of Bingen and Princess of Monaco, who took a record of 2:24½ this past season, is the dam of a yearling by William Albert, 2:16½—that C. C. Mayberry considers the best youngster he has ever owned. The granddaughter of Nancy Hanks is in foal to William Albert again.

In his campaign of 1910 The Abbe in winning 11 straight races, took the word in 32 heats, of which he won 31, the fastest in 2:04 and the slowest in 2:12, the average time of the 31 being 2:07½. The one heat which he lost was won by Evelyn W., 2:02½, who beat him a short head in the opener in the C. of C. at Detroit in 2:05½.

OTTAWA DROPPED \$4000

Ottawa, Nov. 4.—Hoping to get back what they dropped in Toronto last Saturday, a bunch of Ottawa sports will get up a pool to place on the Ottawa team to beat the Argonauts here next Saturday. People from the capital and followers of the team from other parts of the country left close to \$4000 in Toronto last Saturday. If the supporters of the Scullers come here with any money next Saturday they will have no difficulty in getting it up. Ottawa will play the same team as that which stacked up against the Watermen last week.

going the rounds that Wolgast would retire. These, of course, have met with strong denial, but nevertheless, will not down.

STOCK MARKET LETTER

(Continued from page four.)

expenses, which have resulted in the majority of cases, particularly in such well known lines as the New York Central, in reducing the net earnings to less than for the same period of last year. In other words, the railroads are experiencing a considerable difficulty in management, due to the higher rates and the greatly increased expense of operation. While this will undoubtedly be remedied through the lowering cost of commodities and possibly through the application of higher freight rates, it is nevertheless at the present time a very live question and one which is demanding a great deal of attention from railroad experts.

MONTREAL.

In Montreal, the annual meeting of the Street Railway has resulted in a complete overthrow of the original control and this company has passed into the hands of the Canadian Light & Power interests. There has, however, been no indication in the price of Street Railway stock that any event of this kind has taken place, the stock remaining at practically the same figure as before.

The marked rise in the market price for Shawinigan Water & Power Company stocks leads, however, to the belief that the control of the Street Railway is not the only advantage which the Light & Power Company are seeking and rumors are afloat that their policy includes control of all the light and power interests operating in the City of Montreal.

COBALTS.

Reports continue good from Cobalt Mines, though there is little activity appearing in the stocks. It would seem that these mining stocks are gradually being placed on an investment basis and that for some time to come while there will be no marked activity the best mines can be regarded as satisfactory purchases from an investment standpoint so far as a mine can be considered a good investment.

COTTON.

The highly excited market in cotton futures still continue. The only apparent change being that, while at the beginning of October the crop was generally estimated at below ten million bales, the estimates are now running all the way from eleven million to twelve and a half million bales.

A killing frost has been reported, which has covered an extended area, and it is now thought that the growth of this season's crop has ended. It should, therefore, be possible before long to obtain estimates of the actual result which will be nearly correct.

Rumors are afloat that the bull interests are in control of the December option and intend to enforce deliveries of the actual cotton. Whether this is so or not is impossible to say. There will certainly be a full month's development in this commodity before such a contingency can mature. In the meantime, future prices will depend entirely on the actual net results of the crop.

The telegraph will reach your man quickly. If you are sure just where he is the telephone will do it quicker. But if it is good help you want and do not know just where to find it, our Want Ads. are quicker than either.

Mother (in a very low voice)—"Tommy, your grandfather is very sick. Can't you say something nice to cheer him up a bit?" Tommy (in an earnest voice)—"Grandfather, wouldn't you like to have soldiers at your funeral?"
According to the Crofters Opmission Report there are 109 deer forests in Scotland, with a total area of 2,000,000 acres. The yield of stags from these forests has been set down at 4,500 each season, and the rental at about £135,000.
